Metamorphosis Sarah Travis, 2019-07-30 Post Christendom Christian leaders and preachers in North America struggle to respond to anxiety and despair about the future of the church Declining participation fewer resources decreased influence and confusion about pastoral and ecclesial identity lead to fear for the survival of the institutional church Preaching must speak to the despair and confusion faced by congregations today as well as cast a hopeful vision for an uncertain future This book argues that preachers can change the narrative of the church post Christendom by urging an exit from Christendom ecclesiology and promoting the construction of an identity that embraces vulnerability and incarnation instead of power and permanence Counterintuitively failure decrease and marginalization constitute good news for the church Through wide ranging conversation partners including postcolonial theory and theology social science systematic theology and homiletic literature this book engages preachers and scholars who seek to reimagine both gospel and ecclesial identity in order to bring new life to communities in despair Preachers participate in a process of metamorphosis in which the church s self understanding is transformed into a vulnerable incarnate community that leaves behind the character of Christendom

Awesome Families Kathleen E. Jenkins, 2005-11

Denounced by some as a dangerous cult and lauded by others as a miraculous faith community the International Churches of Christ was a conservative evangelical Christian movement that grew rapidly in the 1980s and 1990s Among its followers promises to heal family relationships were central to the group s appeal Members credit the church for helping them develop so called awesome families successful marriages and satisfying relationships with children family of origin and new church brothers and sisters The church engaged an elaborate array of services including round the clock counseling childcare and Christian dating networks all of which were said to lead to fulfilling relationships and exciting sex lives Before the unified movement s demise in 2003 2004 the lure of blissful family life led more than 100 000 individuals worldwide to be baptized

into the church In *Awesome Families* Kathleen Jenkins draws on four years of ethnographic research to explain how and why so many individuals primarily from middle to upper middle class backgrounds were attracted to this religious group that was founded on principles of enforced community explicit authoritative relationships and therapeutic ideals Weaving classical and contemporary social theory she argues that members were commonly attracted to the structure and practice of family relationships advocated by the church especially in the context of contemporary society where gender roles and family responsibilities are often ambiguous Tracing the rise and fall of this fast growing religious movement this timely study adds to our understanding of modern society and offers insight to the difficulties that revivalist movements have in sustaining growth

Community as Church, Church as Community Michael Plekon, 2021-07-22 Parishes of all denominations are in decline shrinking closing dying We know that there are increasing numbers young and older who are religious nones and dones This book explores why the decline is taking place why the distancing is going on But it goes on to examine parishes from all over the country and from various church bodies that are resurrecting The central theme of death and resurrection shapes the analysis of parishes covered Parishes are resurrecting by reinventing their ministries by repurposing their building to better serve their neighborhoods thus replanting and reconnecting with them All of this is the Spirit s doing but through the community of sisters and brothers who make up each congregation of faith Community as the core of church is the other reality shaping the book s reflection And community a parish being with those around living for more than its own survival are visions for going forward Other aspects of congregational life are also examined most importantly the pastors how they serve when budgets shrink how they are trained how pastors act with the community not above it No recipes are suggested for parish resurrection but the stories of the parishes that have revived bear within numerous lessons for us in the future
