Herbert Read,1929 **Herbert Read and Selected Works** Herbert Read,2022-07-30 Herbert Read and Selected Works includes four of Herbert Read's most seminal works: *A Coat of Many Colours*, *Occasional Essays*, *The English Vision*, and *An Anthology*. *The Tenth Muse*, *Essays in Criticism*, and *The Politics of the Unpolitical*. This collection also includes the title Herbert Read A Memorial Symposium, a collection of essays that illustrates the many different aspects and achievements of Read's career. *Recharting the Thirties* Patrick J. Quinn,1996 The aim of *Recharting the Thirties* is to revitalize the awareness of the reading public with regard to eighteen writers whose books have been largely ignored by publishers and scholars since their major works first appeared in the thirties. The selection is not based on a political agenda but encompasses a wide and divergent range of philosophies, clearly the contrasts between Empson and Upward or between Powell and Slater indicated the wide-ranging vision of the period. Women writers of the period have largely been marginalized, and the writings of Sackville West and Burdekin, for example, not only present distinct feminine voices of the period but also illuminate how much good literature has been forgotten. *Herbert Read Reassessed* David Goodway,1998-01-01 Herbert Read 1893-1968 acquired in his lifetime a considerable international reputation in all the major areas of his diverse activities: as poet, as educationalist, as anarchist, as philosopher of aesthetics, as art critic, as historian, and above all as propagandist for modern art and design. The papers assembled in *Herbert Read Reassessed* offer a comprehensive and authoritative coverage of Read's life work that is designed to stimulate debate. An impressive volume, it manages to present a unified but not totalizing portrait of one of England's most distinguished twentieth-century critics.

English Historical Review **The Selected Essays of Sean O'Faolain** Brad Kent,2016-11-10 The first collection of essays by one of the most important public intellectuals in Ireland. *Tristram Shandy (Routledge Revivals)* Max Byrd,2014-08-01 Max Byrd's lucidly written and compelling volume aims to provide a scholarly introduction to one of the most puzzling pieces of eighteenth-century literature and a stimulus to critical thought and discussion. Laurence Sterne, an eccentric and largely

unsuccessful clergyman was forty six when he sat down in January of 1759 to begin his literary masterpiece *Tristram Shandy*. Aside from his sermons only two of which had ever been published Sterne had little more to do with the literary life than any other respectable provincial clergyman. His explosion into the history of English literature occurred not only without preparation but also without apparent aptitude. *Tristram Shandy* first published in 1759 sketches Sterne's life and literary antecedents closely analysing key passages of his great satire and concluding with the critical history and bibliography. It will thus be of use to all students of eighteenth century English literature.
