Cameron,2018-05-10 The practice of slavery has been common across a variety of cultures around the globe and throughout history Despite the multiplicity of slavery s manifestations many scholars have used a simple binary to categorize slave holding groups as either genuine slave societies or societies with slaves This dichotomy as originally proposed by ancient historian Moses Finley assumes that there were just five genuine slave societies in all of human history ancient Greece and Rome and the colonial Caribbean Brazil and the American South This book interrogates this bedrock of comparative slave studies and tests its worth Assembling contributions from top specialists it demonstrates that the catalogue of five must be expanded and that the model may need to be replaced with a more flexible system that emphasizes the notion of intensification The issue is approached as a question allowing for debate between the seventeen contributors about how best to conceptualize the comparative study of human bondage **Catalog of the Library of the Museum of Modern Art: Eh** Museum of Modern Art (New York, N.Y.).
