Revolutions Of The Night:

Revolutions of the Night Alan Burns, 1986 **Haiti: Its dawn of progress after years in a night of revolution** John Dryden Kuser, 2022-06-03 John Dryden Kuser in this book talks about Haiti a country of rapidly changing conditions This book covers the development of this beautiful nation from a place of revolution and disorder to a location of peace It covers things that make Haiti a home of happiness the beautiful nature history and others *The Long Night of Dark Intent* Irving Horowitz, 2017-07-05 The Cuban Revolution of 1959 was a benchmark of triumph and a harbinger of tragedy to come Rather than herald a new era of Cuba joining the world community of nations as a paragon of democracy as many fervently hoped and believed it would it became instead a new stage in authoritarian rule in the Western hemisphere For more than a half century since then Cuba has been defined by the capacity of a single family to command and determine the fate of a nation and to do so with a minimum of opposition Incredibly even those professing adhesion to democratic norms have been ready to forgive the dictator his excesses This volume explains the theory and practice of this absence of internal opposition and the persistence of external support for the Castro family and its entourage The Long Night of Dark Intent is chronological in order with the author indicating major points in each of the five decades covered The volume covers five centers of system analysis economics politics society military and ideology Who or what determines events and decisions is the stuff of real history It is precisely due to variability in causal chains in society that we have huge variance in levels of predictability The course of the Cuban Revolution gives strong support for such an approach to the Castro Era This is a unique unflinching account with a strong emphasis on the importance of U S policy decisions over time **Loved Egyptian Night** Hugh Roberts, 2024-02-27 Why did the Arab Spring have such calamitous outcomes Loved Egyptian Night fundamentally reassesses the Arab Spring refuting the stories the Western powers fed to the world There is no doubt that the toppling of Ben Ali in Tunisia in January 2011 and what it led to amounted to a political revolution But the uprisings in Egypt Libya and Syria countries with quite different histories and political traditions were never revolutions As Hugh Roberts explains the bitter ends of these episodes were inscribed in their misunderstood beginnings To celebrate these uprisings as revolutions preempts and inhibits critical analysis and expresses an abdication of intellectual responsibility After so much wishful thinking what remains is the debris of a cynical pretension Outside interference ostensibly on behalf of these revolutions reduced Libya to anarchy and condemned Syria to a devastating proxy war now in its twelfth year In Egypt the Free Officers state was re booted in its most brutal ever form The Americans and Europeans did not vainly try to help the Egyptians or anyone else escape from authoritarian rule Instead they contrived to seal them up in it The long oppression of these societies Kipling s loved Egyptian night is not going to be ended by the Western powers these days it is guaranteed by them On the Way Back Montague Kobbé, 2016-03-15 A British businessman woos a Caribbean woman and her disapproving family in this engrossing novel Insight Nathaniel Jones a middle aged businessman from England travels to the Caribbean island of

Anguilla to spend a fortnight on holiday and finds himself captivated by a brilliant and beautiful member of the local community Sheila Rawlingson After a secret intense hundred day courtship Nathaniel proposes to Sheila whose agreement to marry this white man is seen as a betrayal by her family and fellow Anguillans Recognizing the value Anguillan society places on economic projects Nathaniel attempts to set up an airline business to gain the support and favor of the Rawlingsons He sends for his son Dragon to travel to Anguilla and cofound Dragon Wings the nation's first commercial airline Nathaniel Dragon and Sheila turn to her uncle for financial backing But Sheila's uncle will do his best to foil Nathaniel's best laid plans at every turn There is something for every reader in this engrossing novel depicting the complexities of inner and outer Caribbean and Latin lives from the seemingly placid but often privately turbulent world of a small island such as Anguilla to the overwhelming large urban chaos of Caracas Venezuela and in its observation of the inevitable connection between public and private spheres On the Way Back delves fearlessly into the mind and spirit of its main characters with authenticity humor and an understated compassion but does not flinch in observing human flaws and the death of dreams that result when deep rooted attitudes prevail Insight

History of the Russian Revolution Leon Trotsky, 2008 During the first two months of 1917 Russia was still a Romanov monarchy Eight months later the Bolsheviks stood at the helm They were little known to anybody when the year began and their leaders were still under indictment for state treason when they came to power You will not find another such sharp turn in history especially if you remember that it involves a nation of 150 million people It is clear that the events of 1917 whatever you think of them deserve study Leon Trotsky from History of the Russian Revolution Regarded by many as among the most powerful works of history ever written this book offers an unparalleled account of one of the most pivotal and hotly debated events in world history This book reveals from the perspective of one of its central actors the Russian Revolution's profoundly democratic emancipatory character Originally published in three parts Trotsky's masterpiece is collected here in a single volume It serves as the most vital and inspiring record of the Russian Revolution to date The greatest history of an event that I know C L R James Justly celebrated as a towering vivid historically vital work China Miville October In Trotsky all passions were aroused but his thought remained calm and his vision clear His involvement in the struggle far from blurring his sight sharpens it The History is his crowning work both in scale and power and as the fullest expression of his ideas on revolution As an account of a revolution given by one of its chief actors it stands unique in world literature Isaac Deutscher
