Sentences Of Sextus:

The Sentences of Sextus Walter T. Wilson,2012-11-01 Described by Origen as a writing that even the masses of believers have read the Sentences of Sextus offers unique insights into popular Christian thought during the late second century C E Although it draws extensively on canonical texts for the composition of its sayings it is especially fascinating for the manner in which it integrates these texts with material derived from two generically similar collections of Pythagorean maxims This volume provides a critical edition including evidence from the Greek Latin Syriac and Coptic versions a new translation and the first commentary for the Sentences an important document for investigating the history of early Christian wisdom asceticism and ethics

The Sentences of Sextus Sextus (Pythagoreus.),Henry Chadwick,1959 The Sentences of Sextus Henry Chadwick,1959-01-02 Sextus s Sentences are a collection of ethical aphorisms which for centuries were read in Latin Greek Syriac and Armenian by Christians from Britain to Mesopotamia Who Sextus was and whether he was a Christian is not certain Dr Chadwick discusses the evidence including some he has discovered himself But the Sentences probably written in the second century were widely read in Jerome s time and were still treated as authoritative in the Middle Ages They are an important strand in the history of the development of Christian ethics and are yet another example of that dialogue between the Greek and the Jewish which so profoundly affected the development of the young religion Dr Chadwick first provides a critical edition of the Greek and Latin texts There follow studies of the moral teaching of Sextus the evidence of Origen the testimony of Rufinus and Jerome and the internal evidence provided by the texts

The Sentences of Sextus and the Origins of Christian Asceticism Daniele Pevarello,2013-11-19 Daniele Pevarello analyzes the Sentences of Sextus a second century collection of Greek aphorisms compiled by Sextus an otherwise unknown Christian author The specific character of Sextus collection lies in the fact that the Sentences are a Christian rewriting of Hellenistic sayings some of which are still preserved in pagan gnomologies and in Porphyry Pevarello investigates the problem of continuity and discontinuity between the ascetic tendencies of the Christian compiler and aphorisms promoting self control in his pagan sources In particular he shows how some aspects of the Stoic Cynic Platonic and Pythagorean moral traditions such as sexual restraint voluntary poverty the practice of silence and of a secluded life were creatively combined with Sextus ascetic agenda against the background of the biblical tradition Drawing on this adoption of Hellenistic moral traditions Pevarello shows how great a part the moral tradition of Greek paideia played in the shaping and development of self restraint among early Christian ascetics

unresolved questions about the unity genre and sectarian contexts of the work This book argues that terms of self designation use of controversial vocabulary style hermeneutic strategies and theological commitments together present persuasive evidence of derivation from multiple sectarian milieux The document s organizing principles are found to be in accord with the excerpting and collection practices of Late Antiquity The coherence of the text lies in its compiler s distinctive interests and choices not in the uniformity of its materials The persuasive case made by this book will help to advance research on this significant document of early Christianity

The sentences of Sextus Sextus (Pythagoreus.), 1981 Studies in Gnosticism and Alexandrian Christianity Roelof van den Broek, 2020-10-26 The discovery of the Nag Hammadi Library 1945 has given an enormous impetus not only to the study of ancient Gnosticism but also to that of early Christianity in general Most of the studies contained in this volume deal with mythological conceptions and theological ideas found in various Nag Hammadi writings The gnostic views on the nature of God and on creation and salvation receive particular attention ranging from Philo to the medieval Cathars The Nag Hammadi Library also shed new light on the development of early Alexandrian Christianity and its theology The book contains six studies which explicitly deal with these topics This volume is of interest to students of Gnosticism early Christianity and Graeco Roman religious and philosophical ideas in general

The Sentences of Sextus in the Middle Ages Gillian Rosemary Evans, 1983 **Social Justice and the Legitimacy of Slavery** Ilaria Ramelli, 2016 Were slavery and social injustice leading to dire poverty in antiquity and late antiquity only regarded as normal natural Aristotle or at best something morally indifferent the Stoics or in the Christian milieu a sad but inevitable consequence of the Fall or even an expression of God s unquestionable will Social Justice and the Legitimacy of Slavery shows that there were also definitive condemnations of slavery and social injustice as iniquitous and even impious and that these came especially from ascetics both in Judaism and in Christianity and occasionally also in Greco Roman pagan philosophy Ilaria L E Ramelli argues that this depends on a link not only between asceticism and renunciation but also between asceticism and justice at least in ancient and late antique philosophical asceticism Ramelli provides a careful investigation through all of Ancient Philosophy not only Aristotle and the Stoics but also the Sophists Socrates Plato the

Neoplatonists and much more Ancient to Rabbinic Judaism Hellenistic Jewish ascetic groups such as the Essenes and the Therapeutae all of the New Testament with special focus on Paul and Jesus and Greek Latin and Syriac Patristic from Clement and Origen to the Cappadocians from John Chrysostom to Theodoret to Byzantine monastics from Ambrose to Augustine from Bardaisan to Aphrahat without neglecting the Christianized Sentences of Sextus In particular Ramelli considers Gregory of Nyssa and the interrelation between theory and practice in all of these ancient and patristic philosophers as well as to the parallels that emerge in their arguments against slavery and against social injustice
