Third Series* Library of Congress. Copyright Office, 1979 A Bibliography of Robertson Davies Carl Spadoni, Judith Skelton Grant, 2014-08-01 Robertson Davies 1913 1995 one of Canada's most distinguished authors of the twentieth century was known for his work as a novelist playwright critic journalist and professor This descriptive bibliography is dedicated to his writing career covering all publications from his first venture into print at the age of nine to works published posthumously to 2011 Entries include each of Davies signed publications and those pseudonymous or anonymous writings he acknowledged having written Included are his plays novels journalism academic writing translations interviews speeches lectures unsigned articles and editorials films audio recordings and multimedia editions Also listed is a generous sampling of unsigned articles and editorials Using Davies archives and the archives of other authors organizations and publishers Carl Spadoni and Judith Skelton Grant present *A Bibliography of Robertson Davies* to serve the research demands of Canadian literature and book history scholars *Rhetoric, Ethic, and Moral Persuasion in Biblical Discourse* Thomas H. Olbricht, Anders Eriksson, 2005-10-27 A collection of essays from the Heidelberg conference on rhetoric and the New Testament **Francis Bacon: Discovery and the Art of Discourse** Lisa Jardine, 1974 A New York socialite who wasn't interested in fortune or fame That was Judy Lovin who valued friendship integrity and her career as a preschool teacher Then her father's business collapsed and his most powerful enemy offered to help but under the condition that Judy would accompany him to a remote Caribbean island as his companion nothing more Since it meant so much to her family Judy agreed She suspected that he was probably a harmless lonely man But she was so wrong She didn't expect to meet a powerful attractive loner who would stun her senses and capture her heart **Future Directions in Applied Linguistics** Christina Gitsaki, 2011-12-08 The field of applied linguistics covers a diverse range of research and practice and has developed somewhat differently in various parts of the world due to variations in local socio-cultural conditions needs and issues However this local diversity does not reflect a field that is incoherent but rather one which has a broad shared international agenda which is invigorated by the diversity brought to the field by local perspectives The papers in this volume represent some of the major global directions that research in applied linguistics is taking and shed light on how language is used to affect practice The aim of this volume is to explore some of the key methods and issues which are guiding applied linguistics into the future through an examination of these issues in local contexts thereby providing a basis for understanding the global directions the field is taking These directions follow two historically defined paths those related to educational studies and language teaching and those related to social issues involving language In the volume half the papers focus on the former examining issues of language teaching language teacher education and second language acquisition while the other half examine social issues related to language use bilingualism and multilingualism and

language policy and planning The collection of papers presented in this book illustrates how these traditional themes are influenced by the rising forces of globalisation and the use of technology thus exemplifying both the new and old ways in which the study of language is realised

In Defense of Informal Logic D.S. Levi, 2013-03-09 My impulse when I decided to collect into a single volume the essays on topics in logical theory and related subjects that I have written in the last fifteen years was to borrow from the title of a work by Sextus Empiricus and call my collection *Against the Logicians* Although the essays address a variety of problems that interest me the thread that runs through them is a scepticism about how logicians see things So the title appealed to me However I had second thoughts and chose instead a title of one of my own essays *In Defense of Informal Logic* which emphasizes my support for other approaches Although my criticisms of logical theory are designed to cut deeply I do not want to be unresponsive to the needs that it is supposed to satisfy However my position that we have adequate resources for critically analyzing a particular argument and do not need a theory of argumentation will not completely satisfy those who think that there is a need for it So I want them to know that I am taking their concerns seriously

Rhetoric and the New Testament Stanley E. Porter, Thomas H. Olbricht, 1993-10-01 What role did classical rhetoric play in the writing of the New Testament What role does classical and modern rhetoric play in interpreting the New Testament today What role should classical and modern rhetoric play in New Testament interpretation These and related questions are asked in this collection of over twenty essays originally delivered as papers at the 1992 Heidelberg Conference on Rhetorical Criticism of Biblical Documents This conference the first of several scheduled to address fundamental rhetorical issues of increasing importance in New Testament study drew scholars from three continents and over fourteen countries making it a truly international scholarly event and this a truly cosmopolitan publication The authors varying contexts resulted in a lively and challenging discussion well reflected in this volume s essays The first part discusses rhetoric in the light of extended interpretation of a variety of New Testament texts Luke and Acts most of Paul s letters and other New Testament documents are scrutinized using various rhetorical categories In the second part questions of rhetoric and methodology are raised New approaches are tested in a number of essays that push the boundaries of traditional rhetorical study These essays provide an excellent sampling of some of the major work being done in rhetorical study of the New Testament and suggest several avenues for future research **Walking and Talking Feminist Rhetorics** Lindal

Buchanan, Kathleen J. Ryan, 2010-01-12 Walking and Talking Feminist Rhetorics Landmark Essays and Controversies gathers significant oft cited scholarship about feminism and rhetoric into one convenient volume Essays examine the formation of the vibrant and growing field of feminist rhetoric feminist historiographic research methods and methodologies and women s distinct sites genres and styles of rhetoric The book s most innovative and pedagogically useful feature is its presentation of controversies in the form of case studies each consisting of exchanges between or among scholars about significant questions
