Revelation Earth The Of Revelation Based Upon Edgar Cayces Prophecies:

Can America Survive? John Hagee, 2010-06-29 This paperback version of Pastor John Hagee's newest book has ripped from the headlines updates. New material has been added regarding the death of the dollar, a nuclear Iran, and the rejection of Israel. Further, this New York Times best-selling author says the United States is heading into a Perfect Storm. Titanic. John F. Kennedy's assassination. 9/11. John Hagee maintains that these American tragedies all have one element in common: they were unthinkable. And in the opening pages of his newest book, *Can America Survive*, Hagee uses these tragedies to prove two points: that the unthinkable can happen and that given the right conditions, the unthinkable can quickly become the inevitable. In *Can America Survive*, Hagee asserts that the seeds for tragedy are once again being sown, evidenced by the disturbing economic, geopolitical, and religious trends that now threaten to dismantle the very nation itself. Think it can't happen? Hagee asks in a theme repeated throughout the book: Think again. Indeed, Hagee presents alarming examples of recent events, current research, scientific evidence, and biblical prophecy that are gathering to create a perfect storm that could bring down the unsinkable United States of America, including the U.S.'s negligent handling of Israel and history's evidence of the danger to any nation that challenges Israel's God-mandated right to exist. The dangerous belittling of Iran's nuclear threat by careless spy agencies and the super weapon that could stop the U.S. in its tracks instantly. The chilling biblical prophecy that confirms Iran as one of six countries that will form an Islamic military force as a cloud to cover the land. The real \$2.5 trillion price tag of healthcare reform, the international currency shifts, and the national economic trends that are poised to bring about the death of the American dollar. The criminalization of Christianity around the world. *Can America Survive* is not just a warning. It is a wake-up call and a rallying cry to Christian citizens everywhere to prevent the next unthinkable American disaster. After all, as Hagee points out, those who do not remember the mistakes of the past are doomed to repeat them in the future. Think it can't happen. Think again.

A History of the Apocalypse Catalin Negru, 2018-07-26 Every generation of people thinks that their problems are the most important ever. As history flows without interruption and doomsday scenarios fail, the following generations focus on their own contemporary events, ignoring or underestimating the past. In this way, people always see signs in their times, and the end of the world is constantly a fresh
