literary voices have produced politically vital works of children's literature whose complex themes persist across boundaries of expected audience. These works form part of a larger body of activist writing for children that has long challenged preconceived notions about the seriousness of such books and ideas about who in fact should read them. *They Also Write for Kids: Cross Writing Activism and Children's Literature* seeks to draw these cross writing projects together and bring them to the attention of readers. In doing so, this book invites readers to place children's literature in conversation with works more typically understood as being for adult audiences, read multiethnic US literature alongside texts by global writers, consider children's poetry and nonfiction as well as fiction, and read diachronically as well as cross culturally. These ways of reading offer points of entry into a world of books that refuse to exclude young audiences in scrutinizing topics that range from US settler colonialism and linguistic prejudice to intersectional forms of gender inequality. The authors included here also employ an intricate array of writing strategies that challenge lingering stereotypes of children's literature as artistically as well as intellectually simplistic. They subversively repurpose tropes and conventions from canonical children's books, embrace an epistemology of children's literature that emphasizes ambiguity and complexity, invite readers to participate in redefining concepts such as civilization and cultural belonging, engage in intricate acts of cross cultural representation, and reenvision their own earlier works in new forms tailored explicitly to younger audiences. Too often disregarded by skeptical adults, these texts offer rich rewards to readers of all ages, and here they are brought to the fore. [Return to Sender](#) Jennifer Peel, 2019-12-21

This is the kind of book you suggest to your friends. The kind of story that sticks with you long after the last word. Dana from *Random Chaos*. He never wanted to leave her. She never expected him to return. If Ariana Stanton has learned anything in life, it's that men leave. She's been taught this lesson well from the father she's never met, who sends her a mysterious letter once a year to her ex-fiancé who left her for another woman. So when she meets the charming and seemingly perfect Jonah, she promises him they will never be more than friends. It's a promise she can't keep. But before he has a chance to leave her, she sends him away. Dr. Jonah Adkinson has one regret: that he let Ariana remain convinced that love never lasts. But now, nine years later, the single dad is back in Pine Falls and on a mission to prove Ariana wrong. He's determined to win over the love of his life. And this time, he won't let anything get in the way, not even her. Now, not only does Ariana have to face the man she's still in love with, but she must confront the mystery of her father's letters, forcing her to reevaluate the past and her choices. But will it be enough to make her believe that, unlike the letter she's always returned, Jonah is hers to keep?

Socolovsky, 2025-02-04 Immigration is at once a personal immediate and urgent issue that plays a central role in the United States perception of itself In The Documented Child scholar Maya Socolovsky demonstrates how the portrayal of Latinx children has shifted over the first two decades of the twenty-first century in literary texts aimed at children and young adults and looks at how these shifts map onto broader changes in immigration policy and discourse Through a critical inquiry into picture books and middle grade and young adult literature Socolovsky argues that the literary documentations of and for U.S. Latinx children have shifted over the decades from an emphasis on hybrid transnationalism to that of a more American-oriented self Socolovsky delves into texts written from 1997 to 2020 a period marked by tremendous changes in U.S. immigration policies amplified discourses around nationhood and an increasingly militarized border The author shows how children's and young adult books have shifted their depictions of the border personal and national identity and sovereignty For students scholars and educators of Latinx studies and children's literature this work shows how the creators of children's literature reflect new strategies for representing the undocumented Latinx child protagonist While earlier books document the child as a transnational sometimes global subject later books document her as both a transnational and U.S. national subject The Documented Child explores this change as a necessary survival strategy reflecting current awareness that cultural hybridity and transnational identity are not sufficient stand-ins for the stability and security of legal personhood
