that Official Congressional Directory United States. Congress, 1963-03 Dangerous Occupation Doris Holland, 2010-12-29 Leroy Lydia's self-centered domineering husband is found dead across the room from the unconscious Lydia. Quiet soft speaking mild mannered Lydia is later charged with his murder. She was raised by a great aunt in the small town of Windfield. However, she found it more and more difficult to continue her career after marrying Leroy, a farmer.

Billionaire Breakfast Club Box Set Lisa Hughey, 2021-12-20 His Semi-Charmed Life: They each have a goal. From Princess to Pauper. Her life wasn't the fairy tale Penelope Hastings expected as a young debutante. Camp Firefly Falls is home to her most treasured memories and the place where she got a wake-up call from a counselor about how lucky she was. The lady farmer and entrepreneur had one weekend to sell her urban garden concept to two CEOs. What better place to launch her philanthropy than where her dreams began? From Rags to Riches. CEO Diego Ramos never wanted to see Camp Firefly Falls again. He'd hated his summer as a teenage camp counselor, highlighted by one regrettable moment when he'd clashed with an entitled camper. The encounter had a profound impact and changed the trajectory of his future. Now he's back for a corporate retreat and ready to clinch a merger that will culminate years of hard work and perseverance and make his dreams come true. The problem is they can't both succeed. Twenty years later, Penny and Diego are reunited. Their unexpected attraction complicates everything and offers a second chance at happiness. One man stands in their way and holds the power to make or break their dreams. Who wins and who loses? Everything He Wants: To help them both, their friends set up an interview. It was supposed to be simple. Former professional football player D. Andre Smith has it all: Fame, Money, Women. On the outside, his life looks perfect. He's about to launch a new business venture, but he's got a secret that could destroy everything. He has no intention of revealing it, and being alone is easier than confessing his deepest, darkest shame. But the first time they meet, he's flattened by a powerful attraction. Took a hit to the head that leaves him dazed and in serious lust. The last woman he should get involved with is a reporter. The first time he saw her, he wanted her and damn the consequences. And then he meets her. Heiress Elise Putnam's life is a mess. She is searching for purpose after nursing her critically ill mother for years. In some Victorian move, her father has decided that she needs to get married and carry on the Putnam line. When she's granted an interview with the ungettable D. Andre, she vows to dig for an explosive story to prove her investigative chops and gain some independence from her domineering father. The last thing she should do is get involved with the subject of her big interview. But wow, their attraction is potent and magnetic. She uncovers D's secret, and her heart aches for him. She can't write the article. The scandal would be the least of his problems, and she refuses to hurt him. But she's got a secret of her own. Sometimes losing it all is the only way to have it all. If flirty banter, challenging competition, heartfelt falling in love with the person who is all wrong but feels so completely right, along with a healthy dose of a guy who loves his mama are your jam, then Everything He Wants is for you.

Her Country Billionaires Harper West, These Country Boys are gonna remind this Ex Cowgirl how fun it is to go hog wild My granddaddy sure has a crazy sense of humor Why Because after his recent passing he's chosen me to run his dairy farm Yes me His chic Gucci wearing New York City living granddaughter who abandoned that life at just 17 years old So now I'm the proud owner of small dairy farm in Wisconsin at least for the next two weeks That's one of the rules laid out by my grandpa and I can't sell until they're done I expect to be up at dawn knee deep in cow manure and surrounded by flies And I expect to hate every minute of it But then I catch sight of them My incredibly hot neighbors Carter and Jack who always seem to be baling hay with their shirts off I should stay away especially since I technically have a boyfriend even if he's nothing but a major jerk to me But sometimes good girls do bad things The next thing I know I'm embarking on one of the hottest steamiest flings of my life I should be focused on the future and not on how rough Jack gives it to me in the barn Or how Carter's strong hands and thick fingers know exactly where I need them Suddenly I'm becoming a completely different person and it scares me I should just forget them and move on but with every passing day something about this life tugs at my heart and I'm questioning if leaving is the right choice But that's crazy Because no one chooses Wisconsin's farmlands over glamorous New York City right

Uprooted Grace Olmstead, 2021-03-16 A superior exploration of the consequences of the hollowing out of our agricultural heartlands Kirkus Reviews In the tradition of Wendell Berry a young writer wrestles with what we owe the places we've left behind In the tiny farm town of Emmett Idaho there are two kinds of people those who leave and those who stay Those who leave go in search

of greener pastures better jobs and college Those who stay are left to contend with thinning communities punishing government farm policy and environmental decay Grace Olmstead now a journalist in Washington DC is one who left and in *Uprooted* she examines the heartbreaking consequences of uprooting for Emmett and for the greater heartland America Part memoir part journalistic investigation *Uprooted* wrestles with the questions of what we owe the places we come from and what we are willing to sacrifice for profit and progress As part of her own quest to decide whether or not to return to her roots Olmstead revisits the stories of those who like her great grandparents and grandparents made Emmett a strong community and her childhood idyllic She looks at the stark realities of farming life today identifying the government policies and big agriculture practices that make it almost impossible for such towns to survive And she explores the ranks of Emmett s newcomers and what growth means for the area s farming tradition Avoiding both sentimental devotion to the past and blind faith in progress Olmstead uncovers ways modern life attacks all of our roots both metaphorical and literal She brings readers face to face with the damage and brain drain left in the wake of our pursuit of self improvement economic opportunity and so called growth Ultimately she comes to an uneasy conclusion for herself one can cultivate habits and practices that promote rootedness wherever one may be but some things once lost cannot be recovered **Bleeding**

Better Crops , 1927 **Radiance of the Ordinary** Tara Couture, 2025-09-02 From the author of the popular *Slowdown* *Farmstead Substack* a raw poignant collection of essays about cultivating authenticity in this age of great pretend When she was young Tara Couture had a deep fear of death In her twenties determined to manifest her long time dream of owning a farm she worked alongside a cattleman whose perspectives on life and death would come to transform her own When she found herself in the passenger seat of the cattleman s truck out on the Alberta prairie in search of the bison herd from which they would harvest an animal she could hardly believe this was the life she was living But even more surprising was the realization the experience awakened in her that life and death are inextricably connected When we shield ourselves from death or from any of the hard things in life we close ourselves off to the beauty and richness of a life fully lived Full of evocative prose that elicits the smells tastes cold winds and sticky summer sweat of Tara s place in the world *Radiance of the Ordinary* elegantly explores the moments both complex and mundane laden with grief and light with wonderment from butchering and birthing cows to motherhood and the tragic loss of her youngest daughter Throughout the reader is reminded

that the work we choose to engage with the way we make our homes the food we put into our bodies the relationships we nurture and the attention we pay to the ordinary moments this is what matters Taken together these essays provide an unforgettable meditation on what it means to be alive in the twenty first century *Better Crops with Plant Food* ,1926
