Mama, I See You Mirette Abraham, 2022-02-17 This book is for all the mothers out there who are trying hard to leave their mark in this world We strive to set the perfect footprint in the sand wishing the waves will never wash it away But what we need to start doing is making this life become a seal of love on the hearts of everyone we meet and allowing our choices and experiences to hum a melody of gratitude to our Maker Motherhood comes with seemingly unbearable struggles but God allows flowers to blossom from their wreckage

Developing Cultural Humility Miguel E. Gallardo, 2013-01-18 Developing Cultural Humility offers a unique look into the journeys of psychologists striving towards an integration of multiculturalism in their personal and professional lives Contributing authors representing a mix of cultural backgrounds but stereotypically identified as White engage in thoughtful dialogue with psychologists from underrepresented communities who are identified as established and respected individuals within the multicultural field The contributing authors discuss both the challenges and rewards they experienced in their own journeys and how they continue to engage in the process of staying connected to their cultural identity and to being culturally responsive In addition psychologists who represent historically disenfranchised communities have similarly reflected on their own journey while offering commentary to the personal stories of White psychologists This text is useful for stimulating discussions about privilege power and the impact race has on either bringing people together or creating more distance whether intentionally or unintentionally It demonstrates to readers how to engage in the process of examining one's own culture in more intentional ways and discusses the implications as we move towards engaging in more dialogue around multicultural issues

Sisters in Crisis, Revisited Ann Carey, 2013-01-01 Fifty years ago nearly 200 000 religious sisters worked in Catholic schools hospitals and other institutions throughout the United States American Catholics honored these women of faith who founded and built these flourishing works of mercy Then came the ideological shifts and moral upheavals of the 1960s and ever since most women's orders in the United States have been in a state of crisis Now the sisters are aging with fewer and fewer younger women to take their place Perhaps related to this demographic shift is the continuing doctrinal confusion that has come under the scrutiny of the Vatican Using the archival records of the Leadership

Conference of Women Religious and other prominent groups of sisters journalist and author Ann Carey shows how feminist activists unraveled American women's religious communities from their leadership positions in national organizations and large congregations She also explains the recent and necessary interventions by the Vatican After examining the many forces that have contributed to the crisis Carey reports on a promising sign of renewal in American religious life the growing number of young women attracted to older communities that have retained their identity and newly formed yet traditional congregations
