Sensory Neuropathies:

Sensory Neuropathies Arthur K. Asbury, Herbert Budka, Elfriede Sluga, 2012-12-06 While motor neuropathies and neuronopathies and mixed sensory motor neuropathies have been met with adequate interest by clinical and basic researchers and physicians pure sensory neuropathies and neuronopathies have received comparably less attention despite of the considerable morbidity they may cause in the individual patient This prompted us to organize an International Symposium on Sensory Neuropathies which was held in Vienna September 22-24 1990 as satellite to the International Neuromuscular Congress held one week earlier in Munich Germany We were fortunate to have a faculty of experienced authorities in the field as participants This volume is the proceedings of the symposium Due to factors which were beyond our control publication of this volume was significantly delayed Despite the enormous progress of biomedicine in recent years most prominently in molecular biology we feel that the contributions of this volume still represent a valuable reference for clinical physiological biochemical and pathomorphological studies on the sensory nervous system for which similarly comprehensive data are difficult to locate November 1994 Arthur K Asbury Herbert Budka Elfriede Sluga Contents
