Richard M Nixon:

A Companion to Richard M. Nixon Melvin Small, 2011-04-18 This companion offers an overview of Richard M Nixon's life, presidency and legacy as well as a detailed look at the evolution and current state of Nixon scholarship. Examines the central arguments and scholarly debates that surround his term in office. Explores Nixon's legacy and the historical significance of his years as president. Covers the full range of topics from his campaigns for Congress to his career as Vice President to his presidency and Watergate. Makes extensive use of the recent paper and electronic releases from the Nixon Presidential Materials Project. *Richard M. Nixon* Leon Friedman, William F. Levantrosser, 1991-09-30 This timely compilation of papers was originally presented at the 1987 Hofstra University Conference on the Nixon Presidency. Bringing together noted Nixon scholars including Stephen Ambrose, Tom Wicker and Hugh Sidey and politicians such as Eliot Richardson, Maurice Stans, H. R. Haldeman and Robert Finch, the editors have included essays primarily on domestic policies. A lively section on Nixon the man is followed by scholarly articles on all aspects of the domestic agenda. Notable contributions include David Caputo's analysis of revenue sharing and Michael Balzano's study of the adrift Democrats who emerged as Nixon's silent majority and ultimately as the Reagan coalition. A worthy addition for specialized collections. *Library Journal* Thirteen years after Richard Nixon left office, Hofstra University's sixth conference on the Modern American Presidency sets the stage for an exchange of views on Richard M Nixon's presidency, his politics and his administrative abilities. Leon Friedman and William F. Levantrosser bring together the papers and discussions presented at this conference by scholars, journalists and Nixon administration officials in this first of a trilogy of volumes issuing from the conference. With the perspective of time, the commentary of leading administration figures such as H. R. Haldeman, Elliot Richardson, Maurice Stans and Charles Colson takes on a special quality. Papers and discussions explore three major aspects of Richard Nixon: his capacity for greatness, his shortcomings and his impact on today's youth; the scope and depth of his domestic policy and his political acumen. *Richard M. Nixon: Politician, President, Administrator* records the interactions of scholars, journalists and Nixon administration officials as they search for a better understanding of the Nixon phenomenon. Part I explores the man, his persona and his presidency. A special panel presents the reaction of today's youth to this segment of American history. Part II concentrates primarily on domestic policy. It uncovers the scope and depth of Nixon initiatives in revenue sharing, social welfare, civil rights, environment and the economy. In Part III, papers and discussions on the silent majority, election campaigning and the reorganization of the executive branch disclose Richard Nixon's role in changing the face of American politics. **RN, the Memoirs of Richard Nixon** Richard Milhous Nixon, 1979 V 1 Describes the early years of his life till the presidential election of 1972.
