Samuel Hopkins Adams And The Business Of Writing

Elaine Schattner

Samuel Hopkins Adams And The Business Of Writing:

Samuel Hopkins Adams and the Business of Writing Samuel V. Kennedy, 1999-06 Traces the prolific and eclectic writing career of Adams who wrote more than fifty books and wrote the scripts for the films *It Happened One Night* and *Flaming Youth* Kennedy offers insights into Adams's relationships with fellow writers agents editors book publishers and reviewers which he maintained throughout his career *Encyclopedia of American Journalism* Stephen L. Vaughn, 2007-12-11 The *Encyclopedia of American Journalism* explores the distinctions found in print media radio television and the internet This work seeks to document the role of these different forms of journalism in the formation of America's understanding and reaction to political campaigns war peace protest slavery consumer rights civil rights immigration unionism feminism environmentalism globalization and more This work also explores the intersections between journalism and other phenomena in American Society such as law crime business and consumption The evolution of journalism's ethical standards is discussed as well as the important libel and defamation trials that have influenced journalistic practice its legal protection and legal responsibilities Topics covered include Associations and Organizations Historical Overview and Practice Individuals Journalism in American History Laws Acts and Legislation Print Broadcast Newsgroups and Corporations Technologies

Common Cause Samuel Hopkins Adams, 2019-07-01 A lost literary relic of the First World War *Common Cause* tells the story of Jeremy Robson a crusading newspaper editor in the fictional midwestern town of Fenchester The Guardian's muckraking has led special interests to withhold advertising in order to drive Robson out of business But he and local plutocrats put their differences aside when war is declared in 1917 in order to attack the German American community for its supposed fealty to their Fatherland *Common Cause* provides a vivid picture of the America first fear and hate that gripped the midwestern United States during the Great War *Adman's Dilemma* Paul Rutherford, 2018-01-01 The *Adman's Dilemma* is a cultural biography that explores the rise and fall of the advertising man as a figure who became effectively a licensed deceiver in the process of governing the lives of American consumers Apparently this personage was caught up in a contradiction both compelled to deceive yet supposed to tell the truth It was this moral condition and its consequences that made the adman so interesting to critics novelists and eventually filmmakers The biography tracks his saga from its origins in the exaggerated doings of P T Barnum the emergence of a new profession in the 1920s the heyday of the adman's influence during the post WW2 era the later rebranding of the adman as artist until the apparent demise of the figure symbolized by the triumph of that consummate huckster Donald Trump In *The Adman's Dilemma* author Paul Rutherford explores how people inside and outside the advertising industry have understood the conflict between artifice and authenticity The book employs a range of fictional and nonfictional sources including memoirs novels movies TV shows websites and museum exhibits to suggest how the adman embodied some of the strange realities of modernity Manipulating the Masses John Maxwell Hamilton, 2020-10-21 Winner of the Goldsmith Book Prize Winner of the AEJMC History Division Book Award Winner

of the AJHA Book of the Year Winner of the Culbert Family Book Prize *Manipulating the Masses* tells the story of the enduring threat to American democracy that arose out of World War I the establishment of pervasive systematic propaganda as an instrument of the state During the Great War the federal government exercised unprecedented power to shape the views and attitudes of American citizens Its agent for this was the Committee on Public Information CPI established by President Woodrow Wilson one week after the United States entered the war in April 1917 Driven by its fiery chief George Creel the CPI reached every crevice of the nation every day and extended widely abroad It established the first national newspaper made prepackaged news a quotidian aspect of governing and pioneered the concept of public diplomacy It spread the Wilson administration's messages through articles cartoons books and advertisements in newspapers and magazines through feature films and volunteer Four Minute Men who spoke during intermission through posters plastered on buildings and along highways and through pamphlets distributed by the millions It enlisted the nation's leading progressive journalists advertising executives and artists It harnessed American universities and their professors to create propaganda and add legitimacy to its mission Even as Creel insisted that the CPI was a conduit for reliable fact based information the office regularly sanitized news distorted facts and played on emotions Creel extolled transparency but established front organizations Overseas the CPI secretly subsidized news organs and bribed journalists At home it challenged the loyalty of those who occasionally questioned its tactics Working closely with federal intelligence agencies eager to sniff out subversives and stifle dissent the CPI was an accomplice to the Wilson administration's trampling of civil liberties Until now the full story of the CPI has never been told John Maxwell Hamilton consulted over 150 archival collections in the United States and Europe to write this revealing history which shows the shortcuts to open honest debate that even well meaning propagandists take to bend others to their views Every element of contemporary government propaganda has antecedents in the CPI It is the ideal vehicle for understanding the rise of propaganda its methods of operation and the threat it poses to democracy

Muckrakers Edd Applegate, 2008 Professor Edd Applegate profiles the men and women who either wrote muckraking journalism or edited publications that featured muckraking articles Some of the most important figures of journalism are here including Nellie Bly Upton Sinclair Lincoln Steffens George Kennan Jack London Frank Norris Rachel Carson George Seldes and I F Stone

Poetry Night at the Ballpark and Other Scenes from an Alternative America Bill Kauffman, 2015-06-15 Bill Kauffman has carved out an idiosyncratic identity quite unlike any other American writer Praised by the likes of Gore Vidal Benjamin Schwarz and George McGovern he has with a distinctive and slashingly witty learnedly allusive style illumined forgotten corners of American history articulated a defiant and passionate localism and written with love and dark humor of his repatriation Poetry Night at the Ballpark gathers the best of Bill Kauffman's essays and journalism in defense and explication of his alternative America or Americas Its discrete pieces are bound by a thematic unity and propulsive energy and are full of unexpected yet startlingly apposite connections and revelatory linkages Whether

he's writing about conservative Beats backyard astronomers pacifist West Pointers or Middle America in the movies Bill Kauffman will challenge maybe even change the way you look at American politics and the American provinces **From Whispers to Shouts** Elaine Schattner, 2023-03-07 It's hard today to remember how recently cancer was a silent killer a dreaded disease about which people rarely spoke in public In hospitals and doctors offices conversations about malignancy were hushed and hope was limited In this deeply researched book Elaine Schattner reveals a sea change from before 1900 to the present day in how ordinary people talk about cancer From Whispers to Shouts examines public perception of cancer through stories in newspapers and magazines social media and popular culture It probes the evolving relationship between journalists and medical specialists and illuminates the role of women and charities that distributed medical information Schattner traces the origins of patient advocacy and activism from the 1920s onward highlighting how while doctors have lost control of messages about cancer survivors have gained visibility and voice The book's final section lays out provocative questions facing the cancer community today including distrust of oncologists concerns over financial burdens and disparities in cancer treatments and care Schattner considers how patients and their loved ones struggle to make decisions amid conflicting information and opinions She explores the ramifications of so much openness good and bad and asks Has awareness backfired Instead Schattner contends we need greater understanding of cancer's treatability **The Attention Merchants** Tim Wu, 2017-09-19 From the author of the award winning The Master Switch who coined the term net neutrality a revelatory ambitious and urgent account of how the capture and re sale of human attention became the defining industry of our time Dazzling Financial Times Ours is often called an information economy but at a moment when access to information is virtually unlimited our attention has become the ultimate commodity In nearly every moment of our waking lives we face a barrage of efforts to harvest our attention This condition is not simply the byproduct of recent technological innovations but the result of more than a century's growth and expansion in the industries that feed on human attention Wu's narrative begins in the nineteenth century when Benjamin Day discovered he could get rich selling newspapers for a penny Since then every new medium from radio to television to Internet companies such as Google and Facebook has attained commercial viability and immense riches by turning itself into an advertising platform Since the early days the basic business model of attention merchants has never changed free diversion in exchange for a moment of your time sold in turn to the highest bidding advertiser Full of lively unexpected storytelling and piercing insight The Attention Merchants lays bare the true nature of a ubiquitous reality we can no longer afford to accept at face value **Historical Dictionary of Journalism** Ross Eaman, 2021-04-15 This book covers the history of journalism as an institutionalized form of discourse from the acta diurna in ancient Rome to the news aggregators of the 21st century It traces how journalism gradually distinguished itself from chronicles history and the novel in conjunction with the evolution of news media from news pamphlets newsletters and newspapers through radio film and television to multimedia digital news platforms like Google News Historical Dictionary of

Journalism Second Edition covers 46 countries it contains a chronology an introduction an extensive bibliography the dictionary section has more than 300 cross referenced entries on a wide array of topics such as African American journalism the historiography of the field the New Journalism and women in journalism This book is an excellent resource for students researchers and anyone wanting to know more about journalism
