## **Revelations And Visions:**

*Revelations* Elaine Pagels, 2013-02-26 A profound exploration of the Bible's most controversial book from the bestselling author of *Beyond Belief* and *The Gnostic Gospels* The strangest book of the New Testament filled with visions of the Rapture the whore of Babylon and apocalyptic writing of the end of times the Book of Revelation has fascinated readers for more than two thousand years but where did it come from And what are the meanings of its surreal images of dragons monsters angels and cosmic war Elaine Pagels New York Times bestselling author and the preeminent voice of biblical scholarship to the American public *The Philadelphia Inquirer* elucidates the true history of this controversial book uncovering its origins and the roots of dissent violence and division in the world's religions Brilliantly weaving scholarship with a deep understanding of the human needs to which religion speaks Pagels has written what may be the masterwork of her unique career

Revelations Elaine Pagels, 2012-03-06 A startling exploration of the history of the most controversial book of the Bible by the bestselling author of *Beyond Belief* Through the bestselling books of Elaine Pagels thousands of readers have come to know and treasure the suppressed biblical texts known as the Gnostic Gospels As one of the world's foremost religion scholars she has been a pioneer in interpreting these books and illuminating their place in the early history of Christianity Her new book however tackles a text that is firmly dramatically within the New Testament canon The Book of Revelation the surreal apocalyptic vision of the end of the world or is it In this startling and timely book Pagels returns The Book of Revelation to its historical origin written as its author John of Patmos took aim at the Roman Empire after what is now known as the Jewish War in 66 CE Militant Jews in Jerusalem fired with religious fervor waged an all out war against Rome's occupation of Judea and their defeat resulted in the desecration of Jerusalem and its Great Temple Pagels persuasively interprets Revelation as a scathing attack on the decadence of Rome Soon after however a new sect known as Christians seized on John's text as a weapon against heresy and infidels of all kinds Jews even Christians who dissented from their increasingly rigid doctrines and hierarchies In a time when global religious violence surges *Revelations* explores how often those in power throughout history have sought to force God's enemies to submit or be killed It is sure to appeal to Pagels's committed readers and bring her a whole new audience who want to understand the roots of dissent violence and division in the world's religions and to appreciate the lasting appeal of this extraordinary text

**Why Visions Revelations and Dreams Are for Us Today** John O. Oti, Joshua Jogo, 2013-12 Most people associate visions and dream as wired and superstitious thing but from the biblical perspective and from my personal experience over a period of an effective time in the ministry I believe that this supernatural spiritual phenomenon are still authentic now as it was then Those who believe that life is just about the natural realm where we now live are deceived and need someone to bring them to the dimension of spirituality In this book I will prove to you how God used visions revelations and dream to make his word real to me and for me I believe that some of you who are reading some of these account of what God did in my life have also had your own share

of experiences with God It is important for those who want to grow spiritually to know that God does use Visions dreams and revelation as one of his ways of teaching us about who he is and about his words In other words no one is that a born again Holy Spirit Christian that will not have an account of a time that God taught them spiritual things through a dream vision or revelation If Paul was taught by God through visions and revelations then the same God who taught him by those means will do the same today Some may argue that we don t need to get vision revelations and dreams anymore because we have the written word but they forget to understand that the bible never said that God was never going to teach us or show us things by visions or revelations or dreams but rather whatever he teaches us by those means ill line up with his word or else it may lead to deception It is important that I warn people however that those who walk with God do not go about conjuring for visions revelations and dreams this things happens only by the doing of the Holy Spirit if is really of God Those who go about telling people to pay them so that they will get revelations dreams and visions are out of the will of God people that operate like that are likely false prophets and those who follow such may end in end up not in the gospel but in spiritism instead of true spirituality Since Christianity is not a cult it is important that visions revelations and even dream be from God and not of human making If those who are believers trust God he will know when it may be necessary to communicate to them by these means Jesus said that when the Holy Spirit comes he will show us things to come how is he going to show us things to come without doing so by revelation Paul the Apostle praying for the Church of Ephesus prayed that God will grant them the spirit of revelation in the knowledge of him There are two ways to learn from God one is through information from the word and the second is from revelation of his spirit It is important to know that Christianity is not all about information only it is also about revelations The word Apocalyptic means the hidden knowledge How are Christians going to deal with apocalyptic events if they have no clue that every knowledge about God and the universe is not all written in the bible the bible gives us a guideline to c coming to the knowledge of those things and the Holy Spirit reveals them when it is necessary in God s timing I often ponder when I read the last chapter of the gospel of John It states Jesus did many other things as well If every one of them were written down I suppose that even the whole world would not have room for the books that would be written John 21:25 NIV There are no book in the world or library that can contain all the information about God however God teaches us about these things through vision dreams and revelations We now live in a world that believe and only trust in television but the apostles did not have television yet they were able to transact the business of the kingdom of God through heavenly visions I submit to you that vision is for us today and those who truly walk with God are going to be shown things to come by the Holy Spirit as promised by God

**Dreams and Visions: Volume 1: the Expressed, Inspired, Secret, Revelations: of God:** Christopher Covington, 2014-06-17 Author Christopher Covington reveals the apostolic and prophetic realm of dreams and visions in this timely book The introduction to dreams and visions opens up the mind on what they mean The mystery of iniquity being revealed by the spirit of God in these last days that shall empower the remnant to take the kingdom

by force     **Visions and Revelations** Titus Chu,2021-03-10 Over the course of six months during the 2020 COVID 19 pandemic Titus Chu shared twenty messages to the church in Cleveland on the topic of Visions and Revelations The messages were recorded and posted on the church website allowing them to be enjoyed by other saints and local churches around the world This sharing was meant not only to give spiritual supply and encouragement to the saints who were isolated and quarantined at home during this time but also to be the core of the fellowship and spiritual pursuing of the church Therefore the context of these messages was not individual enjoyment alone but a local church with saints pursuing the Lord together in fellowship We editors feel this is also the best context for Jesus lovers and seekers enjoying these messages in the future Though each message is quite high and heavenly brother Chu s desire was that everything shared could be practically applied to our daily lives and today s need in turn practically affecting our church life The first eight messages of the series are presented in this volume as spoken with only light edits to change them into readable form We editors have done our best to maintain the flavor and character of the spoken sharing Most direct references to the pandemic have been made more general for the benefit of future readers although some specific examples have been kept for the sake of the point being made We trust readers will find helpful applications in their own settings and environments The messages in this volume cover the various visions God gave surrounding the birth of Jesus and the beginning of His ministry At this time the age of Law was turning to the age of grace and God gave numerous visions to bring people into a realization of what He really desired He is gracious He longs to give grace and lead us and be with us in ways that are so much more intimate than the nation of Israel could experience under the Old Covenant Consequently these messages challenge us to leave our old ways habits and old patterns and call us to be brought into something new and fresh of God s heart through visions and revelations By receiving fresh vision from God we can follow Him more clearly buoyantly and with more reality than before Visions and revelations demand a response from us These stories from the New Testament demonstrate on the one hand the danger of a lack of proper response seen in Zacharias s initial reaction and in the examples of the chief priests the scribes and even John the Baptist On the other hand they reveal the blessing to those who pay a price to gain the reality of their vision seen in Zacharias s eventual realization and the examples of the shepherds Mary and the wise men May these messages not only reveal more of God s heart to us but also provide us with a supply of life and grace to respond and follow faithfully We feel it is profitable to note not only the background and purpose of these messages but also the man who gave them Titus Chu is a man of vision and his life and ministry have been marked by always fighting to see more and to labor accordingly In this way he follows in the pattern of the apostle Paul whose Christian life began with a vision on the road to Damascus a great vision of Christ and the church Then later in his life Paul also wrote to the church in Corinth I will come to visions and revelations of the Lord 2 Cor 12 1b The great heavenly vision had become or produced many more visions and revelations     *Revelation* Edwin Walhout,2000 This new series continues the in depth character and content of the Revelation Series with a new look
