The Inside Story of Vatican II Rev. Fr. Ralph Wiltgen, 1991-12-01 Only two years after the Second Vatican Council concluded in 1965 Catholics around the world welcomed the publication of *The Rhine Flows Into the Tiber* a history of the Council published worldwide in four languages Widely hailed for its balanced factual reporting this eye opening insider s account was written by Rev Ralph M Wiltgen a priest and professional journalist who was an eyewitness with unparalleled access to the principal figures and events of the Council *The Inside Story of Vatican II* is a revised updated edition of that ground breaking contemporary account which details in particular the crucial influence on the Council s proceedings exerted by its German speaking bishops As Catholics continue to debate the meaning and impact of Vatican II they will find this book an indispensable guide for understanding what actually took place there behind the scenes      **The Inside Story of Vatican**

**II** Rev. Fr. Ralph Wiltgen, 1991-12-01 Only two years after the Second Vatican Council concluded in 1965 Catholics around the world welcomed the publication of *The Rhine Flows Into the Tiber* a history of the Council published worldwide in four languages Widely hailed for its balanced factual reporting this eye opening insider s account was written by Rev Ralph M Wiltgen a priest and professional journalist who was an eyewitness with unparalleled access to the principal figures and events of the Council *The Inside Story of Vatican II* is a revised updated edition of that ground breaking contemporary account which details in particular the crucial influence on the Council s proceedings exerted by its German speaking bishops As Catholics continue to debate the meaning and impact of Vatican II they will find this book an indispensable guide for understanding what actually took place there behind the scenes      *Being Right* Mary Jo Weaver, R. Scott Appleby, 1995 *Being Right* is a significant book and a good read for anyone seriously interested in contemporary American religion *Nova Religio* It will be very useful to historians challenging to theologians and indispensable to anyone trying to make sense of the bewildering variety of Catholic presence in the contemporary United States *American Catholic Studies Newsletter* *Being Right* maps the mental universe of this internally diverse group and offers basic insight into how they see things *The Reader s Review* Editors Mary Jo Weaver and R Scott Appleby and their collaborators immerse us in a roiling sea of contested assertion and testimony *First Things* An in depth look at these groups both as they see themselves and as they appear to trained scholars David J O Brien *College of Holy Cross* Compliments must be given to Weaver and Appleby who were able to recruit a distinguished yet impassioned group of essayists for this work *Journal of Church and State* Whether they focus their criticism on pro choice rhetoric and artificial birth control or the removal of religious symbols from public squares the Catholics profiled in this book agree that the contemporary church is in crisis      *Liturgical Time Bombs In Vatican II* Michael Davies, 2009 Michael Davies shows how Fr Annibale Bugnini before his dismissal by Pope Paul VI under suspicion of being a Freemason was able to reform the Catholic Mass into the constantly evolving liturgy Quoting Bishops and Cardinals

as well as liberal experts and Protestant observers he exposes the time bombs which were built into the Second Vatican Council's document on the liturgy by a few revolutionaries in order to be exploited later and which have been detonating ever since. I am convinced that the crisis in the Church that we are experiencing is to a large extent due to the disintegration of the liturgy. Cardinal Ratzinger, now Pope Benedict XVI, 1998. *Vessel of Honor: The Virgin Birth and the Ecclesiology of Vatican II* Brian A. Graebe, 2021-08-18. The traditional claim that Mary remained a virgin during the very act of giving birth to Jesus is one of the least known and least understood aspects of Marian doctrine today. Has the contemporary Church retreated from this claim? In *Vessel of Honor* Fr Brian Graebe provides a solid introduction to the historical development of the doctrine and its reception in modern Catholic theology. He shows that far from being responsible for its contemporary occlusion, the Second Vatican Council did much to reaffirm the traditional understanding of Mary's perpetual virginity against its radical reinterpretation in the mid-twentieth century. Fr Graebe demonstrates that the Council's underappreciated work on Mary's perpetual virginity must be seen as part of the legacy of Vatican II. Perhaps the most significant and timely contribution of this book is its illumination of the Council's revival of the patristic association of Mary with the Church. At a time when many claim Vatican II weakened the Church's commitment to Sacred Tradition, *Vessel of Honor* amplifies the Council's clarion call to the Church to receive and preserve God's revelation with virginal fidelity. Mary's physical intactness is an icon of the deposit of faith. *Vessel of Honor* is an important book both for modern Mariology and for the proper reception of the Second Vatican Council.

**The Spirit of Vatican II** Colleen McDannell, 2011-03-01. Explains how the Second Vatican Council transformed the lives of Catholics throughout the United States and chronicles the legacy of this religious reform. By the author of *Heaven: A History*.

[Catholic Progressives in England after Vatican II](#) Jay P. Corrin, 2013-11-30. In *Catholic Progressives in England after Vatican II* Jay P. Corrin traces the evolution of Catholic social and theological thought from the end of World War II through the 1960s that culminated in Vatican Council II. He focuses on the emergence of reformist thinking as represented by the Council and the corresponding responses triggered by the Church's failure to expand the promises or expectations of reform to the satisfaction of Catholics on the political left, especially in Great Britain. The resistance of the Roman Curia, the clerical hierarchy, and many conservative lay men and women to reform was challenged in 1960s England by a cohort of young Catholic intellectuals for whom the Council had not gone far enough to achieve what they believed was the central message of the social gospels: namely, the creation of a community of humanistic socialism. This effort was spearheaded by members of the English Catholic New Left who launched a path-breaking journal of ideas called *Slant*. What made *Slant* revolutionary was its success in developing a coherent philosophy of revolution based on a synthesis of the New Theology fueling Vatican II and the New Left's Marxist critique of capitalism. Although the English Catholic New Left failed to meet their revolutionary objectives, their bold and imaginative efforts inspired many younger Catholics who had despaired of connecting their faith to contemporary social, political, and economic issues. Corrin's analysis of the periodical

and of such notable contributors as Terry Eagleton and Herbert McCabe explains the importance of Slant and its associated group within the context of twentieth century English Catholic liberal thought and action *The Splendor of the Church in Mary* Theresa Marie Chau Nguyen, 2023-05-05 Henri de Lubac SJ 1896 1991 is one of the most renowned theologians of the twentieth century Numerous studies have been undertaken to examine his many contributions to theology but little attention has been paid to the specific topic of the relationship of the Blessed Virgin Mary and the Church in his writings This was a topic that gave rise to contentious discussion at the Second Vatican Council and although the Council fathers approved the integration of Marian doctrine into the Dogmatic Constitution on the Church this synthesis of Mariology and ecclesiology has been largely neglected in theology today *The Splendor of the Church in Mary* retrieves de Lubac's Marian ecclesiology and revives an understanding and appreciation of its enduring influence at the Vatican Council and beyond The first part examines de Lubac's pre conciliar works which evince a steady biblical and patristic renaissance of Marian themes It also explores his writings on Teilhard de Chardin's Eternal Feminine Christian mysticism and Amida Buddhism and discovers in them the essential building blocks of his Marian thought The second part turns to the Second Vatican Council and post conciliar developments Rereading the debates and texts of *Lumen Gentium* through a Marian lens brings to light the extent of de Lubac's influence *Meditation sur l'Eglise* 1953 his principal work on Mary and the Church anticipated the structure and content of *Lumen Gentium* a decade before the Council De Lubac's writings provided a theological compass for the Council fathers and they continue to provide direction and orientation for ecclesiological discourse today *The Splendor of the Church in Mary* culminates in a constructive analysis of one of the most pressing pastoral and ecclesiological questions of our times the question of the relationship of the universal and particular churches Directly engaging the crucial debate between then Cardinal Ratzinger and Cardinal Kasper it proposes that de Lubac's Mariology effectively offers a new perspective and a refreshing path forward Attentive to the mystical identification of Mary and the Church de Lubac's renaissance has the potential to re-enchant and advance contemporary theology in new and significant ways *The Future of Christian Mission in India* Augustine Kanjamala, 2014-08-21 Colonial missionaries both Catholic and Protestant arrived in India with the grandiose vision of converting the pagans because like St Peter Acts 4:12 and most of the church fathers they honestly believed that there is no salvation outside the church *extra ecclesiam nulla salus* At the end of the great Protestant century however Christians made up less than 3 percent of the population in India and the hope of the missionary was nearly shattered But if one looks at mission in India qualitatively rather than quantitatively one sees a number of positive outcomes Missionaries in India particularly Protestant missionaries espousing the social gospel in collaboration with a few British evangelical administrators dared to challenge numerous social evils and even began to eradicate them The scientific and liberal English education began to enlighten and transform the Indian mindset Converts belonging to the upper caste although small in number laid the foundation stone of Indian theology and an inculturated church using Indian genius The

end of colonialism in India coincided with the painful death of colonial mission theology Now the power of the Word of God extricated from political power is slowly and peacefully gaining ground like the mustard seed of the parable A paradigm shift from the ecclesio centric mission to missio Dei offers reason for further optimism In short the future of mission in India is as bright as the kingdom of God In today s new context theologians despite objections from some quarters are struggling to discover the Asian face of Jesus disfigured by the Greco Roman Church And the missionary is challenged to become a living Bible that undoubtedly everyone will read Religious Messages in the Media Terézia Rončáková,2021-01-06 Can religious messages be transmitted through the media If so how and why Taking these questions as its starting point and focusing on the relationship between media and religion this book presents an analysis of the relationship between religion and the media It explores the inherent qualities of media communication channels and codes and the ways in which they affect the dissemination of religious messages as well as the arguments over religion used in public discourse The book also presents a critical analysis of church media in Slovakia and shows that although the media do have the capacity to convey religious messages they can only do so in a superficial manner and thus do not represent a suitable instrument for mediating deep spiritual content or serving as a vehicle for evangelization Another key finding here is that the differences between the basic argumentation structures of the religious and secular worlds are irreconcilable meaning that conservatives and progressives can expect little more than a basic sense of tolerance and decency from each other **Divine Promise and Human Freedom in Contemporary Catholic Thought** Kevin A. McMahan,2015-07-01 It has always been understood that the central claim of Christianity that Jesus born of Mary is the Son of God is as much a declaration of the mystery of the human as it is the mystery of God just as the claim that in virtue of this identity he is the Christ who restores and more transforms the created order intensifies the mystery of the human even further When the age of revolution was followed by the age of science and the effort to shape the environment by technology was joined by an injunction to shape societies and economies and class conflicts became part of world conflicts the question about the human emerged as a crisis in the meaning of being human Yet the Catholic mind preoccupied like every other with the crisis has conducted its reflection within a tradition of Christian humanism insisting on the mystery and the tragedy and still the dignity of the human This collection of essays by thirteen Catholic scholars of philosophy theology and political thought investigates a range of topics from human sexuality and marriage to moral freedom and responsibility in a pluralistic society while demonstrating that the Gospel passed on in an ecclesial tradition entered into through a sacramental tradition remains the one radical source of confidence in the quest for human truth **The Pope, the Council, and the Mass** James Likoudis,K. D. Whitehead,2006 The Pope the Council and the Mass the definitive response to Traditionalist Catholics when first published in 1981 has been updated to include the developments from the time of the first publication up to and including the beginning of the pontificate of Pope Benedict XVI In addressing the concerns raised by the followers of the late Archbishop Lefebvre and other Traditionalists the authors give

a truly Catholic understanding of Tradition the Second Vatican Council and its implementation and the nature of true liturgical reform This book not only provides the reader with a sound perspective on the past it also offers insight into the present state of the Church and the outlook for the future History canon law ecclesiastical and papal documents and Scripture are mined in this solid apologetic for a faith that is One Holy Catholic and Apostolic *The Institution of the Seminary and the Training of Catholic Priests in South-Eastern Nigeria (1885-1970)* Angelo Chidi Unegbu ,2019-05 Today we can no longer hide under the pretence that the grace of God alone suffices to make one a good priest A close study of the history of priestly formation has shown that not just the training of priests can ensure an authentic priest product rather a continuous effort to adapt the training to the current world situation so that priests would be in the position to discharge their duties effectively Such readiness to adaptability should of course not lose sight of the meaning and function of the priest as revealed in the person of Jesus a service to the world In the bid to assess the models for the training of priests in South eastern Nigeria the author using a historical critical method traced the history of the models and events that shaped the current modules for the training of priests in South eastern Nigeria At the end of the historical research he proffered some suggestions for improvement amendment and solidification of the training of priests in the area As one of the younger African churches the examination of the training of priests in South eastern Nigeria will also serve as a paradigm or typology for understanding the dynamics and the process of training of priests in other African countries since most of these local churches share relatively similar historical cultural economic and socio political circumstances **Essays in Critical**

*O Lord, I Seek Your Countenance: Explorations and Discoveries in Pope Benedict XVI's Theology* Emery de Gaál Gyulai,Fr Emery de Gaal,2018-10-03 Joseph Ratzinger s Pope Benedict XVI s list of accomplishments is unparalleled in modern times in both theological and academic terms He held prestigious teaching positions in Europe s finest universities He played a pivotal role in the deliberations of Vatican II and the formulation of its teachings His theological publications number above fifteen hundred And he served the Catholic Church as its Pontiff for eight years In *O Lord I Seek Your Countenance* Fr Emery de Ga l contends that Ratzinger Benedict is reminiscent of a Church Father in his theological virtuosity But beyond his brilliant intellect Benedict s deep Christ centered spirituality is what gives life and verve to his academic pursuits Through essays that explore Benedict s rich and varied theological thought and achievements from the 1950s through his Jesus of Nazareth trilogy de Ga l apprehends Ratzinger as a theologian with philosophical sensitivity whose insights have shaped and will continue to shape the course of Catholic theology for years to come *The Church in the Making* Richard R. Gaillardetz,2006 Vatican II has become a place marker in the ecclesiastical and ideological geography of contemporary Catholicism Yet forty years later few who refer to the council and its teachings whether with approval or criticism demonstrate a solid grasp of those teachings Even fewer are aware of the important debates that have taken place

in the past four decades regarding the council's authentic reception and implementation of its documents      **The Church in the Modern Age** Gabriel Adriányi, 1981      What Happened at Vatican II John W. O'Malley, 2010-09-01 During four years in session Vatican Council II held television audiences rapt with its elegant magnificently choreographed public ceremonies while its debates generated front page news on a near weekly basis This book captures the drama of the council depicting the colorful characters involved and their clashes with one another
