Yorkey, 2014-10-28 A detailed system that will help you achieve your professional and personal goals Moving the Needle provides both the kick in the pants and the game plan many of us need to break out of the rut and get moving to achieve our goals CEOs vice presidents professionals military personnel and even college students frequently express frustration at the entrenched status quo in which initiating progress feels like moving mountains This book lights a path toward continual improvement helping readers first find a direction then make the key transitions that jumpstart forward progress This highly practical guide outlines a change process that can be applied to professional or personal goals giving readers a concrete plan for making big things happen Rather than blindly shooting for the moon readers will formulate a solid systematic actionable plan that can only result in progress In today's tenuous business climate employers and employees alike can be glued to the ground unsure of the path they should take or whether they have the freedom to move forward Moving the Needle helps readers clarify their current position identify their optimum position and formulate a workable strategy for getting from here to there Find what moving forward means for your career and life Shake off the doldrums of routine and establish a culture of innovation Improve performance on a consistent basis at every level Break the inertia and get moving in the right direction Stagnation is diametrically opposed to progress Moving forward requires a vision a plan and the impetus to get things done Those who sense that big things can happen need to get clear get free and start Moving the Needle *My Journey. My Story.* Wendy Blaskovic, 2024-03-06 In today's world we are constantly juggling expectations and trying to manage the many pressures we feel around us We all have issues struggles and habits that we feel guilt or shame about We all have beliefs and expectations of ourselves and life that hold us back Society is also always pressuring us to look a certain way live a certain way and project happiness and joy through it all Essentially we are surrounded by expectation which can make just being alive a complex exhausting and daunting task For many of us we are following a path that doesn't quite fit right What if you could live every day feeling like you are exactly where you should be What does being authentic mean look and feel like to you What would it take for you to unravel yourself and discover who you really are It is this search for authentic living that so

many of us seek but have trouble achieving Wendy Blaskovic struggled with the same thing She felt a separation between who she truly was and what she was being doing on the outside That disconnection manifested in many challenges along the way an eating disorder the abuse of drugs and alcohol self imposed isolation overworking The feeling of living the wrong life was what pushed her to discover who she truly was As a life long learner and educator herself Wendy only truly unravelled from an unsatisfying life while she was writing her master s thesis on the connection between living being and teaching authentically My Journey My Story is a rather unique approach to self discovery In this book she shares her thesis her journey to healing so that others may find the kernel within to nurture their own true selves Though self discovery is a solitary process this book helps to reassure you that you are not alone

Bounce Back John Calipari, 2009-09-01 Job loss Foreclosure Relationship woes Health issues Dire financial straits If recent history has taught us anything it's that nobody goes through life unscathed no matter how rich how smart how talented or how fortunate they may be White collar blue collar or no collar there is an undeniable commonality to the raw emotion that strikes people when they are knocked down University of Kentucky basketball coach John Calipari has seen the bottom from two very distinct and very public setbacks but he has learned that bad situations are only permanent if you allow them to be Fired from his job as head coach 20 games into his third season with the NBA's New Jersey Nets in 1999 Calipari was publicly humiliated and emotionally devastated But Calipari never allowed the negative to overcome him or those around him and he began plotting a course for his first bounce back It was a journey that took him to the University of Memphis and in 2008 to the NCAA's marquee event the men's basketball Final Four When that trip culminated in a crushing overtime defeat in the title game Calipari began to bounce back again this time armed with the knowledge and fortitude he gained in overcoming the Nets firing One year after that defeat from where he watched his team lose a nine point lead with two minutes and twelve seconds left in regulation Calipari was tabbed as the head coach of college basketball's all time
