designs Back flap of cover **Artists' Impressions in Architectural Design** Bob Giddings, Margaret Horne, 2003-09-02
 Artists Impressions in Architectural Design analyses the ways in which architects have presented their designs for clients and the public both historically and contemporarily It spans a period from the fifteenth to the twenty first century Architects have become familiar with change The passage of time has brought with it new and revived styles of architecture as well as innovative tools and techniques for their representation The result is that while some methods show a view of the architect s concept for a building others offer an almost real experience of the intended architecture This book provides a rare and valuable study in which the exciting technological developments of today are placed in context with the rich heritage of the past It offers an opportunity to learn how architects have chosen to represent their ideas The authors dare to glimpse into the future and hopefully offer some reassurance for tomorrow **Architecture and Design at the Museum of Modern Art** Thomas S. Hines, 2019-01-22 A comprehensive and fascinating look at the history of the Museum of Modern Art s Architecture and Design Department under the leadership of the influential curator Arthur Drexler Arthur Drexler 1921 1987 served as the curator and director of the Architecture and Design Department at the Museum of Modern Art MOMA from 1951 until 1986 the longest curatorship in the museum s history Over four decades he conceived and oversaw trailblazing exhibitions that not only reflected but also anticipated major stylistic developments Although several books cover the roles of MoMA s founding director Alfred Barr and the department s first curator Philip Johnson this is the only in depth study of Drexler who gave the department its overall shape and direction During Drexler s tenure MoMA played a pivotal role in examining the work and confirming the reputations of twentieth century architects among them Frank Lloyd Wright Le Corbusier Richard Neutra Marcel Breuer and Ludwig Mies van der Rohe Exploring unexpected subjects from the design of automobiles and industrial objects to a reconstruction of a Japanese house and garden Drexler s boundary pushing shows promoted new ideas about architecture and design as modern arts in contemporary society The department s public and educational programs projected a culture of popular accessibility offsetting MoMA s reputation as an elitist institution Drawing on rigorous archival research as well as author Thomas S Hines s firsthand experience working with Drexler *Architecture and Design at the Museum of Modern Art* analyzes how MoMA became a touchstone for the practice and study of midcentury architecture *2010 Artist's & Graphic Designer's Market* Editors Of Writers Digest Books, 2009-10-12 The Tools to Build a Successful Art Career 2010 Artists steampunk artist Eric Freitas fine artist Maggie Barnes and art director turned artist Carlo LoRaso Information on grants residencies organizations publications and websites that offer support and direction for creatives *2009 Artist's & Graphic Designer's Market - Listings* Editors Of Writers Digest Books, 2008-10-01 Since 1975 Artist s Graphic Designer s Market has been the most complete resource for fine artists illustrators designers and cartoonists who want to show and sell their work This essential guide gives you completely updated contact and submission information for more than 1 500 art markets such as greeting card companies magazine and book publishers galleries art
