Sanctuary The Corrected Text:

Sanctuary William Faulkner, 1987 **Sixteen Modern American Authors** Jackson R. Bryer, 1989 Praise for the earlier edition Students of modern American literature have for some years turned to *Fifteen Modern American Authors* 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers In its new form *Sixteenth Modern American Authors* it will continue to be indispensable If it is not a desk book for all Americanists it is a book to be kept in the forefront of the bibliographical compartment of their brains American Studies **Sanctuary** William Faulkner, 1987 An assortment of perverse characters act out this dramatic story of the kidnapping a Mississippi debutante

Children of the Dark House: Text and Context in Faulkner Polk, Noel, 1998 Polished and refitted into a new critical matrix these essays by a distinguished Faulkner editor and scholar in no way resemble the casual self anthologizing often encountered Polk's stature as a critic meshes neatly with his work as an editor his patent joy at the very sight of Faulkner manuscripts is inspiring and his professed commitment to Freudian readings is borne lightly that is expressed in sensible jargon free discourse that is both witty and brilliant J M Ditsky Choice First published in 1996 this book by a major scholar of William Faulkner's writings collects choice *Faulkner's Marginal Couple* John N. Duvall, 2014-07-03 Is William Faulkner's fiction built on a fundamental dichotomy of outcast individual versus the healthy agrarian community The New Critics of the 1930s advanced this view and it has shaped much Faulkner criticism However in *Faulkner's Marginal Couple* John Duvall posits the existence of another possibility alternative communities formed by deviant couples These couples who violate normal gender roles and behaviors challenge the either/or view of Faulkner's world The study treats in detail the novels *Light in August* *The Wild Palms* *Sanctuary* *Pylon* and *Absalom Absalom* as well as several of Faulkner's short stories In discussing each work Duvall challenges the traditional view that Faulkner created active men who follow a code of honor and passive women who are close to nature Instead he charts the many instances of men who are nurturing and passive and women who are strong and sexually active These alternative couples undermine a common view of Faulkner as an upholder of Southern patriarchal values thus countering the argument that Faulkner's fiction is essentially misogynist This new approach drawing on semiotics feminism and Marxism makes Faulkner more accessible to readers interested in ideological analysis It also stresses the intertextual connections between Faulkner's Yoknapatawpha and non Yoknapatawpha fiction Perhaps most importantly it uncovers what the New Criticism concealed namely that Faulkner's fiction traces the full androgynous spectrum of the human condition **William Faulkner and the Faces of Modernity** Jay Watson, 2019 This book argues that Faulkner unlocked his truest potential as a modernist artist by turning away from the modernity of the Great War toward aspects of modernity closer to his Mississippi home *A Companion to William Faulkner* Richard C. Moreland, 2017-06-14 This comprehensive Companion to William Faulkner reflects the current dynamic state of Faulkner studies Explores the contexts criticism genres and interpretations of Nobel Prize winning writer William Faulkner arguably the greatest American

novelist Comprises newly commissioned essays written by an international contributor team of leading scholars Guides readers through the plethora of critical approaches to Faulkner over the past few decades Draws upon current Faulkner scholarship as well as critically reflecting on previous interpretations **Possessing the Past** Lisa Hinrichsen, 2015-06-15 Employing recent theories of memory from multiple areas of study Possessing the Past illuminates the tangled relationships among trauma fantasy and the public sphere and their impact on the South in imagination and in reality Focusing on the roles that narrative and fantasy play in creating a sense of regional distinctiveness Lisa Hinrichsen brings a wealth of critical scholarship to her consideration of memory and southern literature Hinrichsen's nuanced readings of a diverse group of southern authors including William Faulkner Roberto Fern ndez Erna Brodber Monique Truong and Katharine Du Pre Lumpkin offer new ways of conceptualizing memory place and history She unravels southern literature's critical confrontation with the region's history through complex systems of remembrance and erasure and she traces how fantasy mediates trauma and adjudicates identity Expansive in its psychoanalytical approach her work explores issues of law testimony and social justice the role of nostalgic fantasies of gentility at midcentury the relationship between white empathy and social fantasy the resemblance of regional patterns of disavowal to national ideologies of forgetting in Vietnam era fiction and the impact of contemporary multicultural literature on memory and community Possessing the Past broadens the theoretical framework used to conceptualize memory and trauma while grounding traumatic testimony in the specifics of time and place amply offered by southern literature It provides new readings of an array of southern writers and deepens our understanding of the continuing importance of history memory and fantasy in the literature of the U S South **Faulkner's Geographies** Jay Watson, Ann J. Abadie, 2015-06-25 The recent spatial turn in social theory and cultural studies opens up exciting new possibilities for the study of William Faulkner's literature The fictional domains of Yoknapatawpha County and Jefferson Mississippi are not simply imagined communities but imaginative geographies of remarkable complexity and detail as evidenced by the maps Faulkner created of his apocryphal county Exploring the diverse functions of space in Faulkner's artistic vision the eleven essays in Faulkner's Geographies delve deep into Yoknapatawpha but also reach beyond it to uncover unsuspected connections and flows linking local regional national hemispheric and global geographies in Faulkner's writings Individual contributions examine the influence of the plantation as a land use regime on Faulkner's imagination of north Mississippi's geography the emergence of micro Souths as a product of modern migratory patterns in the urban North of Faulkner's fiction the enlistment of the author's work in the geopolitics of the cultural Cold War during the 1950s the historical and literary affiliations between Faulkner's Deep South and Greater Mexico the local and idiosyncratic as alternatives to region and nation the unique intersection of regional and metropolitan geographies that Faulkner encountered as a novice writer immersed in the literary culture of New Orleans the uses of feminist geography to trace the interplay of gender space and movement and the circulation of Caribbean and Black South spaces and itineraries through

Faulkner's masterpiece *Absalom, Absalom!* By bringing new attention to the function of space place mapping and movement in his literature Faulkner's *Geographies* seeks to redraw the very boundaries of Faulkner studies [Faulknerista](#) Catherine G. Kodat, 2022-11-16 *Faulknerista* collects more than twenty years of critically influential scholarship by Catherine Gunther Kodat on the writings of one of the most important American authors of the twentieth century William Faulkner Initially composed as freestanding essays and now updated and revised the book's nine chapters place Faulkner's work in the context of current debates concerning the politics of white authors who write about race queer sexualities and the use of the N word in literature and popular culture The *Faulknerista* of the title is a critic who tackles these debates without fear or favor balancing admiration with skepticism in a manner that establishes a new model for single author scholarship that is both historically grounded for women have been writing about Faulkner and talking back to him since the beginning of his career and urgently contemporary Beginning with an introduction that argues for the critical importance of women's engagement with Faulkner's fiction through comparative discussions pairing it with works by Toni Morrison Jean Luc Godard Quentin Tarantino and David Simon *Faulknerista* offers a valuable resource for students scholars and general readers written in an accessible style and aimed at stimulating discussions of Faulkner's work and the rich interpretive challenges it continues to present

The Social Lives of Books Edward Frederick Finn, 2011 This project explores how changing models of literary production are blurring or erasing the divisions between authors critics and readers Millions of cultural consumers are participating in previously closed literary conversations and expressing forms of mass distinction through their purchases and reviews of books These traces of popular reading choices constitute a fresh perspective on elusive audience reactions to literature and reveal evolving networks of conversation Employing network analysis methodologies and distant reading of book reviews recommendations and other digital traces of cultural distinction I develop a new model for literary culture in America today Through readings of the fiction and reception of Thomas Pynchon Toni Morrison David Foster Wallace and Junot Diaz this model outlines the fundamental requirements for contemporary literary fame My introduction outlines methodological tools I developed and situates them in the critical traditions of literary reception cultural sociology and media theory before describing the digital ecologies that have emerged around literature online and their value Chapter 1 explores the nature of literary fame through a case study of Thomas Pynchon whose carefully guarded anonymity and ironic distance from capitalism are reflected in the networks his readers construct around his long challenging books In stark contrast Toni Morrison the subject of Chapter 2 has succeeded critically and commercially tirelessly seeking out readers to form literary communities around her writing most prominently through her collaboration with Oprah's Book Club Chapter 3 considers David Foster Wallace and Junot Diaz and sets out a model for contemporary literary culture a reading society that demands new forms of authorial reflexivity to mirror the collaborative iterative nature of digital literary conversations I conclude with a brief consideration of the exciting prospects and challenges for fiction in a world that reads more than ever but is growing

disaffected with the material realities of literary production **Faulkner's Imperialism** Taylor Hagood, 2008-11-15 In *Faulkner's Imperialism* Taylor Hagood explores two staples of Faulkner's world: myth and place. Using an interdisciplinary approach to examine the economic, sociological, and political factors in Faulkner's writing, he applies postcolonial theory, cultural materialism, and the work of the New Southernists to analyze the ways myth and place come together to encode narratives of imperialism and anti-imperialism in the worlds in which Faulkner lived and the one that he created. The resulting discussion highlights the deeply embedded imperial impulses underpinning not just Yoknapatawpha and Mississippi but the Midwest, the Caribbean, France, and a host of often overlooked corners of the Faulknerian map. Faulkner defines space in his fiction by creating places through culturally compelling narratives. Although these narrative spaces often have imperial roots, Hagood reveals how the oppressed can subvert these mythic places by turning the myths against their oppressors. The Greco-Roman myths long recognized as part of Faulkner's fictional world, for example, define racially hybrid spaces ostensibly designed to articulate white patriarchal narratives of imperial control but which actually carry within their very dreams of Arcady an anti-imperial narrative. In Faulkner's Mississippi Delta, which he modeled after the Nile Delta, plantation owners evoke the imperial power of ancient Egypt to confirm their own cultural ascendancy, even while African Americans use biblical narratives of the Israelites enslaved in Egypt to speak against the power that controls them. Faulkner also used places he personally experienced, such as New Orleans, a city that he recognized as containing multiple layers of imperial design, to dramatize the constant struggle between the oppressor and the oppressed. Rather than reading the roles of myth and place according to conventional myth criticism or typical place models used by other Faulkner scholars, Hagood examines the intertextuality within Faulkner's writing as well as the relationship of his writing to others' work in an attempt to understand how the texts fit together and speak to one another. One of the few books that examine Faulkner's work as a whole, *Faulkner's Imperialism* moves beyond South versus North paradigms to encompass all the spaces within Faulkner's created cosmos, considering their interrelationships in a precise, holistic way.

Fictive Fathers in the Contemporary American Novel Debra Shostak, 2020-02-20 *Fictive Fathers in the Contemporary American Novel* explores the unstable construction of heteronormative white masculinity in the contemporary United States by focusing on relationships between fathers and their children. Debra Shostak reads the novels of 18 North American writers publishing in the late 20th and early 21st centuries as allegories of cultural conflict and change within the nuclear family. The authors considered include Paul Auster, Don DeLillo, Jeffrey Eugenides, Jonathan Safran Foer, Jonathan Franzen, John Irving, Jonathan Lethem, Carole Maso, Bobbie Ann Mason, Cormac McCarthy, Claire Messud, Viet Thanh Nguyen, Tim O'Brien, Marilynne Robinson, Philip Roth, Mona Simpson, Jane Smiley, and Anne Tyler. These novelists portray father figures who often literally or figuratively absent from the family scene disrupt the familial order and their family members' identities. Shostak's close readings illuminate unexpectedly conservative, even subversive ideological positions at the heart of these fictions. *Fictive Fathers* traces the eroding myth of paternal

authority that sustained a patriarchal model within real American families and their literary representations **Faulkner and the Natural World** Donald M. Kartiganer, Ann J. Abadie, 1999 Although he belonged to an American generation of writers deeply influenced by the high modernist revolt against nature and against the self imposed limits of realism to a palpable world William Faulkner reveals throughout his work an abiding sensitivity to the natural world He writes of the big woods of animals and of the human body as a ground of being that art and culture can neither transcend nor completely control The eleven essays that make up this volume including a paper written by the acclaimed novelist William Kennedy explore the place of the unbuilt world in Faulkner's fiction They give particular attention to the social mythic and economic significance of nature to the complexity of racial identity and to the inevitable clash of gender and sexuality These essays were presented in 1996 as papers at the Faulkner and Yoknapatawpha Conference held annually at the University of Mississippi Included are the following Lawrence Buell's *Faulkner and the Claims of the Natural World* Thomas L McHaney's *Oversexing the Natural World* Theresa M Towner's *Color Race and Identity in Faulkner's Fiction* Jay Watson's *The Art of the Literal in Light in August* Mary Joanne Dondlinger's *The Matter of Race and Gender in Faulkner's Light in August* Louise Westling's *Sutpen's Marriage to the Dark Body of the Land* Myra Jehlen's *Faulkner and the Unnatural* Diane Roberts's *Eula Linda and the Death of Nature* David H Evans's *The Bear and the Incarnation of America* Wiley C Prewitt Jr's *Hunting and Habitat in Yoknapatawpha* and William Kennedy's *Learning from Faulkner The Obituary of Fear* Donald M Kartiganer Howry Chair of Faulkner Studies in the Department of English and Ann J Abadie Associate Director of the Center for the Study of Southern Culture teach at the University of Mississippi *Faulkner and Postmodernism* John Noel Duvall, Ann J. Abadie, 2002 Since the 1960s William Faulkner Mississippi's most famous author has been recognized as a central figure of international modernism But might Faulkner's fiction be understood in relation to Thomas Pynchon's *Gravity's Rainbow* as well as James Joyce's *Ulysses* In eleven essays from the 1999 Faulkner and Yoknapatawpha Conference held at the University of Mississippi *Faulkner and Postmodernism* examines William Faulkner and his fiction in light of postmodern literature culture and theory The volume explores the variety of ways Faulkner's art can be used to measure similarities and differences between modernism and postmodernism Essays in the collection fall into three categories those that use Faulkner's novels as a way to mark a period distinction between modernism and postmodernism those that see postmodern tendencies in Faulkner's fiction and those that read Faulkner through the lens of postmodern theory's contemporary legacy the field of cultural studies In order to make their particular arguments essays in the collection compare Faulkner to more contemporary novelists such as Ralph Ellison Vladimir Nabokov Thomas Pynchon Walker Percy Richard Ford Toni Morrison and Kathy Acker But not all of the comparisons are to high culture artists since even Elvis Presley becomes Faulkner's foil in one of the essays A variety of theoretical perspectives frame the work in this volume from Fredric Jameson's pessimistic sense of postmodernism's possibilities to Linda Hutcheon's conviction that cultural critique can continue in postmodernism through

innovative new forms such as metafiction Despite the different theoretical premises and distinct conclusions of the individual authors of these essays Faulkner and Postmodernism proves once again that in the key debates surrounding twentieth century fiction Faulkner is a crucial figure John N Duvall an associate professor of English at Purdue University is the editor of Modern Fiction Studies Ann J Abadie is associate director of the Center for the Study of Southern Culture at the University of Mississippi

Faulkner, Writer of Disability Taylor Hagood, 2015-01-12 From the emerging field of disability studies Taylor Hagood offers the first book length consideration of impairment in William Faulkner's life and writing Blending biography textual analysis and theory in an experimental style Hagood explores in both form and content the constructs of normality and their power Hagood brings to light little known and rarely discussed ways in which Faulkner's personal and familial background were marked by disability and discusses the ways the writer incorporates disability into his fiction He reevaluates Faulkner's so called idiots Benjy Compson Ike Snopes and others as characters whose narratives both satisfy and shock the reader Hagood also examines the roles that impairment and abnormality play in texts such as the stories *The Leg* and *The Kingdom of God* and the novels *A Fable* and *Flags in the Dust* Highly original readings result including new understandings of the centrality of the visually impaired Pap in *Sanctuary* the disability centric social order based on

interdependence in *Pylon* and the disabled speech of Linda Snopes Kohl in *The Mansion Hagood* argues that Faulkner's poetics are deeply invested in disability both in promoting a disability inclusive fictional world and in exposing and subverting the devaluation of disabled bodies and minds Hagood draws on firsthand knowledge of his native of Ripley Mississippi the ancestral home of the Faulkners to offer readers otherwise inaccessible contextual information Moreover by framing each section of his study within a different kind of discourse newspaper style biography email and advertisement he uses the very structure of the book to underscore the questions of normalcy prevalent in disability studies This rich and unconventional study offers insight into a Faulkner haunted by experiences of disablement and compelled to narrate them in his own writing

Faulkner's Questioning Narratives David L. Minter, 2001 Focusing on the core novels including *The Sound and the Fury* *Absalom Absalom* *Sanctuary* *Light in August* 2003 and *Go Down Moses* David Minter illuminates Faulkner's mature fiction the tensions at play within the fiction and the creativity not only exhibited by the author but also extended to his characters and required of his readers Faulkner's achievement Minter contends was in combining daring experiments in form with searching examinations of grave social political and moral problems His novels change and expand the role of the reader by means of proliferating narratives that lead to questions rather than answers and to approximation rather than resolution Minter shows how this process at times implicates the reader in the corruption and violence of the story as when the reader

is required to fill in out of his or her own experience the crucial gaps left in the narrative of Sanctuary Positioning Faulkner on the cusp between modernist and postmodernist writing Minter shows how his methods undercut the self contained exclusivity of the New Criticism by integrating the world of the novel with the reader s experience of history and culture

Faulkner and Whiteness Jay Watson, 2011-05-11 William Faulkner wrote during a tumultuous period in southern racial consciousness between the years of the enactment of Jim Crow and the beginnings of the civil rights movement in the South Throughout the writer s career racial paradigms were in flux and these shifting notions are reflected in Faulkner s prose Faulkner s fiction contains frequent questions about the ways in which white Americans view themselves with regard to race along with challenges to the racial codes and standards of the region and complex portrayals of the interactions between blacks and whites Throughout his work Faulkner contests white identity its performance by whites and those passing for white its role in shaping the South and its assumption of normative identity in opposition to non white Others This is true even in novels without a strong visible African American presence such as *As I Lay Dying* *The Hamlet* *The Town* and *The Mansion* Faulkner and Whiteness explores the ways in which Faulkner s fiction addresses and destabilizes the concept of whiteness in American culture Collectively the essays argue that whiteness as part of the Nobel Laureate s consistent querying of racial dynamics is a central element This anthology places Faulkner s oeuvre and scholarly views of it in the contexts of its contemporary literature and academic trends exploring race and texts
