Christ, 1998-10-15 First published in 1999 One of the most unexpected developments of the late twentieth century is the rebirth of the religion of the Goddess in western cultures Though we were taught that the Gods and Goddesses died with the triumph of Christianity the re emergence of the Goddess is not as surprising as it might seem This book explores the meaning of the Goddess and the questions we ask as well as the ways we answer them The Return of the Gods Jonathan Cahn, 2022-09-06 NEW YORK TIMES Best Selling Author From the author that brought you 6 New York Times best selling books including The Harbinger The Book of Mysteries The Oracle and The Harbinger II Is it possible that behind what is taking place in America and the world lies a mystery that goes back to the gods of the ancient world and that they now have returned The Return of the Gods is the most explosive book Jonathan Cahn has ever written It is so explosive and so revealing that no description here could do it justice Jonathan Cahn is known for revealing the stunning mysteries many from ancient times that lie behind and are playing out in the events of our times But with The Return of the Gods Cahn takes this to an entirely new level and dimension The Return of the Gods Cahn takes the reader on a journey from an ancient parable the ancient inscriptions in Sumer Assyria and Babylonia that become the puzzle pieces behind what is taking place in our world to this day specifically in America Is it possible that what we in the modern world take as nothing more than ancient mythology could actually possess a reality beyond our fathoming Who is the Possessor The Enchanter The Destroyer And the Sorceress Could a sign that has appeared all over America and the world be linked to the gods of Mesopotamia And if so what does it actually mean Could the gods have returned to New York City and an ancient mythology played out on the streets in real time Is it possible that the gods lie behind everything from what appears on our computer monitors our televisions and movie screens to the lessons given in our classrooms to the breakdown of the family to wokism to the occult to our addictions to the Supreme Court to cancel culture to children s cartoons to every force and factor that has transformed the parameters of gender to that which appears in our stores on our T shirts and on our coffee mugs to that which is at this

very moment transforming America and much of the world Is it possible that behind all these things are ancient mysteries that go back to the Middle East and ancient Mesopotamia This and so much more most of which we can t even reveal in this description will be uncovered The Return of the Gods is not only one of the most explosive books you ll ever read but also one of the most profound It will reveal the most stunning secrets and truths behind what is happening before your eyes in America and the nations You will see things even in your world in a whole new light With such chapters as The House of Spirits The Avatar The Masters The Deep Magic and The Day of the Goddess The Return of the Gods will take readers on a fascinating unforgettable and mind blowing journey that will leave them stunned and with the ability to see the world as they never have before Be prepared to be blown away as you open up Jonathan Cahn s most explosive book ever The Return of the Gods

Stories of the Goddess Marit Clementz,Ingvid Forbord,2024-05-14 The well known archaeologist Marija Gimbutas found through her excavations and research in Europe from prehistoric times that there have been societies that lived in peace for millennia and where the highest deity was feminine Gimbutas believed women played a central role in the religions and society of what she called ancient Europe In societies where the goddess was the supreme deity life was celebrated not death and men and women were equal People lived in harmony with nature and built their cities on fertile plains The knowledge of a possible peaceful society where the goddess ruled and where the union between man and woman was sacred

**The Return of Astraea** Frederick A. de Armas, 2021-03-17 In classical mythology Astraea the goddess of justice chastity and truth was the last of the immortals to leave Earth with the decline of the ages Her return was to signal the dawn of a new Golden Age This myth not only survived the Christian Middle Ages but also became a commonplace in the Renaissance when courtly poets praised their patrons and princes by claiming that Astraea guided them The literary cult of Astraea persisted in the sixteenth century as writers saw in Elizabeth I of England the imperial Astraea who would lead mankind to peace through universal rule This and other late flowerings of the Astraea myth should not be taken as the final phases of her history Frederick A de Armas documents in this book what may well be the last great rebirth of Astraea one that is probably of greater political religious and literary significance than others previously described by historians and literary critics The Return of Astraea focuses on the seventeenth century Spanish playwright Pedro Calder n de la Barca and analyzes the deity's presence in thirteen of his plays including his masterpiece La Vida es Sueo Her popularity in this period is partially attributed to political motives reflecting the aspirations and fears of the Spanish monarch Philip IV In this broad study grounded on such diverse fields as astrology iconography history mythology and philosophy de Armas explains that Astraea adopts many guises in Calder n's dramas Ranging from the Kabbalah to Platonic thought and from satires on Olivares to cosmogonic myths he analyzes and reinterprets Calder n's theater from a wide range of perspectives centered on the playwright's utilization of the myth of Astraea The book thus represents a new view of Calder n's dramaturgy and also documents the popularity and significance of this astral imperial myth during the Spanish Golden Age

[Greek Myths and Mesopotamia](#) Charles Penglase, 2003-10-04 The Mesopotamian influence on Greek mythology in literary works of the epic

period is considerable yet it is a largely unexplored field In this book Charles Penglase investigates major Mesopotamian and Greek myths His examination concentrates on journey myths A major breakthrough is achieved in the recognition of the extent of Mesopotamian influence and in the understanding of the colourful myths involved The results are of significant interest especially to scholars and students of ancient Greek and Near Eastern religion and mythology **The Goddesses' Mirror** David R. Kinsley,1989-01-01 Discusses the cultural background and meaning of ten goddesses including Aphrodite Isis Athena Durga Laksmi and Sita Goddesses and the Divine Feminine Rosemary Ruether,2006-11-20 The scholarship in this book is superior revealing a depth of insight and a scope of knowledge possible only from a scholar who has lived with the concerns of feminist theology for decades Ruether is a gifted storyteller and lucidly translates complex ideas and debates This work is of the highest importance and Ruether asks the right questions at the right time The text is groundbreaking Nancy Pineda Madrid Saint Mary s College of California Ruether has provided a valuable introduction to an important feminist topic what can we know about sacred female imagery in Western culture She guides us through contemporary feminist scholarship providing engaging narrative and venturing her own interpretations Ruether calls for feminists to move beyond divisions created by our different interpretations of prehistory and work together towards our common project of a more peaceful just and ecological world Carol Hepokoski Meadville Lombard Theological School *The IOS Annual Volume 22: "Telling of Olden Kings"* ,2022-12-28 The IOS Annual volume 22 Telling of Olden Kings brings forth studies devoted to a wide array fields and disciplines of the Middle East The Ancient Near East section is devoted to Neo Babylonian Mesopotamia and the Achaemenid Empire Da Riva and Novotny Levavi Tavernier and Azzoni Zadok The Semitic section includes three articles dealing with contact between various languages of the Semitic language group and between Semitic languages and dialects and other language groups Castagna Cerqueglini Klimiuk and Lipnicka The Arabic section contains two articles two articles about Modern Iraqi and Egyptian Poetry Khoury and the image of Rahav the harlot in early Muslim traditions Yavor *Horror Fiction in the Global South* Ritwick Bhattacharjee,Saikat Ghosh,2021-04-30 Horror Fiction in the Global South Cultures Narratives and Representations believes that the experiences of horror are not just individual but also simultaneously cultural Within this understanding literary productions become rather potent sites for the relation of such experiences both on the individual and the cultural front It s not coincidental then that either William Blatty s *The Exorcist* or Gabriel Garcia Marquez s *One Hundred Years of Solitude* become archetypes of the re presentations of the way horror affects individuals placed inside different cultures Such an affectation though is but a beginning of the ways in which the supernatural interacts with the human and gives rise to horror Considering that almost all aspects of what we now designate as the Global North and its concomitant the Global South political historical social economic cultural and so on function as different paradigms the experiences of horror and their telling in stories become functionally different as well Added to this are the variations that one nation or culture of the east has from another The present anthology of essays in such a scheme of

things seeks to examine and demonstrate these cultural differences embedded in the impact that figures of horror and specters of the night have on the narrative imagination of storytellers from the Global South If horror has an everyday presence in the phenomenal reality that Southern cultures subscribe to it demands alternative phenomenology The anthology allows scholars and connoisseurs of Horror to explore theoretical possibilities that may help address precisely such a need
