Ride The Silver Seas:

A Penelopean Poetics Barbara Clayton, 2004-01-29 A Penelopean Poetics looks at the relationship between gender ideology and the self referential poetics of the Odyssey through the figure of Penelope She is a cunning story teller her repeated reweavings of Laertes shroud a figurative replication of the process of oral poetic composition itself Penelope s web is thus a discourse and it can be construed specifically as feminine Her gendered poetics celebrates process multiplicity and ambiguity and it resists phallogocentric discourse by undermining stable and fixed meanings Penelope s poetics become a discursive thread through which different feminine voices can realize their resistant capacities Author Barbara Clayton s work contributes to discussions in the classics as well as literary criticism sex and gender studies and women s studies

No Woman s Land? Women s Writings and Historical Representation in World War I Denise Borille de Abreu, 2012-02-28 Women s participation in wars either directly or indirectly has been the study object of war narratives since the Classical Age This book aims to analyze women s significant role to the construction of cultural memory and how women s representations have evolved from myth since Homer until the early twentieth century when the First War was declared to the assumption of silent victims in wartime and finally to the condition of proactive members of a much dreamed society with equal opportunities for everyone This book also addresses more specifically how women war narratives of the First World War reflect upon the war trauma which brought equally disastrous consequences for women men and children and how the War contributed to the reconfiguration of women s social roles **A Gendered Collision** Rhonda S. Pettit, 2000 As documented in her poetry and fiction Parker s modernism moves beyond a narrow set of aesthetic principles it carries the remnants from a collision of competing values those of nineteenth century sentimentalism and twentieth century decadence and modernism Her works display the intense dynamic in which early twentieth century literature and art were created BOOK JACKET
