## **Revolutionary Diplomacy Chinese Foreign Policy And The United Front Doctrine:**

**Revolutionary Diplomacy** J. D. Armstrong, 2024-07-19      **Revolutionary Diplomacy. Chinese Foreign Policy and the United Front Doctrine** J. D. Armstrong, 1977      **Chinese Foreign Policy** Thomas W. Robinson, David L. Shambaugh, 1995 This study of Chinese foreign policy is intended for academics and graduates of Chinese studies and of international relations international economics and those interested in decision making theory      **Revolutionary Transformations** Anja Blanke, Julia C. Strauss, Klaus Mühlhahn, 2023-04-13 An international team of scholars explore China's transformative revolutionary decade the 1950s calling into question existing narratives      China's Peaceful Rise Le Hu, 2025-02-19 This book examines the extent to which China has stabilized its communist regime and defended or pursued its crucial nationalist interests while maintaining a relatively peaceful environment in East Asia Despite a politics which would seem to be unassimilable and assertive policies regarding sovereignty disputes or the Taiwan question China exists more or less peacefully within East Asia This raises an important question how has this being done Using Social Identity Theory and Chinese Communist Party's united front strategy the author uncovers new angles on the mentality and trajectory of Chinese foreign policy in a study that will interest scholars policymakers and journalists      **The Great Wall and the Empty Fortress** Andrew J. Nathan, Robert S. Ross, 1998 Many see China and the United States on the path to confrontation The Chinese leadership violates human rights norms It maintains a harsh rule in Tibet spars aggressively with Taiwan and is clamping down on Hong Kong A rising power with enormous assets China increasingly considers American interests an obstacle to its own But the authors argue the United States is the least of China's problems Despite its sheer size economic vitality and drive to upgrade its military forces China remains a vulnerable power crowded on all sides by powerful rivals and potential foes As it has throughout its history China faces immense security challenges and their sources are at and within China's own borders China's foreign policy is calibrated to defend its territorial integrity against antagonists who are numerous near and strong The authors trace the implications of this central point for China's relations with the United States and the rest of the world      **Revolution and World Order** David Armstrong, 1993-06-10 In this important study David Armstrong examines the impact of revolutionary states on the international system These states have always posed major problems for the achievement of world order revolution is often accompanied by international as well as civil conflict while revolutionary doctrines have proven to be highly disruptive of the existing structure of international politics Dr Armstrong asks whether revolutionary states are socialized into adopting acceptable patterns of international behaviour or whether it is international society that is forced to change when these new states appear He looks in detail at the French American and Russian revolutions and at several post 1945 revolutionary states he also examines the relationship between revolutionary states and the principal ordering devices of international society international law diplomacy and the balance of power His book is a major contribution to international relations and an important development and application of the international

society concept      **Problems of Communism** ,1982      **1968: The World Transformed** Carole Fink,Philipp Gassert,Detlef Junker,1998-10-28 1968 The World Transformed presents a global perspective on the tumultuous events of the most crucial year in the era of the Cold War By interpreting 1968 as a transnational phenomenon authors from Europe and the United States explain why the crises of 1968 erupted almost simultaneously throughout the world Together the eighteen chapters provide an interdisciplinary and comparative approach to the rise and fall of protest movements worldwide The book represents an effort to integrate international relations the role of media and the cross cultural exchange of people and ideas into the history of that year 1968 emerges as a global phenomenon because of the linkages between domestic and international affairs the powerful influence of the media the networks of communication among activists and the shared opposition to the domestic and international status quo in the name of freedom and self determination      **The Everyday Cold War** Chi-kwan Mark,2017-10-05 In 1950 the British government accorded diplomatic recognition to the newly founded People s Republic of China But it took 22 years for Britain to establish full diplomatic relations with China How far was Britain s China policy a failure until 1972 This book argues that Britain and China were involved in the everyday Cold War or a continuous process of contestation and cooperation that allowed them to normalize their confrontation in the absence of full diplomatic relations From Vietnam and Taiwan to the mainland and Hong Kong China s everyday Cold War against Britain was marked by diplomatic ritual propaganda rhetoric and symbolic gestures Rather than pursuing a failed policy of appeasement British decision makers and diplomats regarded engagement or negotiation with China as the best way of fighting the everyday Cold War Based on extensive British and Chinese archival sources this book examines not only the high politics of Anglo Chinese relations but also how the British diplomats experienced the Cold War at the local level

**Constructing the U.S. Rapprochement with China, 1961-1974** Evelyn Goh,2004-11-22 With Nixon s historic reconciliation with China in 1972 Sino American relations were restored and China moved from being regarded as America s most implacable enemy to a friend and tacit ally Existing accounts of the rapprochement focus on the shifting balance of power between the USA China and the Soviet Union but in this book Goh argues that they cannot adequately explain the timing and policy choices related to Washington s decisions for reconciliation with Beijing Instead she applies a more historically sensitive approach that privileges contending official American constructions of China s identity and character This book demonstrates that ideas of reconciliation with China were already being propagated and debated within official circles in the USA during the 1960s It traces the related policy discourse and imagery and examines their continuities and evolution into the early 1970s that facilitated Nixon s new policy      **New Directions in the Study of China's Foreign Policy** Robert S. Ross,2006 Ten outstanding specialists in Chinese foreign policy draw on new theories methods and sources to examine China s use of force its response to globalization and the role of domestic politics in its foreign policy

**Battling Western Imperialism** Michael M. Sheng,1997-11-30 For the past two decades a number of historians have

argued that the CCP was a nationalist movement and that the United States missed its opportunity to establish friendly relations because U S leaders were blinded by fears of an international Communist threat In his provocative book Michael Sheng strongly challenges this position **Regional Great Powers in International Politics** Iver B. Neumann,1992-06-18 Illuminates the interplay between regional concerns and the international context which together define the hierarchy of states Building on case studies this book demonstrates that this status cannot be attained solely by building a military or economic power base China's Relations with Japan, 1945-83 Kurt Werner Radtke,1990 The Media and Sino-American Rapprochement, 1963-1972 Guolin Yi,2020-11-11 Winner of the ACPSS Research Award An important new cultural study of the Cold War Guolin Yi s *The Media and Sino American Rapprochement 1963 1972* analyzes how the media in both countries shaped public perceptions of the changing relations between China and the United States in the decade prior to Richard Nixon s visit to Beijing This book offers the first systematic study of Cankao Xiaoxi Reference News an internal Chinese newspaper that carried relatively objective stories the Xinhua News Agency translated from world news media for circulation among Communist cadres As the main channel for the cadres to learn about the outside world this newspaper provides a window into China s evolving foreign policy including the reception of signals from the Nixon administration Yi compares this internal communications channel with the public accounts contained in the more widely circulated newspaper People s Daily a chief propaganda outlet of the Chinese Communist Party CCP directed at its own people and China watchers all over the world A third level of communication emerges in classified CCP instructions and government documents By approaching the Chinese communication system on three levels internal public and classified Yi s analysis demonstrates how people at different positions in the political hierarchy accessed varying types of information allowing him to chart the development of Beijing s approach to the U S government In a corresponding analysis of the defining features of American reporting on China Yi considers the impact of government media relationships in the United States during the Cold War Alongside prominent magazines and newspapers particularly the New York Times and the Washington Post in their differing coverage of key events Yi discusses television networks which proved vital for promoting the success of Ping Pong Diplomacy and the impact of Nixon s visit in 1972 With its comparative study of news outlets in the two countries *The Media and Sino American Rapprochement 1963 1972* presents a thorough and comprehensive perspective on the role of the media in influencing domestic Chinese and American public opinion during a critical decade *China's Selective Identities* Dominik Mierzejewski,Bartosz Kowalski,2018-09-05 This book discusses the role of selective identities in shaping China s position in regional and global affairs It does so by using the concept of the political transition of power and argues that by taking on different types of identities of state ideology and culture the Chinese government has adjusted China s identity to different kinds of audiences By adopting different kinds of self China has secured its relatively peaceful transition within the existing system and in the meantime strengthened its capacity to place its principles within that system To its immediate neighbors

China presents itself as a state that needs clearcut borders In relation to the developing world Global South the PRC narrates self as an ideology with the banner of materialism equality and justice To its third audience the developed world mainly Europe China presents itself as a peaceful innocent cultural construct based primarily on Confucius passive approach By bringing these three identities into one Chinese body sanwei yiti China s policymakers skillfully maneuver and build the country s position in the arena of global affairs

**Mental Maps in the Early Cold War Era, 1945-68** S. Casey,J. Wright,2011-07-26 The early Cold War was a period of dramatic change New superpowers emerged the European powers were eclipsed colonial empires tottered Political leaders everywhere had to make immense adjustments This volume explores their hopes and fears their sense of their place in the world and of the constraints under which they laboured Dominoes and Bandwagons Robert Jervis,Jack L. Snyder,1991 A collection of essays on military defence strategy which considers historical applications of the domino theory the psychological dynamics of the US Soviet relationship vis a vis Eurasian boundaries It also examines whether the USSR actually infers a lack of resolve from American retreats Engaging China Alastair Iain Johnston,Robert S. Ross,2005-08-08 Engaging China is one of the first books to look at the responses of major international powers to the recent economic growth of China Anyone interested in the financial fortunes of the Asia Pacific region cannot afford to ignore the rise of China as an economic power since the 1970s Economic growth coupled with increased military capability and spreading nationalism have gradually enhanced Chinas international profile In an interesting mix of the empirical and theoretical case studies from United States Japan Singapore Taiwan Korea Malaysia and Indonesia illustrate Chinas developing position in the Asia Pacific
