Return To The Philippines:

Return to the Philippines Rafael Steinberg, Time-Life Books, 1979-06-01 Memorial William A Zundel Leyte M. Hamlin Cannon, 2016-03-21 The landing of the American forces on Leyte on 20 October 1944 brought to fruition the long cherished desire of General Douglas MacArthur to return to the Philippine Islands and avenge the humiliating reverses suffered in the early days of World War II The successful conclusion of the campaign separated the Japanese held Philippine Archipelago into two parts with a strong American force between them More important it completed the severance of the Japanese mainland from the stolen southern empire in the Netherlands Indies from which oil the lifeblood of modern warfare had come The Leyte Campaign like other campaigns in the Pacific was waged on the land in the air and on and under the sea In this operation all branches of the American armed forces played significant roles Therefore although the emphasis in this volume is placed upon the deeds of the United States Army ground soldier the endeavors of the aviator the sailor the marine and the Filipino guerrilla have been integrated as far as possible into the story in order to make the campaign understandable in its entirety At the same time every effort has been made to give the Japanese side of the story Migrant Returns Eric J. Pido, 2017-06-22 In *Migrant Returns* Eric J Pido examines the complicated relationship among the Philippine economy Manila s urban development and balikbayans Filipino migrants visiting or returning to their homeland to reconceptualize migration as a process of connectivity Focusing on the experiences of balikbayans returning to Manila from California Pido shows how Philippine economic and labor policies have created an economy reliant upon property speculation financial remittances and the affective labor of Filipinos living abroad As the initial generation of post 1965 Filipino migrants begin to age they are encouraged to retire in their homeland through various state sponsored incentives Yet once they arrive balikbayans often find themselves in the paradoxical position of being neither foreign nor local They must reconcile their memories of their Filipino upbringing with American conceptions of security sociality modernity and class as their homecoming comes into collision with the Philippines deep economic and social inequality Tracing the complexity of balikbayan migration Pido shows that rather than being a unidirectional event marking the end of a journey migration is a multidirectional and continuous process that results in ambivalence anxiety relief and difficulty **Republic of the Philippines Congressional Record** Philippines. Congress (1940-1973). Senate, 1964 **Filipino American Transnational Activism** , 2019-12-09 Read an interview with Robyn Rodriguez Filipino American Transnational Activism Diasporic Politics among the Second Generation offers an account of how Filipinos born or raised in the United States often defy the multiple assimilationist agendas that attempt to shape their understandings of themselves Despite conditions that might lead them to reject any kind of relationship to the Philippines in favor of a deep rootedness in the United States many forge linkages to the homeland and are actively engaged in activism and social movements transnationally Though it may well be true that most Filipino Americans have an ambivalent relationship to the Philippines many of the chapters of this book show that other possibilities
