Rhetoric in Cicero's Pro Balbo Kimberly Anne Barber, 1997

Cicero, Rhetoric, and Empire C. E. W. Steel, 2002-03-07 Cicero manipulated issues relevant to Rome's possession of an empire provincial extortion access to citizenship and the distribution of military commands in an important group of speeches the Verrines de imperio Cn Pompei pro Archia pro Flacco de provinciis consularibus and pro Balbo C E W Steel examines the speeches rhetorical techniques and aims in detail Cicero's presentation of empire concentrates on the power wielded by individuals at the expense of wider questions of administrative structures Thus the problems which arise in the running of an empire can be presented as the result of personal failings rather than endemic to the structures of government as questions of morality rather than of administration Steel argues that this concept is fundamentally flawed The weakness cannot be explained simply as Cicero's lack of insight but as an inevitable consequence of the uses to which he puts oratory in his political career comparison with his contemporaries shows other leading figures producing much more radical approaches to the problems of empire

Provincial Soldiers and Imperial Instability in the Histories of Tacitus Jonathan Master, 2016-03-03 Tacitus narrative of 69 CE the year of the four emperors is famous for its description of a series of coups that sees one man after another crowned Many scholars seem to read Tacitus as though he wrote only about the constricted world of imperial Rome and the machinations of emperors courtiers and victims of the principate even recent work on the Histories either passes over or lightly touches upon civil unrest and revolts in the provinces In *Provincial Soldiers and Imperial Instability in the Histories of Tacitus* Jonathan Master looks beyond imperial politics and finds threats to the Empire's stability among unassimilated foreign subjects who were made to fight in the Roman army Master draws on scholarship in political theory Latin historiography Roman history and ethnic identity to demonstrate how Tacitus presented to his contemporary audience in Trajanic Rome the dangerous consequences of the city's failure to reward and incorporate its provincial subjects Master argues that Tacitus presentation of the Vitellian and Flavian armies and especially the Batavian auxiliary soldiers reflects a central lesson of the Histories the Empire's exploitation of provincial manpower increasingly the majority of all soldiers under Roman banners while offering little in return set the stage for civil wars and ultimately the separatist Batavian revolt

Augustan Egypt Livia Capponi, 2005-03-14 First published in 2005 With updated documents including papyri inscriptions and ostraka this book casts fresh and original light on the administration and economy issues

faced with the transition of Egypt from an allied kingdom of Rome to a province of the Roman Empire **Ambitiosa Mors**
T. D. Hill,2004-08-01 Although the distinctive and sometimes bizarre means by which Roman aristocrats often chose to end their lives has attracted some scholarly attention in the past most writers on the subject have been content to view this as an irrational and inexplicable aspect of Roman culture In this book T D Hill traces the cultural logic which animated these suicides describing the meaning and significance of such deaths in their original cultural context Covering the writing of most major Latin authors between Lucretius and Lucan this book argues that the significance of the noble death in Roman culture cannot be understood if the phenomenon is viewed in the context of modern ideas of the nature of the self

Nothing Ordinary Here Noelle K. Zeiner,2020-11-25 Through a combined methodology of philology social theory and archaeology this book offers a reinterpretation of Statius's *Silvae* ***Sex and the Second-Best City*** Kenneth Royce Moore,2005-07-19 *Sex and the Second Best City* deals with the topics of sex and society in the *Laws* of Plato with recourse to historical context and modern critical theory It examines reconstructions of ancient sexuality with a view to increased clarification The text of the *Laws* is considered along with many of its literary qualities its influences and the utopian plan that it proposes ***Consensus, Concordia and the Formation of Roman Imperial Ideology*** John Alexander Lobur,2008-06-03 This book concerns the relationship between ideas and power in the genesis of the Roman empire The self justification of the first emperor through the consensus of the citizen body constrained him to adhere to legitimate and traditional forms of self presentation Lobur explores how these notions become explicated and reconfigured by the upper and mostly non political classes of Italy and Rome The chronic turmoil experienced in the late republic shaped the values and program of the imperial system it molded the comprehensive and authoritative accounts of Roman tradition and history in a way that allowed the system to appear both traditional and historical This book also examines how shifts in rhetorical and historiographical practices facilitated the spreading and assimilation of shared ideas that allowed the empire to cohere ***A Linguistic Commentary on Livius Andronicus*** Ivy Livingston,2013-04-15 As the oldest literary Latin preserved in any quantity the language of Livius shows many features of linguistic interest and raises intriguing questions of phonology morphology and syntax ***The Trial and Crucifixion of Jesus*** David W. Chapman,Eckhard J. Empedocles Redivivus

Myrto Garani,2007-12-12 Despite the general scholarly consensus about Lucretius debt to Empedocles as the father of the genre of cosmological didactic epic there is a major disagreement regarding Lucretius applause for his Presocratic predecessor s praecleara reperta DRN 1 732 In the present study Garani suggests that by praising Empedocles discoveries Lucretius points to his predecessor s epistemological methods of inquiry concerning the unseen methods upon which he himself draws extensively and creatively enhances In this way he successfully penetrates into the invisible natural world deciphers its secrets and thus liberates his pupil from superstitious fears about death and physical phenomena To justify this proposition Garani undertakes a systematic analysis of Lucretius integration of Empedocles methods of creating analogies in the form of literary devices personifications similes and metaphors and demonstrates that his intertextual engagement with Empedocles philosophical poem is direct and intensive at both the poetic and the philosophical levels

Westall,2017-11-20 In Caesar s Civil War Historical Reality and Fabrication Westall combines literary analysis of Caesar s Bellum Civile with a concern for the socio economic history of the Roman empire The Bellum Gallicum and the Shakespearean play are better known but Caesar s partisan account of the Roman civil war culminating in the battle of Pharsalus offers a historical text of perennial interest and relevance Two introductory chapters contextualize this book and offer a traditional narrative of political and military history for 49 48 BCE There follow seven chapters that are dedicated to each of the geographical theatres of civil war These chapters show how Caesar s testimony sheds important light upon the nature of Roman rule in the Mediterranean but also explore the problems to be encountered in using potentially tendentious testimony
