

Modern Western Civilization : The French Revolution - Origins

I. Introduction

So far we have looked at people and ideas, at social history and intellectual history. Not at what a lot of you might have expected as history, but we are looking at how the modern world came about in all its complexity.

Now however, we are going to look at the series of events which make up the French Revolution. Today we are going to look at causes and origins, at how previous intellectual, social and political elements all contributed to it.

Importance of the French Revolution

- It brought the **People** to the forefront of politics
- set the model for later revolutions, and
- changed the political map of Europe forever.

Chronology - Sketch of Events

1788-89 - French State undergoes a massive revolution in politics but also in society and the way people think. The calling of the Estates General in 1789 was the catalyst for the Revolution.

1789-1792 - Liberal Revolution

1792-1794 - Radicalization

1795-1799 - Ineffective Reaction

1799-1815 - Napoleon - did he destroy or establish the FR?

Causes of the French Revolution

- Intellectual
- Social

The Oxford Handbook of the French Revolution David Andress,2015-01-22 The Oxford Handbook of the French Revolution brings together a sweeping range of expert and innovative contributions to offer engaging and thought provoking insights into the history and historiography of this epochal event Each chapter presents the foremost summations of academic thinking on key topics along with stimulating and provocative interpretations and suggestions for future research directions Placing core dimensions of the history of the French Revolution in their transnational and global contexts the contributors demonstrate that revolutionary times demand close analysis of sometimes tiny groups of key political actors whether the king and his ministers or the besieged leaders of the Jacobin republic and attention to the deeply local politics of both rural and urban populations Identities of class gender and ethnicity are interrogated but so too are conceptions and practices linked to citizenship community order security and freedom each in their way just as central to revolutionary experiences and equally amenable to critical analysis and reflection This Handbook covers the structural and political contexts that build up to give new views on the classic question of the origins of revolution the different dimensions of personal and social experience that illuminate the political moment of 1789 itself the goals and dilemmas of the period of constitutional monarchy the processes of destabilisation and ongoing conflict that ended that experiment the key issues surrounding the emergence and experience of terror and the short and long term legacies for both good and ill of the revolutionary trauma for France and for global politics

PROGRESSION OF KNOWLEDGE IN WESTERN CIVILIZATION Mirza Iqbal Ashraf,2023-09-18 The word civilization which is a relatively recent application from eighteenth century when came into currency is generally invoked more with a rhetorical flourish than argued in philosophical perspective But history of knowledge considers its true object is the study of human mind to know what his mind has believed thought and felt in diverse periods of its progression in the history of a civilization Mirza Iqbal Ashraf as a research scholar of Islamic and Western philosophies identifying the Four Explosions of Knowledge from ancient to modern time of history of

knowledge offers the readers in Progression of Knowledge in the Western Civilization uniquely within philosophical perspective that the Western world is a civilization of knowledge This also means whereas it is important to understand today s world so that we can deal with our contemporary period s civilizational challenges it will be incomplete if we do not assess that modernity is born from the progress made by the knowledge of the past thinkers But knowledge does not arrive fully formed it requires many minds specifically those minds which are free from the civilization s religious cultural and geophysical trappings In the Progression of Knowledge in Western Civilization Ashraf has expounded that even in modern time no knowledge is complete without visiting the knowledge of the past especially of the great thinkers of Classical Greek period the scholars at the House of Wisdom in Baghdad and the famous centers of knowledge at Cairo and Cordova of Arab Spain In this book the author has discussed when some other regions of the world might be familiar with philosophy and science in one way or another why such a treasure of knowledge emerged particularly in Greece that became a foundation of voluminous work of literature in almost every field of knowledge and how it amazingly became the foundation of the history of progression of knowledge in the Western civilization which is timelessly flourishing until today

Postmodernism and the Enlightenment Daniel Gordon,2014-01-14 Why is postmodernist discourse so biased against the Enlightenment Indeed postmodern theory challenges the validity of the rational basis of modern historical scholarship and the Enlightenment itself Rather than avoiding this conflict the contributors to this vibrant collection return to the philosophical roots of the Enlightenment and do not hesitate to look at them through a postmodernist lens engaging issues like anti Semitism Utopianism colonial legal codes and ideas of authorship Dismissing the notion that the two camps are ideologically opposed and thus incompatible these essays demonstrate an exciting new scholarship that confidently mixes the empiricism of Enlightenment thought with a strong postmodernist skepticism painting a subtler and richer historical canvas Research in Education ,1974
