Richer Futures Fashioning A New Po:

Richer Futures Ken Worpole, 2020-09-10 In every area of life traditional centralized party politics has been failing and the seeds of a new form of political life are being sown This is true in housing health education consumption and transport where public policy is attracting increasing criticism In an age of social alienation and urban despondency Richer Futures is a timely response to the growing interest in community based self help action It introduces new forms of communication and decision making and sets out a programme for a sustainable politics Contributions from some of the best known thinkers and writers on contemporary urban cultural and social policy and campaigns in Britain today pay tribute to the ideas and industrious activities of the influential writer and commentator Colin Ward This uplifting collection of essays looks forward to a new politics of self management and environmentally aware and sustainable lifestyles Ken Worpole has written a number of books on urban and cultural policy and a series of influential reports for Comedia Demos and the Department of the Environment Originally published in 1999 A British Anarchist Tradition Carissa Honeywell, 2011-05-12

Planning for a Sustainable Future Sue Batty, Simin Davoudi, Antonia Layard, 2012-09-10 Sustainable Development is now firmly on the planning agenda and is an issue neither practitioner nor academic can afford to ignore Planning for a Sustainable Future provides a multi disciplinary overview of sustainability issues in the land use context focusing on principles and their application the legal political and policy context and the implication of sustainable development thinking for housing urban design and property development as well as waste and transport The book concludes by considering how sustainable and unsustainable impacts alike can be measured and modelled providing real tools to move beyond rhetoric into practice

Beyond Schooling David H. Hargreaves, 2019-04-11 Provocative and engagingly written Beyond Schooling offers a challenging perspective on State schooling in England and the unrelenting increase in centralisation from the late 1960s until the present day Exploring how the education of our children and young people should be recaptured from the State as the country moves into a precarious future this book argues that any fundamental reconsideration of schooling has much to learn from an anarchist analysis introduces readers unfamiliar with anarchism to the main themes of this political philosophy and practice and their relationship to the political left and right shows how an anarchist perspective on education raises deep issues about the community and the use of power questions the notions of full time schooling and age grading alongside conventional conceptions of the teaching profession and the potential educational role of parents as work declines or disappears In its original reflections on the state of contemporary schooling and the paths to future reform Beyond Schooling is a must read for anyone seeking a new vision for the future of education and schooling *Education, Childhood and Anarchism* Catherine Burke, Ken Jones, 2014-02-18 As one of Britain's most original thinkers and writers Colin Ward wrote extensively about positive and practical examples from the past and present of the anarchist spirit or the social principle in everyday life This volume is the first scholarly work dedicated to examining the significance of his distinctive and highly

relevant contributions to the areas of education children and the environment In each chapter international contributors from academic and activist backgrounds offer cross disciplinary and critical perspectives on Ward s work and its relevance to contemporary debates The book is divided into four key areas The Sand Box of the City Adventures in Education Reflections on Practice Mobilisations This book will appeal to academics and professionals interested in the condition of childhood and youth today It will prove useful for postgraduates and professionals undertaking further professional development and is relevant to anyone studying researching or working in fields relating to children education and the environment not just in the UK but beyond

Anarchism: A Very Short Introduction Colin Ward,2004-10-21 The word anarchism tends to conjure up images of aggressive protest against government and recently of angry demonstrations against bodies such as the World Bank and the International Monetary Fund But is anarchism inevitably linked with violent disorder Do anarchists adhere to a coherent ideology What exactly is anarchism In this Very Short Introduction Colin Ward considers anarchism from a variety of perspectives theoretical historical and international and by exploring key anarchist thinkers from Kropotkin to Chomsky He looks critically at anarchism by evaluating key ideas within it such as its blanket opposition to incarceration and policy of no compromise with the apparatus of political decision making Among the questions he ponders are can anarchy ever function effectively as a political force Is it more organized and reasonable than is currently perceived Whatever the politics of the reader Ward s argument ensures that anarchism will be much better understood after reading this book ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Anarchist Seeds beneath the Snow David Goodway,2011-12-12 From William Morris to Oscar Wilde to George Orwell left libertarian thought has long been an important but neglected part of British cultural and political history In Anarchist Seeds beneath the Snow David Goodway seeks to recover and revitalize that indigenous anarchist tradition This book succeeds as simultaneously a cultural history of left libertarian thought in Britain and a demonstration of the applicability of that history to current politics Goodway argues that a recovered anarchist tradition could and should be a touchstone for contemporary political radicals Moving seamlessly from Aldous Huxley and Colin Ward to the war in Iraq this challenging volume will energize leftist movements throughout the world

From Here to Sustainability Ian Christie,2010-09-23 For a large proportion of the electorate national politics misses the real issues As a result membership of campaigning organizations has soared whilst party numbers have declined This work distils the principles and priorities of many of the leading voluntary groups into a strong and coherent programme of political aims and actions The problem can be measured as a sustainability gap between official policies and achievements and actual democratic participation environmental restoration and the eradication of poverty With examples and short case studies the book translates the gap

into practical and realistic recommendations for progress

How to Think Seriously about the Planet Roger Scruton, 2014-10 Roger Scruton here makes a plea to rescue environmental politics from the activist movements and to return them to the people The book defends the legacy of home building and practical reasoning with which ordinary human beings solve their environmental problems and attacks the alarmism and hysteria that are being used to uproot these resources while putting nothing coherent in their place

ECOS , **Talking Anarchy** Colin Ward, David Goodway, 2014-01-01 Of all political views anarchism is the most ill represented For more than thirty years in over thirty books Colin Ward patiently explained anarchist solutions to everything from vandalism to climate change and celebrated unofficial uses of the landscape as commons from holiday camps to squatter communities Ward was an anarchist journalist and editor for almost sixty years most famously editing the journal Anarchy He was also a columnist for New Statesman New Society Freedom and Town and Country Planning In Talking Anarchy Colin Ward discusses with David Goodway the ups and downs of the anarchist movement during the last century including the many famous characters who were anarchists or associated with the movement including Herbert Read Alex Comfort Marie Louise Berneri Paul Goodman Noam Chomsky and George Orwell

Resourcing an Agroecological Urbanism Chiara Tornaghi, Michiel Dehaene, 2021-03-07 Foregrounding an innovative and radical perspective on food planning this book makes the case for an agroecological urbanism in which food is a key component in the reinvention of new and just social arrangements and ecological practices Building on state of the art and participatory research on farming urbanism food policy and advocacy in the field of food system transformation this book changes the way food planning has been conceptualised to date and invites the reader to fully embrace the transformative potential of an agroecological perspective Bringing in dialogue from both the rural and urban the producer and consumer this book challenges conventional approaches that see them as separate spheres whose problems can only be solved by a reconnection Instead it argues for moving away from a food in the city approach towards an urbanism perspective in which the economic and spatial processes that currently drive urbanisation will be unpacked and dissected and new strategies for changing those processes into more equal and just ones are put forward Drawing on the nascent field of urban political agroecology this text brings together i theoretical reconceptualisations of urbanism in relation to food planning and the emergence of new agrarian questions ii critical analysis of experimental methodologies and performing arts for public dialogue reflexivity and food sovereignty research iii experiences of resourceful land management including urban land use and land tenure change and iv theoretical and practical exploration of post capitalist economics that bring consumers and producers together to make the case for an agroecological urbanism Aimed at advanced students and academics in agroecology sustainable food planning urban geography urban planning and critical food studies this book will also be of interest to professionals and activists working with food systems in both the Global North and the Global South

Managing Sustainable Development Michael Carley, Ian Christie, 2017-09-25 In a world where environmental

problems spill across political administrative and disciplinary boundaries there is a pressing need for a clear understanding of the kinds of organizations management structures and policy making approaches required to bring about socially equitable and ecologically sustainable development In this second edition the authors incorporate lessons from a decade of work on the conditions of sustainability in both developed and developing countries They prescribe action networks partnerships of flexible achievement oriented actors and present new case studies demonstrating the success of organizations that have applied this approach They also introduce case studies on action networks that work simultaneously on international national and local levels

Fashioning the Future in Roman Greece Estelle Strazdins, 2023-01-10 Fashioning the Future in Roman Greece Memory Monuments Texts uses literature inscriptions art and architecture to explore the relationship of elite Greeks of the Roman imperial period to time This wide ranging work challenges conventional thinking about the temporal positioning of imperial Greece and the so called Second Sophistic which holds that it was obsessed above all with the Classical past Instead the volume establishes that imperial Greek temporality was far more complex than scholarship has previously allowed by detailing how contemporary cultural output used the past to position itself within tradition but was crafted to speak to the future At the same time the book emphasizes the value of interdisciplinary analysis in any explication of elite culture in Roman Greece since abundant extant evidence reveals its purveyors were often responsible for the production of both literature and material culture Strazdins shows how these two modes of cultural production in the hands of elites such as Herodes Atticus Arrian Aelius Aristides Lucian Dio Chrysostom Polemon Pausanias and Philostratus exhibit a shared rhetoric oriented towards posterity and informed by a heightened awareness of the fragility of cultural and personal memory over large spans of time The book thus provides a sophisticated analysis of the tensions anxieties and opportunities that attend the fashioning of commemorative strategies against the background of the Second Sophistic and the Roman empire and details the consequences of embroilment with futurity on our understanding of the cultural and political concerns of elite imperial Greeks

How Change Happens Roman Krznaric, 2007 The author argues that current development thinking uses only a narrow range of approaches to change and the result is that most development strategies are limited excessively reformist and insensitive to underlying power and inequality and largely ignore environmental issues that confront our societies and planet

Grüne Philosophie Roger Scruton, 2013-11-25 Der Umweltschutz liegt herkömmlich im Hoheitsgebiet der politischen Linken Die Bedrohung der Natur ist ihr zufolge dem internationalen Kapitalismus dem Konsumverhalten und der unbegrenzten Ausbeutung natürlicher Ressourcen zuzuschreiben Roger Scruton entblättert dieses Grundverständnis als gefährlichen Trugschluss der in sich zerstörerisch auf die Ökosysteme wirkt von denen unsere Zukunft abhängt Der konservative Denker würdigt traditionelle Prinzipien als offensichtlichste und wirksamste Mittel den Erhalt unseres Planeten zu sichern Lokalismus und Bürgerverantwortung schlagen dabei die Bemühungen schwerfälliger Nichtregierungsorganisationen und internationaler Komitees Die Zukunft ist mitnichten gesichert aber Roger Scruton
