Richard Long Circles Cycles Mud Stones:

Richard Long Richard R. Brettell, Dana Friis-Hansen, 1996 **Gendering Landscape Art** Steven Adams, Anna Gruetzner Robins, 2000 While gender has been the subject of extensive critical inquiry the debate has focused primarily on the human particularly the female body The spaces bodies occupy and the ways in which those spaces are depicted in landscape art has not however been subject to investigation This book is the first sustained attempt to fill this gap in art history **Drawing from the Modern** Jodi Hauptman, Gary Garrels, Museum of Modern Art (New York, N.Y.), 2004 Published on the occasion of the exhibition held at the Museum of Modern Art New York Mar 30 Aug 29 2005 **A Dictionary of the Avant-Gardes**, 2013-05-13 A Dictionary of the Avant Gardes recognizes that change is a driving force in all the arts It covers major trends in music dance theater film visual art sculpture and performance art as well as architecture science and culture Stone Worlds Barbara Bender, Sue Hamilton, Christopher Tilley, 2016-09-16 This book represents an innovative experiment in presenting the results of a large scale multidisciplinary archaeological project The well known authors and their team examined the Neolithic and Bronze Age landscapes on Bodmin Moor of Southwest England especially the site of Leskernick The result is a multivocal multidisciplinary telling of the stories of Bodmin Moor both ancient and modern using a large number of literary genres and academic disciplines Dialogue storytelling poetry photo essays and museum exhibits all appear in the volume along with contributions from archaeologists anthropologists sociologists geologists and ecologists The result is a major synthesis of the Bronze Age settlements and ritual sites of the Moor contextualized within the Bronze Ages of southwestern and central Britain and a tracing of the changing meaning of this landscape over the past five thousand years Of obvious interest to those in British prehistory this is a substantial presentation of a groundbreaking project that will also be of interest to many concerned with the interpretation of social landscapes and the public presentation of archaeology

Richard Long Richard Long, 2009-09 This exhibition presents a selection of the artist s works spanning four decades

Ireland, Memory and Performing the Historical Imagination Mary P. Caulfield, 2014-12-09 This book explores the performance of Irish collective memories and forgotten histories It proposes an alternative and more comprehensive criterion of Irish theatre practices These practices can be defined as the rejected contested and undervalued plays and performativities that are integral to Ireland s political and cultural landscapes Contemporary Voices Ann Temkin, Museum of Modern Art (New York, N.Y.), 2005 Catalog of an exhibition held Feb 4 Apr 25 2005 The Art of Richard Long William Malpas, 2007 A critical study of the work of British artist Richard Long Land Art Ben Tufnell, 2006 A chronology of many histories of Land art this title begins with the early American masters of the movement including Robert Smithson Michael Heizer Walter De Maria and James Turrell While making a thorough study these figures the author explores the contribution of many key figures such as Richard Long Jamish Fulton Giuseppe Penone Joseph Beuys and Ana Mendieta Mirage Richard Long, 1998-02-04 Richard Long is one of the most compelling and original of contemporary artists In creating works

of art that are inspired by and founded on the process of walking he has pioneered new ways of understanding the relationship between the individual artist and his surrounding environment In the range of his walks and in the scope of his international exhibitions Long has become established as an artist of the world transcending the milieu of the 1960s avant garde in which he first rose to prominence Though his individual works in themselves are often simple they form cumulatively a body of work that is boundlessly rich and complex with a universal character As Long himself says the different forms of my work represent freedom and richness it s not possible to say everything in one way The integrity purity and formal beauty of Long s work are admired worldwide In this book he presents chosen works from some 30 years of his response to landscapes both near and far and a selection of some of his recent exhibitions **Settings and Stray Paths**

Marc Treib, 2018-10-24 These collected works represent twenty five years of study of the designed landscape which the author here takes to include gardens cemeteries plazas and other shared spaces Asking essential questions about the nature of order and its perception this book includes in its impressive scope analyses of both historic and modern works with a geographical distribution that extends across Europe Asia and North America With unique depth in many areas of study Treib brings his expertise to bear on a range of inter related and mutually influential issues within the subject taking in an assessment of the lives and contributions of a number of leading figures in the field the contents of a landscape and the meanings ascribed to it and a theoretical formulation of the ideas from which or by which landscape architecture is produced

Life, Death, Love, Hate, Pleasure, Pain Elizabeth A. T. Smith, Alison Pearlman, Julie Rodrigues Widholm, Museum of Contemporary Art (Chicago, Ill.), 2002 With its title taken from a signature work by Bruce Nauman *Life Death Love Hate Pleasure Pain* presents a selection of approximately 190 works from the collection of the Museum of Contemporary Art Chicago A wide ranging insightful survey arranged in roughly chronological order it features work by such artists as Vito Acconci Magdalena Abakanowicz Francis Bacon Matthew Barney Joseph Beuys Christo Iigo Manglano Ovalle Kerry James Marshall Mariko Mori Martin Puryear Richard Serra Yinka Shonibare and H C Westermann In an introductory essay chief curator Elizabeth Smith discusses key trends in art from World War II to the present and provides a brief history of the MCA and its collection Additional accessible short texts by the curatorial staff of the MCA focus on individual works

Contemporary Artists: L-Z Sara Pendergast, Tom Pendergast, 2002 Arranged alphabetically from Magdalena Abakanowicz to Tadaaki Kuwayama this volume provides a biography of the artist a selected list of exhibitions a list of public collections that include work by the artist and more **Abstract Painting, Once Removed** Dana Friis-Hansen, 1998 *Land Art in the U.S.A.* William Malpas, 2008 A study of contemporary art looking at all of the major artists in America

Artbibliographies Modern, 1999 *Sites Unseen* Dianne Suzette Harris, D. Fairchild Ruggles, 2007 *Sites Unseen* challenges conventions for viewing and interpreting the landscape using visual theory to move beyond traditional practices of describing and classifying objects to explore notions of audience and context While other fields such as art history and

geography have engaged poststructuralist theory to consider vision and representation the application of such inquiry to the natural or built environment has lagged behind This book by treating landscape as a spatial psychological and sensory encounter aims to bridge this gap opening a new dialogue for discussing the landscape outside the boundaries of current art criticism and theory As the contributors reveal the landscape is a widely adaptable medium that can be employed literally or metaphorically to convey personal or institutional ideologies Walls gates churchyards and arches become framing devices for a staged aesthetic experience or to suit a sociopolitical agenda The optic stimulation of signs symbols bodies and objects combines with physical acts of climbing and walking and sensory acts of touching smelling and hearing to evoke an overall vision of landscape Sites Unseen considers a variety of different perspectives including ancient Roman visions of landscape the framing techniques of a Moghul palace and a contemporary case study of Christo s The Gates as examples of human attempts to shape our sensory cognitive and emotional experiences in the landscape **Art Now Gallery Guide** ,1996-05

House Beautiful ,1996
