

Oral Tradition in the Old Testament and Judaism

Mart-Jan Paul

1 Introduction

The term ‘*sola scriptura*’ refers to the written text of the Bible. In this article, I treat certain indications that God has revealed more than just what has been written down in the text of the Bible by asking: What is the meaning of the oral tradition in ancient times? Does the oral tradition have significance for our view of *sola scriptura* as principle?

Gaining answers requires considering the following subjects: the Book of Genesis, several laws in Exodus and Deuteronomy, the relationship between oral and written traditions as found in antiquity, in the rabbinic traditions, and in the New Testament. After treating these subjects, I give some general considerations.

2 The Book of Genesis

In the Book of Genesis, our understanding of certain historical events can become difficult without additional information. Three stories are chosen to illustrate this point.

In Genesis 4, Cain and Abel are described as sons of Adam and Eve. In the course of time, Cain brought some of the fruits of the soil as an offering to Yhwh, and Abel brought some of the firstborn animals of his flock. How could they have known it was good to do that? Was offering a spontaneous action on their part, or did they follow an already established custom? And, why was the offering of Abel received with favor by Yhwh, and the offering of Cain not? Were these unexpected outcomes or did the brothers know beforehand what was acceptable to God?¹ The most likely answers we choose depend heavily

¹ It is possible that the better intention of Abel was expressed in the terms “the firstlings” and “the fat”, while Cain “was content merely to discharge this duty”. Umberto Cassuto, *A Commentary on the Book of Genesis, Part I* (Jerusalem: Magnes Press, 1978), 205. Jonathan D. Sarfati mentions the opinion that always an animal sacrifice was necessary and that Cain deviated from this custom. *The Genesis Account: A Theological, Historical, and*

Kelber, 1997-11-22 Spoken words process knowledge differently from writing What happens when speech turns into text In reappraising literary scholars propensity to trace Jesus sayings back to the assumed original version the author argues that in the oral medium each rendition of a saying is the original Orality works with multiple originals rather than with single originality In what may be the most extraordinary thesis of the book Kelber argues that the written gospel is related less by evolutionary progression than by contradiction to what preceded it *Oral Tradition in Ancient Israel* Robert D. Miller, 2011-09-08 Providing a comprehensive study of oral tradition in Israel this volume unpacks the nature of oral tradition the form it would have taken in ancient Israel and the remains of it in the narrative books of the Hebrew Bible The author presents cases of oral written interaction that provide the best ethnographic analogies for ancient Israel and insights from these suggest a model of transmission in oral written societies valid for ancient Israel Miller reconstructs what ancient Israelite oral literature would have been and considers criteria for identifying orally derived material in the narrative books of the Old Testament marking several passages as highly probable oral derivations Using ethnographic data and ancient Near Eastern examples he proposes performance settings for this material The epilogue treats the contentious topic of historicity and shows that orally derived texts are not more historically reliable than other texts in the Bible *Studies in the Book of Exodus* Marc Vervenne, 1996 **Jesus, Rhetoric and Law** Henderson, 2021-09-06 This study locates pre gospel orality and gospel literacy within Greco Roman rhetorical norms for education and performance Heavy use of a few basic rhetorical conventions marks the gospel tradition as a marginal yet rhetorically competent attempt to create a Christian public The book identifies gnomic sayings as the thickest available sample of gospel rhetorics an alternative to samples based on chreia and parable Gnome use is central throughout ancient

rhetorical theory and practice Gnome is therefore an especially good focus for comparative study particularly of characterisation and legal topicality This work establishes a credible model of interaction among the speech habits of Jesus those of early Christian oral tradition and the innovative rhetorics of gospel and epistolary texts The plurality of rhetorical criticisms current in New Testament studies is also addressed **Torah in the Mouth** Martin S. Jaffee, 2001-04-19 The classical Rabbinic tradition legal discursive and exegetical claims to be Oral Torah transmitted by word of mouth in an unbroken chain deriving its authority ultimately from divine revelation to Moses at Sinai Since the third century C E however this tradition has been embodied in written texts Through judicious deployment and analysis of the evidence Martin Jaffee is able to show that the Rabbinic tradition as we have it developed through a mutual interpretation of oral and written modes
