Return To Fire Island:

Return to Fire Island Burt Hirschfeld, 1984 The beautiful people journey to Fire Island an East Coast playground for the rich the glamorous the ambitious and the successful a wild pleasure island where the in crowd comes to live out their fantasies **Supreme Court , Records & Briefs New York State Appellate Division , Understanding North Korea** Institute for Unification Education, Ministry of Unification (South Korea), 2015-01-30 The Institute for Unification Education which constitutes the Ministry of Unification of the Republic of Korea has published annual editions of Understanding North Korea since 1972 as an endeavor to promote greater understanding of North Korea for South Korean readers Understanding North Korea depicts the reality faced by the Northern regime in areas of politics diplomacy military economy society culture and many more The May 2012 publication has been translated into English with the aim to help the international community better understand the northern half of the Korean peninsula English translations of the referred editions will be published on an biennial basis We hope that this book enables readers around the world to better grasp the reality of North Korea The regime in North Korea exhibits three characteristics it is a totalitarian dictatorship governed by the sole leadership of the sury ng who stands above the Workers Party of Korea WPK and the state the regime as one of the world s most highly centralized and planned economies has advocated self reliance and the monopoly of all means of production by the state and cooperative organizations and the state uses the concept of Grand Socialist Family which requires absolute obedience of people to the sury ng who is considered the father of a family These traits engendered a peculiar form of social structure unprecedented in any other socialist country As it had to do under Kim Jong il North Korea under Kim Jong un must engage in some degree of reform and opening to improve its economy and ensure the regime s survival Such a path however also brings with it the risk of regime collapse The regime thus faces the difficult task of maintaining stability while at the same time reforming and opening up
