world His name was Enoch seventh in the lineage of Adam and his story was not perpetuated by the pages of kings or by stone temples but by visions and words that passed through the centuries in silence Enoch was not just a man but a seer a man of deep listening capable of capturing the murmurs of the sky and the echoes of the primordial chaos that threatened to consume the Earth The Book of Enoch or 1 Enoch is one of the most enigmatic and significant texts in Jewish tradition Although its exact origin is still a mystery it is believed to have been composed between the 3rd century BC and the 1st century AD and to have circulated widely among Second Temple Jewish groups such as the Essenes who lived at Qumran near the Dead Sea This text was not included in the Hebrew Bible and is therefore considered apocryphal and often ignored or suppressed by religious scholars over the centuries The Book of Enoch in its most complete form was preserved in Ge'ez the liturgical language of Ethiopia where it became part of the Canon of the Ethiopian Church Its survival in Ethiopia reflects the spiritual importance that this manuscript had for certain Christian and Jewish traditions However most of Enoch's texts and fragments were lost to the Western world until the rediscovery of Ethiopian manuscripts in the 18th century Later Aramaic fragments were found among the Dead Sea Scrolls suggesting that the text had an even greater influence than previously imagined especially among Jewish sects awaiting the Messiah and spiritual restoration **Wild Beauty:**
