## **Richard Cobden:**

**The Letters of Richard Cobden** Anthony Howe, 2007-11-22 The first of four volumes this book provides a unique insight into the career of one of Britain's leading nineteenth century politicians Richard Cobden 1804-1865 moved rapidly from business success in Manchester into the worlds of local national and international politics providing a case study in social mobility in the Industrial Revolution He travelled extensively visiting the United States the Near East and the continent writing influential pamphlets before undertaking the campaign against the British Corn Laws for which he remains best known Drawing on material from Britain Europe and the United States the letters are accompanied by notes and an introduction by Anthony Howe explaining the unusual history of the letters and re-assessing Cobden's importance in their light But the letters reveal not only Cobden the anti-corn law crusader but provide us with a greater understanding of wider aspects of middle class politics and culture in their formative period in Britain and Europe Together these four volumes provide a unique source on British liberalism in its European and international contexts throwing new light on issues such as the repeal of the Corn Laws the British radical movements the Crimean War the Indian Mutiny and the American Civil War

**Britain, 1776-1914** Gordon Bannerman, 2023-07-27 This volume takes up the story of exacerbated political divisions from 1841 onwards with a clearer demarcation in political life caused at least partly by commercial policy considerations

Ultimately the success of free trade policies implemented by Sir Robert Peel after 1841 saw the reconfiguration of political parties and had lasting effects and impact on party politics Yet in the period up to 1879 there was a broad consensus on

maintaining the free trade settlement of 1846 This period often seen as a free trade interlude book ended by a far more complex range of opinions policies and strategies surrounding commercial policy was characterised by British manufacturing expansion deeper penetration of foreign and colonial markets and the adoption of freer trade policies by foreign nations Ultimately none of these developments lasted in the long term By the end of 1879 commercial policy was again controversial The type of sources in this volume include correspondence from The Panmure Papers the Later Correspondence of Lord John Russell and diary material from Lord Ashley and John Bright There is also a considerable body of material from newspapers including the Morning Chronicle Northern Star Manchester Guardian and Liverpool Mercury Manuscript materials from Richard Cobden John Benjamin Smith and Lord John Russell among others are also present **Race and British**

Burnand, Owen Seaman, 1864 **Revolutionary Domesticity in the Italian Risorgimento** Diana Moore, 2021-07-14 This book examines how a group of transnational British Italian women affiliated with the exiled patriots of the Italian Left repurposed traditionally feminine activities such as fundraising gift giving maternity and memory collection to make a substantial contribution to Italian Unification and state building Through their actions Mary Chambers Sara Nathan Giorgina Saffi Julia Salis Schwabe and Jessie White Mario transcended the boundaries of acceptable behavior for middle class women and participated in the broader female emancipation movement By drawing attention to their activities this book reveals how nineteenth century female activists achieved their most revolutionary goals by using conservative domestic or anti Catholic language Adding to the growing understanding of the Italian Risorgimento as a transnational phenomenon it also shows how non Catholic and non Italian women participated in the creation and development of the Italian state Finally the book argues for the continuing importance of religion in both politics and philanthropy throughout the nineteenth century Studies in

Alexander Zevin, 2021-03-23 The path breaking history of modern liberalism told through the pages of one of its most zealous supporters In this landmark book Alexander Zevin looks at the development of modern liberalism by examining the long history of the Economist newspaper which since 1843 has been the most tireless and internationally influential champion of the liberal cause anywhere in the world But what exactly is liberalism and how has its message evolved Liberalism at Large examines a political ideology on the move as it confronts the challenges that classical doctrine left unresolved the rise of democracy the expansion of empire the ascendancy of high finance Contact with such momentous forces was never going to

leave the proponents of liberal values unchanged Zevin holds a mirror to the politics and personalities of Economist editors past and present from Victorian banker essayists James Wilson and Walter Bagehot to latter day eminences Bill Emmott and Zanny Minton Beddoes Today neither economic crisis at home nor permanent warfare abroad has dimmed the Economist's belief in unfettered markets limited government and a free hand for the West Confidante to the powerful emissary for the financial sector portal onto international affairs the bestselling newsweekly shapes the world its readers as well as everyone else inhabit This is the first critical biography of one of the architects of a liberal world order now under increasing strain
