

RHODES AND RHODESIA

The White Conquest of Zimbabwe
1884-1902

ARTHUR KEPPEL-JONES

Rhodes And Rhodesia

Cecil Rhodes

Rhodes And Rhodesia:

Rhodes and Rhodesia Arthur Keppel-Jones, 1983-11-01 The British South Africa Company and the irregularity of its financial and political operations are dealt with in detail Keppel Jones also discusses the development in the midst of the indigenous population of an alien white society and state from their crude beginnings to their emergence in a form still recognizable today The reader is led to conclude that by 1902 Southern Rhodesia was already set on the road that would lead to the upheavals of the second half of the twentieth century The author examines the racial consciousness and prejudice of the white society and addresses an important question why did the imperial government grant a royal charter to the BSA Company The facts show conclusively that the imperial government had little interest in Central Africa or care for its fate except when foreign competition appeared Keppel Jones also reveals the important role played by black troops employed by the Company in suppressing the rebellions of 1896 7 For opposite reasons neither blacks nor whites have been willing to recognize this on the other hand the habit of the men on the spot of making and carrying out decisions without regard to their superiors in London is a commonplace of imperial history One of the main themes of the book is the tension between the unofficial imperialists straining at the leash and the Colonial Office struggling to hold them back *Rhodes and Rhodesia. A Great Anniversary* Edward William Macleay GRIGG (Baron Altrincham.), Cecil Rhodes, 1953 **The Last Will and Testament of Cecil John Rhodes** Cecil Rhodes, 1902 **A History of Rhodesia** Howard Hensman, 1900 What Rhodes Really Said about Africans Stanlake John Thompson Samkange, 1982 *Rhodes and Rhodesia* Edward William Macleay Grigg Baron Altrincham, 1953 *The Decline and Fall of the British Empire, 1781-1997* Piers Brendon, 2008-10-28 A WASHINGTON POST BOOK WORLD NOTABLE BOOK After the American Revolution the British Empire appeared to be doomed Yet it grew to become the greatest most diverse empire the world had seen Then within a generation the mighty structure collapsed a rapid demise that left an array of dependencies and a contested legacy at best a sporting spirit a legal code and a near universal language at worst failed states and internecine strife *The Decline and Fall of the British Empire* covers a vast canvas which Brendon fills with vivid particulars from brief lives to telling anecdotes to comic episodes to symbolic moments **The Founder: Cecil Rhodes and the Pursuit of Power** Robert I. Rotberg, 1988-10-20 A tall robust looking imposing figure Cecil John Rhodes was a man of many contradictions Rhodes the dreamy idealist called his copy of *The Meditations of Marcus Aurelius* his most precious possession while Rhodes the ruthless businessman firmly believed in the adage every man has his price He supported invidious racial laws in South Africa and invented and sponsored the world renowned Rhodes Scholarships Although a man of unprepossessing intellectual talents he became one of the leading figures in the English speaking world the confidant of Queen Victoria and Kaiser Wilhelm a man of vast wealth and worldwide influence Based on seventeen years

of research this monumental volume written by a noted authority on Southern Africa offers the definitive biography of one of the most controversial figures of the nineteenth century Vividly capturing the life of a man who was truly larger than life Robert Rotberg explores Rhodes childhood and adolescence depicts his life in mining camps around Kimberley and the Witwatersrand traces the surreptitious stock buyouts and mergers that allowed Rhodes to gain control over ninety percent of the world's diamond production by age thirty five describes his campaigns against African populations that allowed him to establish Southern Rhodesia now Zimbabwe and Northern Rhodesia now Zambia and discusses the poorly planned disastrous raid on the Transvaal that destroyed Rhodes reputation The Founder illuminates a complex and fascinating life of both evil and good

A History of Rhodesia Howard Hensman, 2019-05-28 This is the earliest history of the British colony of Rhodesia Written only eight years after the first white settlement and based on exclusive access to the files of Cecil John Rhodes's British South Africa Company this book became the benchmark for all other works It is more than the exciting history of the Pioneer Column it details the tumultuous events of the Matabele Wars the last stand of Allan Wilson Rhodes's personal intervention to the Matabele to halt the fighting and much more Written by one of Britain's leading war correspondents A History of Rhodesia is a book of its time unashamedly jingoistic pro Empire anti Boer and anti Matabele it provides a remarkable insight into the personalities and mindset of the builders of the British Empire It is unfortunately so easy to sit at home in a comfortable arm chair and pour forth vigorous denunciations on the heads of those of one's countrymen who are battling with hordes of savages in a distant land Contents Preface Chapter I Early History of Rhodesia Chapter II Matabeleland under Lobengula Chapter III The Concession Gained Chapter IV Founding a Colony Chapter V War with the Matabele Chapter VI War with the Matabele continued Chapter VII Conclusion of the War Chapter VIII The Jameson Raid Chapter IX The Jameson Raid Committee Chapter X Outbreak of the Matabele Rebellion Chapter XI The Matabele Rebellion continued Chapter XII The Matabele Rebellion continued Chapter XIII End of the Matabele Rebellion Chapter XIV After the War Chapter XV Sir Richard Martin's Inquiry Chapter XVI The Progress of the Country Chapter XVII Mr Rhodes and the Imperial Government Chapter XVIII Representative Government in Rhodesia Chapter XIX The Siege of Kimberley Chapter XX Events at Mafeking Appendix I Appendix II Index

The Routledge Handbook of the History of Settler Colonialism Edward Cavanagh, Lorenzo Veracini, 2016-08-12 The Routledge Handbook of the History of Settler Colonialism examines the global history of settler colonialism as a distinct mode of domination from ancient times to the present day It explores the ways in which new polities were established in freshly discovered New Worlds and covers the history of many countries including Australia New Zealand Israel Japan South Africa Liberia Algeria Canada and the USA Chronologically as well as geographically wide reaching this volume focuses on an extensive array of topics and regions ranging from settler colonialism in the Neo Assyrian and Roman empires to relationships between indigenes and newcomers in New Spain and the early Mexican republic to the settler dominated polities of Africa during the twentieth century Its twenty nine inter

disciplinary chapters focus on single colonies or on regional developments that straddle the borders of present day states on successful settlements that would go on to become powerful settler nations on failed settler colonies and on the historiographies of these experiences Taking a fundamentally international approach to the topic this book analyses the varied experiences of settler colonialism in countries around the world With a synthesizing yet original introduction this is a landmark contribution to the emerging field of settler colonial studies and will be a valuable resource for anyone interested in the global history of imperialism and colonialism

Rhodes' Ghost Duncan Clarke, 2020-09-27 Cecil John Rhodes lived from 1853 to 1902 a brief span and was the renowned and world famous founder of Rhodesia 1890 1980 the leading personality and figure in the Victorian world s late nineteenth century Africa empire Rhodes endeavours shaped the domains of late nineteenth and twentieth century Zambesia and set down the trajectories marking southern Africa while the Great Powers record of empire in Africa proved greatly inferior to Rhodesia s Zambesia s long history of continuous turbulence on a troubled plateau was reversed by Rhodes Pioneer Column in 1890 when the First Rhodesians arrived following five decades of itinerant white presence in Zambesia Rhodesia was forged on blood sweat and tears no easy task Rhodes had been the main architect and visionary behind its formation the continental geopolitics around Zambesia establishing enduring state boundaries in its undefined geographies the legal and institutional systems corporate world and political economy All came from pioneer endeavour which reversed feudalism on the plateau and brought the fruits of civilisation and prosperity into Zambesia Generations of Rhodesians followed this pioneering path for ninety years building the longest established modern state seen in Africa one that succumbed to civil war and the perilous shifting tides in Africa s histories Apart from what is left behind with few Rhodesians living in the inheritor state there has remained continuity in Rhodesiana and its legacies on the world stage

Cecil Rhodes James Rochfort Maguire, 1897

The language of empire Robert Macdonald, 2017-03-01 The debate about the Empire dealt in idealism and morality and both sides employed the language of feeling and frequently argued their case in dramatic terms This book opposes two sides of the Empire first as it was presented to the public in Britain and second as it was experienced or imagined by its subjects abroad British imperialism was nurtured by such upper middle class institutions as the public schools the wardrooms and officers messes and the conservative press The attitudes of 1916 can best be recovered through a reconstruction of a poetics of popular imperialism The case study of Rhodesia demonstrates the almost instant application of myth and sign to a contemporary imperial crisis Rudyard Kipling was acknowledged throughout the English speaking world not only as a wonderful teller of stories but as the singer of Greater Britain or as the Laureate of Empire In the last two decades of the nineteenth century the Empire gained a beachhead in the classroom particularly in the coupling of geography and history The Island Story underlined that stories of heroic soldiers and fights for the flag were easier for teachers to present to children than lessons in morality or abstractions about liberty and responsible government The Education Act of 1870 had created a need for standard readers in schools readers designed

to teach boys and girls to be useful citizens The Indian Mutiny was the supreme test of the imperial conscience a measure of the morality of the master nation **Colonial Tariff Policies** United States Tariff Commission,1922 *Readers' Guide to Periodical Literature* Anna Lorraine Guthrie,Bertha Tannehill,Neltje Marie Tannehill Shimer,1910 **Colonialism in Africa 1870-1960: Volume 5, A Bibliographic Guide to Colonialism in Sub-Saharan Africa** L. H. Gann,Peter Duignan,1969 A comprehensive study of recent African history examining the political social and economic effects of colonialism **British Imperialism** P.J. Cain,A. G. Hopkins,2016-03-02 A milestone in the understanding of British history and imperialism this ground breaking book radically reinterprets the course of modern economic development and the causes of overseas expansion during the past three centuries Employing their concept of gentlemanly capitalism the authors draw imperial and domestic British history together to show how the shape of the nation and its economy depended on international and imperial ties and how these ties were undone to produce the post colonial world of today Containing a significantly expanded and updated Foreword and Afterword this third edition assesses the development of the debate since the book s original publication discusses the imperial era in the context of the controversy over globalization and shows how the study of the age of empires remains relevant to understanding the post colonial world Covering the full extent of the British empire from China to South America and taking a broad chronological view from the seventeenth century to post imperial Britain today *British Imperialism 1688 2015* is the perfect read for all students of imperial and global history Nelson's Perpetual Loose-leaf Encyclopaedia John Huston Finley,1920 Capital and Labour on the Rhodesian Railway System, 1888-1947 Jon Lunn,1996-11-20 This important book is the first in depth history of the Rhodesian railway system Covering the period 1888 1947 when the Rhodesian railway system was privately owned by Cecil Rhodes British South Africa Company this book uses the Rhodesian railway system as a prism through which it refracts many dimensions of the imperial experience in central and southern Africa ranging from the impulses underpinning the regional ambitions of Rhodes himself to the origins of black worker protest in the Rhodesias Library of Congress Subject Headings Library of Congress,1991

Getting the books **Rhodes And Rhodesia** now is not type of inspiring means. You could not lonesome going subsequently books growth or library or borrowing from your connections to admission them. This is an completely easy means to specifically get guide by on-line. This online pronouncement Rhodes And Rhodesia can be one of the options to accompany you behind having further time.

It will not waste your time. assume me, the e-book will extremely way of being you supplementary matter to read. Just invest little epoch to read this on-line statement **Rhodes And Rhodesia** as with ease as evaluation them wherever you are now.
