The ^ADialect of Modernism Michael North,1998-01-22 The Dialect of Modernism uncovers the crucial role of racial masquerade and linguistic imitation in the emergence of literary modernism Rebelling against the standard language and literature written in it modernists such as Joseph Conrad Gertrude Stein T S Eliot Ezra Pound and William Carlos Williams reimagined themselves as racial aliens and mimicked the strategies of dialect speakers in their work In doing so they made possible the most radical representational strategies of modern literature which emerged from their attack on the privilege of standard language At the same time however another movement identified with Harlem was struggling to free itself from the very dialect the modernists appropriated at least as it had been rendered by two generations of white dialect writers For writers such as Claude McKay Jean Toomer and Zora Neale Hurston this dialect became a barrier as rigid as the standard language itself Thus the two modern movements which arrived simultaneously in 1922 were linked and divided by their different stakes in the same language In The Dialect of Modernism Michael North shows through biographical and historical investigation and through careful readings of major literary works that however different they were the two movements are inextricably connected and thus cannot be considered in isolation Each was marked for good and bad by the other

Sell,2012-01-06 Choose ten major contemporary diasporic writers from Abdulrazak to Zadie ask ten leading authorities to write about their use of metaphor and this is the result a timely reassertion of metaphor s unrivalled capacity to encompass sameness and difference and create understanding and empathy across boundaries of nationality race and ethnicity The Crisis William Edward Burghardt Du Bois,1926
