Revolutionary I Wordsworth And The Politics Of Self Presentation:

The Revolutionary 'I' A. Nichols,1998-07-07 In the winter of 1798 99 shut up in the freezing German town of Goslar William Wordsworth began producing a series of lyrical fragments that appeared first in letters written to Coleridge and emerged eventually as source texts for *The Prelude* These lyrics are revolutionary because they construct a new version of the autobiographical I *The Revolutionary I* explores the numerous voices of the poetic speaker Wordsworth and their relationship to the historical figure who shared the same name *Wordsworth in Context* Pauline Fletcher,John Murphy,1992 Essays by several contributors represent a marriage between traditional textual scholarship and issues raised by contemporary theory and criticism Jonathan Wordsworth discusses the making and remaking of *The Prelude* along with other examples of the long poem in English he emphasizes the shifting nature of both the text and the self and questions traditional assumptions about authorial intention and the possibility of producing authoritative texts Pamela Woof brings an awareness of recent developments in feminist theory and gender studies to bear on her exploration of the role of Dorothy Wordsworth in the engendering of her brother's poetry while Jared Curtis uses close textual analysis of a poem that was originally drafted by William revised by Dorothy and published by Coleridge to raise issues of intertextuality and collective authorship Such accommodation between traditional scholarship and contemporary trends is by no means universal and the present volume closes with Helen Vendler's fierce attack on the New Historicism which she sees as hostile to the lyric impulse Academic revolutions as we know can generate violent debate but such debate should surely be welcomed as a guarantee of the continuing vitality of the discipline **BOOK JACKET** **Wordsworth's Unremembered Pleasure** Alexander Freer,2020-10-29 Wordsworth has traditionally been understood as the poet of memory This book argues that unremembered pleasure an idea Wordsworth formulates in *Tintern Abbey* but is often overlooked by modern readers is central to understanding his writing Wordsworth's poems discover and articulate a broad range of previously unfelt unnoticed and unconscious satisfactions As well as providing new interpretations of major and under studied writing by Wordsworth this volume challenges a long tradition of psychoanalytic reading of romanticism which uses trauma to explain the limits of literary memory The book contests key psychoanalytic concepts in literary criticism including repression sublimation mourning and pleasure It asks what it would mean for us to be surprised by joy *Wordsworth's Profession* Thomas Pfau,1997 In exploring Wordsworth's professionalization as a writer the author's interpretations are coordinated by a single albeit highly ramified critical hypothesis that Romanticism's aesthetic forms afforded the middle classes an imaginary furlough from the impinging consciousness of their tenuous socioeconomic status **Frank O'Hara and the Poetics of Saying 'I'** Micah Mattix,2011-03-03 While recent works of criticism on Frank O'Hara have focused on the technical similarities between his poetry and painting or between his use of language and poststructuralism *Frank O'Hara and the Poetics of Saying I* argues that what is most significant in O'Hara's work is not such much his borrowing from painters or his

proto Derridean use of language but his preoccupation with self exploration and the temporal effects of his work as artifacts Following Pasternak s understanding of artistic inspiration as an act of love for the material world O Hara explores moments of experience in an effort to both complicate and enrich our experience of the material world On the one hand in poems such as Second Avenue for example O Hara works to muddy language through which experience is in part mediated with the use of parataxis allusions and absurd metaphors and similes On the other in his I do this I do that poems he names the events of his lunch hour in an effort among other things to experience time as a moment of fullness rather than as a moment of loss The book argues furthermore that O Hara s view of the self as both an expression of the creative force at work in the world and as the temporal aggregate of finite experiences places him between so called Romantic and postmodern theories of the lyric While it is often argued that O Hara is a forerunner of a new critically informed materialist poetics this study concludes that O Hara s work is somewhat less radical in its understanding of poetic meaning than is often claimed Moreover while O Hara is preoccupied with his experience in his poems the book argues that he espouses in some respects a rather traditional view of love In addition to being a metaphor for the creative act love for O Hara is the chance coming together of two entities Yet one of the ironies of this is that while love is for O Hara a feeling that is the result of movement or the unexpected coming together of two otherwise separ

The Oxford Handbook of British Romanticism David Duff, 2018-09-26 The Oxford Handbook of British Romanticism offers a comprehensive guide to the literature and thought of the Romantic period and an overview of the latest research on this topic Written by a team of international experts the Handbook analyses all aspects of the Romantic movement pinpointing its different historical phases and analysing the intellectual and political currents which shaped them It gives particular attention to devolutionary trends exploring the English Scottish Welsh and Irish strands in British Romanticism and assessing the impact of the constitutional changes that brought into being the United Kingdom at a time of revolutionary turbulence and international conflict It also gives extensive coverage to the publishing and reception history of Romantic writing highlighting the role of readers reviewers publishers and institutions in shaping Romantic literary culture and transmitting its ideas and values Divided into ten sections each containing four or five chapters the Handbook covers key themes and concepts in Romantic studies as well as less chartered topics such as freedom of speech literature and drugs Romantic oratory and literary uses of dialect All the major male and female Romantic authors are included along with numerous lesser known writers the emphasis throughout being on the diversity of Romantic writing and the complexities and internal divisions of the culture that sustained it The volume strikes a balance between familiarity and novelty to provide an accessible guide to current thinking and a conceptual reorganization of this fast moving field

Sanctuaries of Light in Nineteenth-century European Literature Hugo Walter, Hugo G. Walter, 2010 This collection of insightful and provocative essays explores the theme of sanctuaries of light in nineteenth century European literature especially in selected works by William Wordsworth E T A Hoffmann Joseph von Eichendorff and Charlotte Bront These

sanctuaries of light natural beauty and serenity comfort nurture and revitalize the heart mind and soul of the individual and inspire creative expression This book will be of interest to professors teachers and scholars in the fields of English literature German literature European literature comparative literature and cultural studies **Wordsworth's Poems of Travel 1819-1842** J. Wyatt,1999-06-03 There is a long held view that Wordsworth's inspiration dried up before the age of forty This book opposes that view by examining the substantial body of poetry written after his fiftieth year The argument is that in order to appreciate this work much of which was inspired by itineraries in Britain and in Europe we have to read the poems as they were first published By adopting the perspective of the contemporary reader Wordsworth's grand design can be appreciated **William Wordsworth's The Prelude** Stephen Gill,2006-08-31 William Wordsworth's poem The Prelude is a fascinating work both as an autobiography and as a fragment of historical evidence from the revolutionary and post revolutionary years This volume gathers together 13 essays on The Prelude and is useful as a companion for students and general readers of Wordsworth's greatest poem **Romantic Poets and the Culture of Posterity** Andrew Bennett,1999-12-02 This 1999 book examines the way in which the Romantic period's culture of posterity inaugurates a tradition of writing which demands that the poet should write for an audience of the future the true poet a figure of neglected genius can be properly appreciated only after death Andrew Bennett argues that this involves a radical shift in the conceptualization of the poet and poetic reception with wide ranging implications for the poetry and poetics of the Romantic period He surveys the contexts for this transformation of the relationship between poet and audience engaging with issues such as the commercialization of poetry the gendering of the canon and the construction of poetic identity Bennett goes on to discuss the strangely compelling effects which this reception theory produces in the work of Wordsworth Coleridge Keats Shelley and Byron who have come to embody for posterity the figure of the Romantic poet **The Politics of Romantic Poetry** R. Cronin,2000-01-13 In recent years critics of Romantic poetry have divided into two groups that have little to say to one another One group as yet the most numerous insists that to study a poem is to investigate the historical circumstances out of which it was produced the other retorts that poetry offers pleasures fully available only to readers whose attention is focused on their language This book attempts to reconcile the two groups by arguing that a poet's most effective political action is the forging of a new language and that the political import of a poem is a function of its style **Bakhtin and the Social Moorings of Poetry** Donald Wesling,2003-07 This book rescues Bakhtin from his overstatements concerning poetry and gives the theoretical and practical basis for reading poems with the help of Bakhtin's categories of utterance heteroglossia and dialogue In addition through this rescue the book offers a modest but strong foundation for a reading of poetry and indeed of all literary texts where a clash of social positions is fought out on the territory of the utterance To find a believable poetics of social forms is the order of the day and Donald Wesling's admiring and yet skeptical revision of Bakhtin will be part of the explanation we need Jacket **This Is Enlightenment** Clifford Siskin,William Warner,2010-06-15 Debates about the nature of the

Enlightenment date to the eighteenth century when Immanuel Kant himself addressed the question What is Enlightenment The contributors to this ambitious book offer a paradigm shifting answer to that now famous query Enlightenment is an event in the history of mediation Enlightenment they argue needs to be engaged within the newly broad sense of mediation introduced here not only oral visual written and printed media but everything that intervenes enables supplements or is simply in between With essays addressing infrastructure and genres associational practices and protocols this volume establishes mediation as the condition of possibility for enlightenment In so doing it not only answers Kant's query it also poses its own broader question how would foregrounding mediation change the kinds and areas of inquiry in our own epoch This Is Enlightenment is a landmark volume with the polemical force and archival depth to start a conversation that extends across the disciplines that the Enlightenment itself first configured *Isolated Cases* Nancy Yousef, 2004 The literature of the romantic period has consistently been seen as the source of modern concepts of the individual Nancy Yousef maintains however that the dominant account of the self in romanticism is in need of profound revision While individuals presented in central texts of the period are indeed often alone or separated from others Yousef regards this isolation as a problem the texts attempt to illuminate rather than a condition they construct as normative or desirable As her argument moves from the eighteenth to the nineteenth century through both philosophical and literary writing her book offers a new account of autonomy and of the complex romantic inheritance of enlightenment preoccupations with the origins of human association and the course of human development In her richly interdisciplinary book Nancy Yousef addresses the emergence of autonomy demonstrating that the ideal was beset from its beginnings by profound concerns over the possibilities and grounds of human relations and interdependence *Isolated Cases* draws attention to the strain of intersubjective anxieties and longings hidden within representations of the individual as self sufficient and self defining Among the writers and thinkers Yousef treats at length are John Locke John Stuart Mill Jean Jacques Rousseau Mary Shelley and William Wordsworth

Jefferson and the Iconography of Romanticism M. Kelsall, 1999-05-17 Jefferson and the Iconography of Romanticism is the first full length study to examine how Jefferson in the process of inventing the USA as the first new nation of the Romantic era sought to find an appropriate imagery to represent the people their homeland and the cultural ideal to which they should aspire It examines in detail the role of his villa at Monticello in embodying the national ideal shows how those ideals emerged and how they were subsequently challenged by the reinterpretation of Jefferson's iconography Thomas de Quincey F. Burwick, 2001-05-23 This book examines what De Quincey called psychological criticism a mode of studying how literature of power arouses ideas and images dormant in the subconscious He explores this power by means of an introspective analysis of the effects produced in his own mind by reading Shakespeare and Milton Wordsworth and Coleridge Discussion of De Quincey's critical and narrative prose includes his skilled rewriting of a German forgery of a Waverley novel as well as such better known works as *Suspensum de Profundis* *Murder Considered as one of the Fine Arts* *On the Knocking at*

the Gate in Macbeth The English Mail Coach and Wordsworth's Poetry New insight into each of these works is provided by drawing on a wealth of previously unpublished manuscripts

Emerson's Sublime Science E. Wilson, 1999-02-02 Emerson's Sublime Science explores relationships among Emerson's poetics theory of the sublime and engagement with electromagnetism The book illustrates how Davy's chemistry and Faraday's physics revealed to Emerson a sublime universe in which matter is boundless electrical force It argues that Emerson translated this discovery into a sublime writing style crafted to galvanize readers with the insight that matter is energy In illuminating Emerson's project this study also uncovers connections among British Romanticism American Romanticism and nineteenth century science

The Sacred and Secular Canon in Romanticism D. Jasper, 1998-12-09 This book is an interdisciplinary study of Romanticism which focuses on the reception of the Biblical canon in poetry art and theory The Bible is acknowledged as the heart of European culture but as its status as the sacred text of Judaism and Christianity becomes questionable it remains at the turning point between sacred and secular art in the modern world The insights of Romanticism are crucial for our understanding of postmodernism as a fundamentally religious movement which acknowledges both the death and rebirth of religious language

Justice, Humanity and the New World Order Ian Ward, 2017-11-22 This title was first published in 2003 Justice Humanity and the New World Order offers a refreshing analysis of current jurisprudential concerns regarding the new world order by examining them in the intellectual context of the late eighteenth century Enlightenment After setting the historical context the author investigates aspects of Enlightenment political culture as well as aspects of the new world order including international relations the European Union and human rights In conclusion the author introduces the concept of a new humanism which he suggests drawing on certain aspects of Enlightenment political philosophy can complement the new world order

The Romantic Idea of a University M. Hofstetter, 2001-03-14 By the late eighteenth century universities in England and Germany had lost their sense of purpose The romantics then presented them with a new one a new Idea of a university In Germany Johann Gottlieb Fichte and others stressed that universities must teach more effectively in England Coleridge and Wordsworth attached to the German Idea a desire to keep the universities part of England's national church
