Revival And Reform In Islam The Legacy Of Muhammad Al Shawkani:

Revival and Reform in Islam Bernard Haykel, 2003-05-27 Revival and Reform in Islam is at once an intellectual biography of Muhammad al Shawkani and a history of a transitional period in Yemeni history This was a time when a society dominated by traditional Zaydi Shiism shifted to one characterised instead by Sunni reformism The author traces the origins and outcomes of this transition presenting the first systematic account of the ways in which the eighteenth and nineteenth century reorientation of the Zaydi madhhab and consequent sunnification of Yemeni society were intricately linked to tensions within the political realm In advocating juridical systematization of religious belief and practice Shawkani espoused a socio religious order which in its dominant features echoed key aspects of Western modernity Yet he did so in a context bereft of Western ideational influence This study then presents a textured account of eighteenth century Islamic reformist thought and challenges the meaning of modernity in an Islamic context *Islam in the World Today* Werner Ende, Udo Steinbach, 2011-12-15 Considered the most authoritative single volume reference work on Islam in the contemporary world the German language *Der Islam in der Gegenwart* currently in its fifth edition offers a wealth of authoritative information on the religious political social and cultural life of Islamic nations and of Islamic immigrant communities elsewhere Now Cornell University Press is making this invaluable resource accessible to English language readers More current than the latest German edition on which it is based *Islam in the World Today* covers a comprehensive array of topics in concise essays by some of the world's leading experts on Islam including the history of Islam from the earliest years through the twentieth century with particular attention to Sunni and Shi'i Islam and Islamic revival movements during the last three centuries data on the advance of Islam along with current population statistics Muslim ideas on modern economics on social order and on attempts to modernize Islamic law shari'a and apply it in contemporary Muslim societies Islam in diaspora especially the situation in Europe and America secularism democracy and human rights and women in Islam Twenty four essays are each devoted to a specific Muslim country or a country with significant Muslim minorities spanning Asia Africa the Middle East and the former Soviet Union Additional essays illuminate Islamic culture exploring local traditions the languages and dialects of Muslim peoples and art architecture and literature Detailed bibliographies and indexes ensure the book's usefulness as a reference work *Preserving Islamic Tradition* Nathan Spannaus, 2019-07-09 The end of the eighteenth century was a transformational period for the Muslim communities of the Russian Empire and their relationship with the tsarist state Though they had been under Russian rule since the sixteenth century it was at this time that they were incorporated into the imperial bureaucracy most significantly through the founding of an official hierarchy for the Islamic religious scholars in 1788 The introduction of a state backed structure for Muslim religious institutions altered Islamic religious authority and in turn religious discourse One of the major figures to emerge from this new context was Abu Nasr Qursawi 1776-1812 A controversial figure who was condemned for heresy in Bukhara in 1808 Qursawi put forward a sweeping reform of the

Islamic scholarly tradition Focusing on taqlid the principle of conformity to established doctrine Qursawi argued that its overuse had weakened scholarship in the areas of Islamic law fiqh and theology kalam and undermined scholars ability to serve as religious guides In *Preserving Islamic Tradition* Nathan Spannaus presents the first detailed analysis of Qursawi s reformist project both in its contours and broad historical setting Spannaus shows how state control of Muslim institutions impacted religious discourse but also how it altered the entire religious environment into the twentieth century Addressing issues of modernity secularity tradition and intellectual history *Preserving Islamic Tradition* demonstrates how the interaction with a European imperial state transformed the Islamic tradition both directly and indirectly and elicited new forms of religious thought and discourse

The Wiley Blackwell Concise Companion to The Hadith Daniel W. Brown, 2020-01-14 The most comprehensive and up to date English language guide on hadith scholarship The source of much of our knowledge of the first two centuries of Islamic history the hadith literature is made up of

thousands of traditions collected during the formative years of Islam. Alongside the Qur'an, the hadith forms a second major body of Islamic scripture, and much of Islamic belief and practice rests on the hadith, including Islamic law, Islamic theology, Qur'anic interpretation, political thought, and personal behavior. Yet despite its importance to Muslims worldwide and its indispensable role as a source for early Islamic history, the hadith remains unexplored territory for many non-specialist readers. *The Wiley Blackwell Companion to the Hadith* is a concise yet comprehensive overview of both Islamic and Western traditions of hadith study, offering up-to-date scholarship and providing readers with an essential guide to this distinctive aspect of Islam. Written by a multidisciplinary team of distinguished scholars, the Companion discusses questions of authenticity, epistemology, and authority in the hadith and explores the relationship of the hadith literature to other ways of transmitting knowledge and establishing authority. It covers the origins of hadith, the application of hadith within the Islamic intellectual tradition, and contemporary revaluations of hadith literature. It addresses developments in modern scholarship about the origins of Islam and Islamic law, which are rooted in a revaluation of hadith. It presents new and groundbreaking research from international scholars from divergent perspectives to present an accurate and lively overview of the field. It explores the emergence of skepticism about hadith among Western scholars. It surveys the evolution of a wide range of approaches to hadith among modern Muslims. Filling a significant gap in current literature in the field, *The Wiley Blackwell Companion to the Hadith* is a valuable resource for students, scholars, and researchers in Islamic studies, Islamic law, history, and theology.

Combining historical and chronological approaches, the book examines intellectual dialogues and socio-political struggles within the extraordinary rich Islamic tradition. Treating Islam as a social and political force, the book also addresses Muslim devotional practices, artistic creativity, and the structures of everyday existence. *Islam in Historical Perspective* is designed to help readers to develop personal empathy for the subject by relating it to their own experiences and burning issues of today. It contains a wealth of historical anecdotes and quotations from original sources that are intended to emphasize its principal points in a memorable way. This new edition features a thoroughly revised and updated text, new illustrations, expanded study questions, and chapter summaries.

Between God and the Sultan Knut S. Vikør, 2005 The contrast between religion and law has been continuous throughout Muslim history. Islamic law has always existed in a tension between these two forces: God, who gave the law, and the state, the sultan representing society and implementing the law. This tension and dynamic have created a very particular history for the law in how it was formulated and by whom, in its theoretical basis and its actual rules, and in how it was practiced in historical reality from the time of its formation until today. That is the main theme of this book. Knut S. Vikør introduces the development and practice of Islamic law to a wide readership.
