The Unauthorized Autobiography of Richard Burns Walt Long, 2009-02-20 At the age of twenty five he was pulled down from the top of the wall at 4 AM trying to escape from the State Penitentiary in Guadalajara and thrown into a dark smelly dungeon for seven months and that wasn't even the lowest point of his life It was never easy for Richard Burns from a troubled adolescence through years of incredible and dangerous adventures He followed and chased uncertainty with the great beat generation writers a beautiful heroin addicted dancer clever scams harrowing escapes and short sighted ventures that always tempted fate The one constant in his life was the apparent truism that life is forgiving and always offers another chance

Cosmic Consciousness and Human Excellence Mahmoud Masa'eli, Rico Sneller, 2019-01-29 Cosmoconsciousness or cosmic

consciousness is a term used to characterize a transcendence of the limits of self consciousness As an ultra state of illumination of the mind the roots of the conception are embodied in the quest for a spiritual connection with multi dimensional cosmos This quest searches for spiritual development as a pathway to human excellence and can be associated with the mystics of ancient wisdom as well as contemporary psycho spiritual analysts After its emergence in the late 19th century cosmic consciousness rapidly became a source of inspiration for transpersonal psychology moral therapy and a thoughtful link to mystical quantum physics By encouraging a spiritual way of perceiving the real world cosmic consciousness also provides a source of inspiration for human excellence as the central idea of global ethics In this perspective the world cannot be changed for the better without changing individual consciousness Global concerns including ecological issues violence and acts of terrorism materialistic gratification and hedonism could not be addressed effectively unless people s consciousness is changed Cosmic consciousness by the very perception of the inner life has the potential to struggle with global concerns and hence it holds a promise of human excellence This book discusses cosmic consciousness against the backdrop of the emergence of the rational and autonomous conception of the self and the modern psychological depiction of selfhood It places the idea of cosmic consciousness at the centre of contemporary arguments on the nature of consciousness
