Electric Eden Rob Young, 2011-05-10 A Kirkus Reviews Best Nonfiction of 2011 title In the late 1960s with popular culture hurtling forward on the sounds of rock music some brave musicians looked back instead trying to recover the lost treasures of English roots music and update them for the new age The records of Fairport Convention Pentangle Steeleye Span and Nick Drake are known as folk rock today but Rob Young's epic electrifying book makes clear that those musicians led a decades long quest to recover English music and with it the ancient ardor for mysticism and paganism for craftsmanship and communal living It is a commonplace that rock and R B came out of the folk and blues revivals of the early 1960s and Young shows through enchanting storytelling and brilliant commentary that a similar revival in England inspired the Beatles and Pink Floyd Led Zeppelin and Traffic Kate Bush and

Talk Talk Folklorists notated old songs and dances Marxists put folk music forward as the true voice of the people Composers like Benjamin Britten and Ralph Vaughan Williams devised rich neo traditional pageantry Today the pioneers of the acid folk movement see this music as a model for their own Electric Eden is that rare book which has something truly new to say about popular music and like Greil Marcus's Lipstick Traces it uses music to connect the dots in a thrilling story of art and society of tradition and wild idiosyncratic creativity *Electric Folk* Britta Sweers, 2005-01-13 In the 1960s and 1970s a number of British musicians rediscovered traditional folk ballads fusing the old melodies with rock jazz and blues styles to create a new genre dubbed electric folk or British folk rock This revival featured groups such as Steeleye Span Fairport Convention and Pentangle and individual performers like Shirley Dolly Collins and Richard Thompson While making music in multiple styles they had one thing in common they were all based on traditional English song and dance material These new arrangements of an old repertoire created a unique musical voice within the popular mainstream After reasonable commercial success peaking with Steeleye Span's Top 10 album All Around My Hat Electric Folk disappeared from mainstream notice in the late 1970s yet performers continue to create today In *Electric Folk The Changing Face of English Traditional Music* Britta Sweers provides an illuminating history and fascinating analysis of the unique features of the electric folk scene exploring its musical styles and cultural implications Drawing on rare historical sources contemporary music journalism and first hand interviews with several of electric folk's most prominent artists Sweers argues that electric folk is both a result of the American folk revival of the early 1960s and a reaction against the dominance of American pop music abroad Young British folk rockers such as Richard Thompson and Maddy Prior turned to traditional musical material as a means of asserting their British cultural identity Yet unlike many American and British folk revivalists they were not as interested in the purity of folk ballads as in the music's potential for lively interaction with modern styles instruments and media The book also delves into the impact of the British folk rock movement on mainstream pop American rock music and neighboring European countries Ultimately Sweers creates a richly detailed portrait of the electric folk scene as cultural phenomenon commercial entity and performance style [The Rockin' 60s: The People Who Made the Music](#) Brock Helander, 2001-01-01 The Rockin 60s is a comprehensive guide through the decade that produced the greatest music of all time The Beatles The Rolling Stones Bob Dylan Jimi Hendrix Led Zeppelin Phil Spector The Beach Boys Aretha Franklin and hundreds more emerged from this era Delve into a narrative history of each group and examine the people behind the music along with an analysis of key recordings discography and archival photos throughout **I've Always Kept a Unicorn** Mick Houghton, 2015-03-03 I've Always Kept a Unicorn tells the story of Sandy Denny one of the greatest British singers of her time and the first female singer songwriter to produce a substantial and enduring body of original songs Sandy Denny laid down the marker for folk rock when she joined Fairport Convention in 1968 but her music went far beyond this during the seventies After leaving Fairport she formed Fotheringhay whose influential eponymous album was released in 1970 before collaborating on a historic

one off recording with Led Zeppelin the only other vocalist to record with Zeppelin in their entire career and releasing four solo albums across the course of the decade Her tragic and untimely death came in 1978 Sandy emerged from the folk scene of the sixties a world of larger than life characters such as Alex Campbell Jackson C Frank Anne Briggs and Australian singer Trevor Lucas whom she married in 1973 Their story is at the core of Sandy's later life and work and is told with the assistance of more than sixty of her friends fellow musicians and contemporaries one of whom to paraphrase McCartney on Lennon observed that she sang like an angel but was no angel

[Singing Out](#) David Burke,2015-03-01 The Life And Work Of 3 Female Folk Icons David Burke takes the lives of three of British folk music's best known and best loved women and intertwines their stories Why these three As David explains Maddy Prior June Tabor and Linda Thompson have both endured and evolved The people's relationship with its heritage may be capricious but Maddy June and Linda have remained resolutely committed to it while concurrently contemporising it They all began in the folk clubs of the second folk revival in the 1960s but whilst staying true to their roots have never been afraid to try new things sometimes to the horror of traditional folkies Maddy Prior MBE is best known as being the singer with Steeleye Span though she has done many different things including the Silly Sisters with June Tabor June tried to juggle being a librarian and a singer until singing thankfully won out Elvis Costello said If you don't like listening to June Tabor you should stop listening to music To a large extent Linda Thompson's later career has been blighted by hysterical dysphonia a condition that has stopped her singing for long periods For this book all three women kindly provided interviews but Linda could only communicate via e mail her condition which comes and goes was so bad at the time However her albums with ex husband Richard Thompson are classics as are her own solo albums it is just sad that illness has deprived her and us of more of them In addition to the three subjects David has interviewed amongst others Ian Anderson Martin Carthy Christy Moore Martin Simpson Rufus Wainwright and even the creator of the Wombles pop group Mike Batt who produced Steeleye Span
