Vijnanabhairava or Divine Consciousness Jaideva Singh,2014-01-01 Vijnanabhairava is a very ancient book on Yoga It studiously eschews mechanical worship external rites and ceremonies and goes directly to the heart of the problem of the union of human consciousness with the Divine There is no theoretical discussion in the book It describes 112 types of Yoga each of which is a precious gem delineating the mystic approach to the Divine For this purpose it makes full use of all the aspects of human life prana manas imagination and intuition The book has for the first time been translated into English The translation of each verse is followed by copious expository notes which contain not only all that is of any value in the Sanskrit commentaries but also many practical suggestions made by Swami Lakshmana Joo on the basis of his personal experience of these Yogas In order to understand the philosophical background of these Yogas the reader is advised to go through the introductory portion of the author s Pratyabhijnahridayam or the Siva sutras *A Passion for Wisdom* Robert C.

Solomon,Kathleen M. Higgins,1999-01-28 When the ancient Greek philosopher Pythagoras was asked if he was a wise man he humbly replied No I am only a lover of wisdom This love of wisdom has been central to the philosophical enterprise for thousands of years inspiring some of the most dazzling and daring achievements of the human intellect and providing the very basis for how we understand the world Now readers eager to acquire a basic familiarity with the history of philosophy but intimidated by the task will find in *A Passion for Wisdom* Philosophy Through the Ages a lively accessible and highly enjoyable tour of the world s great ideas Without simplifying their subject editors Robert Solomon and Kathleen Higgins tell the story of philosophy s development with great clarity and refreshing wit The brevity of their study in fact allows readers to see more clearly the connections and divergences between philosophers as well as the way ideas change reappear and evolve over time The authors begin with the most ancient religious beliefs and bring us right up to the feminist and multicultural philosophies of the present Along the way major philosophers are highlighted from Plato and Aquinas to William James and Simone deBeauvoir and major categories explored from metaphysics and ethics to politics and logic We also see the evolution of enduring ideas how for example the value of subjective experience is treated in Augustine Luther Descartes and

Kirkegaard how the idea of dynamic change appears in the work of Heraclitus Darwin Hegel and Nietzsche and how the recurring dichotomies between faith and reason belief and skepticism mysticism and empiricism occupy philosophers from one generation to the next The authors make clear the many ways philosophers have argued with borrowed from and built on each other's ideas throughout the ages We see Francis Bacon rejecting Aristotelian dogma the impact of Buddhism on Schopenhauer and the influence of Hume and Rousseau on the monumental philosophy of Immanuel Kant The book is enlivened as well by telling anecdotes and sparkling quotations We're treated to Thomas Hobbes' assessment Life is nasty brutish and short Hegel's description of Napoleon as world history on horseback Schopenhauer's assertion that Art allows us a Sabbath from the penal servitude of willing and many other memorable and provocative observations Accessible comprehensive and delightfully written *A Passion for Wisdom* is a splendid introduction to an intellectual tradition that reaches back over three thousand years More than that it is a much needed reminder for the present of the power inherent in humanity's wonder before the world

Ārya ,1915 **The Yoga of Delight, Wonder, and Astonishment** Jaideva Singh,1991-01-01 This book offers 112 dhāraṇās 112 meditations or techniques for experiencing the extraordinary and paradoxical reality of unbounded consciousness called Bhairava In her initial question to Bhairava the Goddess asks him to reveal his own essential nature to her Bhairava praises her question as pertaining to the very essence of the Tantra and he praises the transcendent aspect of the Supreme The Goddess then beseeches Bhairava to teach her the method by which she may gain an understanding of this blissful nondual reality The methods offered here hint at a profound secret only a subtle shift of attention is required in order to bring this astonishing reality into view The shift will open a chink in the apparently impregnable smoothness of the ordinary world Here are 112 secret gestures of attention that will reveal infinity True to its tantric provenance the *Vijñāna bhairava* discovers Supreme Reality in unexpected and bizarre places As one scans the great variety of methods it offers one is struck by the contrast in tone between this text and the classical expositions of Yoga While equally serious the *Vijñāna bhairava* has a playful approach anchored in the confidence that one can really never stray from the reality of Shiva Because it is grounded in the tantric realization the text has a freedom to explore meditational domains puritanically disdained by classical Yoga All things all experiences all moments are bathed in the unassailable purity of the absolute consciousness Only a shift of attention a subtle refocusing is required for that extraordinary reality to come into view The *Vijñāna bhairava* contains no sustained philosophical position Rather it is an instructional guide that continuously invites the practitioner to look more deeply and more subtly at her own experience The blissful and shattering realizations that she will undergo as a result of its method serves as the only form of proof or justification This is an initiatory manual that instructs in the intricacies of the advanced sport of Shiva

The Healing House Haruki Nishimura,2025-05-16 The Healing House Essential Feng Shui Your home has something to say and perhaps it's asking for healing The Healing House is more than a guide about spaces it's a sensitive and powerful journey of reconnection with the place that shelters you every day

Holy Books Landon Sterling,AI,2025-03-06 Holy Books explores the profound influence of sacred texts on civilizations and individual lives examining how these religious scriptures guide billions in understanding morality the universe and the human condition The book delves into the genesis and evolution of these texts tracing their transformation from oral traditions to written canons and how subsequent generations have interpreted them It also dissects key theological and ethical concepts such as love justice and compassion which recur across different religious traditions The book contextualizes these texts within their historical settings examining the emergence of major world religions and their spread through trade conquest and missionary activities It highlights how understanding this historical backdrop is crucial for accurately interpreting the texts Structured in three parts the book first introduces the concept of sacred texts then examines major religious texts like the Hebrew Bible the New Testament the Quran and others before synthesizing analyses to draw conclusions about their shared characteristics By drawing upon theological studies historical analyses and literary criticism Holy Books offers a balanced approach to understanding these scriptures It avoids promoting any particular religious viewpoint aiming instead to foster greater appreciation for the role of sacred texts in human history and to encourage critical engagement with diverse interpretations This approach makes it a valuable resource for anyone interested in religion history or cultural studies

The Rhythm of Being Raimon Panikkar,2013-04-01 Now in paperback Catholic Press Association First Place Winner in Theology One of the world s most important philosophers of religion reveals the unity of cosmic Mystery in this distillation of the wisdom of East and West North and South Originally delivered as the prestigious Gifford Lectures and published only months before his death in 2010 Raimon Panikkar s *The Rhythm of Being* was immediately acclaimed as a tour de force of profound insights gleaned from a lifetime of connecting the world of religions philosophy science and revelation

The Great Shift Michael Drake,2018-11-08 The Great Shift is about the new era of humanity We have entered the new epoch of humanity s spiritual evolutionary journey into higher consciousness Our present world is one in which order is arising out of chaos Everything is changing and seeking equilibrium The conditions are nothing short of a rebirth We are quite literally witnesses and participants in the shift from individual to planetary

consciousness We are part of the emerging consciousness and the signs are everywhere It is here now and we all have a part to play in it This book is a guide to navigating the shift from an old paradigm into a new one It is deeply rooted in the shamanic and Taoist traditions which are a fountain of wisdom and knowledge for restoring our relationship with the Earth Shamanism and Taoism are a way of living in harmony with nature rather than an adherence to a religious doctrine By practicing these ways of being we awaken our soul calling and our connection to nature They provide a myriad of responses to the spiritual quest of self discovery They are ways that embed us in the living web of life yielding greater awareness and perspective These practices are easily integrated into contemporary life and provide a means of navigating the turbulent times in which we live

The Whole Elephant Revealed Marja de Vries, 2012-05-25 The Whole Elephant Revealed offers clear insights into the existence and operation of universal laws and the golden ratio It is a synthesis based on common insights found in all wisdom traditions into the operation of universal laws on the one hand and on cutting edge scientific discoveries that are in line with those insights on the other hand These principles are called universal because they work on all levels of existence apply to everything that exist and create order and harmony in the universe Insights into the operation of the universal laws reveals a whole new worldview It helps us to understand how everything works in the universe who we really are and how we can make conscious choices that are more in line with these universal laws Above all it helps us to understand what works and what doesn't work in the long term Everything that operates in line with the universal laws follows the path of least resistance and is in harmony with the greater whole It makes us realize that while everything in the universe works in harmony with these principles many aspects

of our personal life and our Western culture are not in line with the operation of these underlying principles. If we choose to act in line with the operation of the universal laws, it will go easier, will be more in tune with who we really are and more in harmony with the greater whole. This choice is hard to make though if we don't know those principles. For that reason, the rediscovery of the working of these principles seems to be of extreme importance. In this time of great changes and global unbalance, a growing number of people begin to feel the need for a clear and well-founded insight into the universal laws because this gives an understanding of what is needed to restore the balance and harmony in ourselves as well as worldwide. Because the nature of these principles is universal, they apply to all aspects of our individual and social life. Therefore, they can be used as a frame of reference for all personal and social transformations which aim at a greater harmony within ourselves and with the greater whole.

Daily Pulse Debra Ford MSc D, 2018-04-02

Starting and ending each day with deliberate choices creates ritual in life in sync with the essential rhythm of nature. The Daily Pulse is a ritual that helps you to look past distress and confusion to bring habits into everyday life that help you find peace and calm. The Daily Pulse is a daily ritual, small steps towards life transformation and happiness. The Daily Pulse is for you if you are going through change, if you are feeling stuck and helpless, if your life feels as though it has no meaning, if you are experiencing any of life's challenges including divorce, a difficult medical diagnosis, or grief.
