Her life was truly turned upside down and it caused a lot of pain to a lot of people including her three very young grandchildren who the author eventually adopted. She refers to this point as hitting her rock bottom much like she hoped for her daughter to reach in order for healing to begin. Reaching her rock bottom opened her up to different forms of healing and transformation. She shares three tools that have contributed to her healing success and how these tools can be valuable to use with children as well. By implementing changes shifts in acceptance forgiveness mind set and her perception on addiction took place within her leading her to peace and happiness. The book is chock full of resources encouraging one's own self discovery. My vision is to create inspiration in others to find themselves again and find peace in this unplanned journey. Through her daughter's addictions raising her grandchildren who are now her children and her own grief she shares a heartfelt and inspiring journey of a grandmother finding herself and how she did it.

All Joy and No Fun Jennifer Senior, 2014-01-28
Thousands of books have examined the effects of parents on their children. In All Joy and No Fun award winning journalist Jennifer Senior now asks what are the effects of children on their parents. In All Joy and No Fun award winning journalist Jennifer Senior tries to tackle this question isolating and analyzing the many ways in which children reshape their parents' lives whether it's their marriages their jobs their habits their hobbies their friendships or their internal senses of self. She argues that changes in the last half century have radically altered the roles of today's mothers and fathers making their mandates at once more complex and far less clear. Recruiting from a wide variety of sources in history sociology economics psychology philosophy and anthropology she dissects both the timeless strains of parenting and the ones that are brand new and then brings her research to life in the homes of ordinary parents around the country. The result is an unforgettable series of family portraits starting with parents of young children and progressing to parents of teens. Through lively and accessible storytelling Senior follows these mothers and fathers as they wrestle with some of parenthood's deepest vexations and luxuriate in some of its finest rewards. Meticulously researched yet imbued with emotional intelligence All Joy and No Fun makes us reconsider some of our culture's most basic beliefs about parenthood all while illuminating the profound ways children deepen and add purpose to our lives. By focusing on parenthood rather than parenting the book is original and
