Aaron Hayes

Serial Music Serial Aesthetics Compositional Theory In Post War Europe Music In The Twentieth Century:

Serial Music, Serial Aesthetics M. J. Grant, 2005-06-08 Serial music was one of the most important aesthetic movements to emerge in post war Europe but its uncompromising music and modernist aesthetic has often been misunderstood This book focuses on the controversial journal *die Reihe* whose major contributors included Stockhausen Eimert Pousseur Dieter Schnebel and G M Koenig and discusses it in connection with many lesser known sources in German musicology It traces serialism's debt to the theories of Klee and Mondrian and its relationship to developments in concrete art modern poetry and the information aesthetics and semiotics of Max Bense and Umberto Eco M J Grant sketches an aesthetic theory of serialism as experimental music arguing that serial theory's embrace of both rigorous intellectualism and aleatoric processes is not as many have suggested a paradox but the key to serial thought and to its relevance for contemporary theory

Concepts of Time in Post-War European Music Aaron Hayes, 2020-10-29 *Concepts of Time in Post War European Music* gives a historical and philosophical account of the discussions of the nature of time and music during the mid twentieth century The nature of time was a persistent topic among composers in Paris and Darmstadt in the decades after World War II one which influenced their musical practice and historical relevance Based on the author's specialized knowledge of the relevant philosophical discourses this volume offers a balanced critique of these composers' attempts at philosophizing about time Touching on familiar topics such as Adorno's philosophy of music the writings of Boulez and Stockhausen and Messiaen's theology this volume uncovers specific relationships among varied intellectual traditions that have not previously been described Each chapter provides a philosophical explanation of specific problems that are relevant for interpreting the composer's own essays or lectures followed by a musical analysis of a piece of music which illustrates central theoretical concepts This is a valuable study for scholars and researchers of music theory music history and the philosophy of music

Stravinsky's Piano Graham Griffiths, 2013-02-21 An unprecedented exploration of Stravinsky's use of the piano as the genesis of all his music Russian neoclassical and serial

Ideology in Britten's Operas J. P. E. Harper-Scott, 2018-09-06 This thematic examination of Britten's operas focuses on the way that ideology is presented on stage To watch or listen is to engage with a vivid artistic testament to the ideological world of mid twentieth century Britain But it is more than that too because in many ways Britten's operas continue to proffer a diagnosis of certain unresolved problems in our own time Only rarely as in *Peter Grimes* which shows the violence inherent in all forms of social and psychological identification does Britten unmistakably call into question fundamental precepts of his contemporary ideology This has not however prevented some writers from romanticizing Britten as a quiet revolutionary This book argues in contrast that his operas and some interpretations of them have obscured a greater social and philosophical complicity that it is timely if at the same time uncomfortable for his early twenty first century audiences to address

Stravinsky and the Russian Period Pieter C. van den Toorn, John McGinness, 2012-05-10 Van den Toorn and McGinness take a fresh look at the

dynamics of Stravinsky's musical style from a variety of analytical critical and aesthetic angles Starting with processes of juxtaposition and stratification the book offers an in depth analysis of works such as *The Rite of Spring* *Les Noces* and *Renard* Characteristic features of style melody and harmony are traced to rhythmic forces including those of metrical displacement Along with Stravinsky's formalist aesthetics the strict performing style he favoured is also traced to rhythmic factors thus reversing the direction of the traditional causal relationship Here aesthetic belief and performance practice are seen as flowing directly from the musical invention The book provides a counter argument to the criticism and aesthetics of T W Adorno and Richard Taruskin and will appeal to composers critics and performers as well as scholars of Stravinsky's music

Luigi Dallapiccola and Musical Modernism in Fascist Italy Ben Earle, 2013-08-15 Luigi Dallapiccola is widely considered a defining figure in twentieth century Italian musical modernism whose compositions bear passionate witness to the historical period through which he lived In this book Ben Earle focuses on three major works by the composer the one act operas *Volo di notte* *Night Flight* and *Il prigioniero* *The Prisoner* and the choral *Canti di prigionia* *Songs of Imprisonment* setting them in the context of contemporary politics to trace their complex path from fascism to resistance Earle also considers the wider relationship between musical modernism and Italian fascism exploring the origins of musical modernism and investigating its place in the institutional structures created by Mussolini's regime In doing so he sheds new light on Dallapiccola's work and on the cultural politics of the early twentieth century to provide a history of musical modernism in Italy from the fin de siècle to the early Cold War

British Musical Modernism Philip Ernst Rupprecht, 2015-07-09 The first in depth historical analysis of British art music post 1945 providing a group portrait of eleven composers ranging from avant garde to pop

[The Spectral Piano](#) Marilyn Nonken, 2014-03-13 Marilyn Nonken finds precedent in the works of pianist composers Liszt Scriabin and Debussy for spectral attitudes towards the musical experience

[Prokofiev's Soviet Operas](#) Nathan Seinen, 2019-09-05 Offers a critical and contextual study of the last four operas of Prokofiev the leading opera composer in Stalin's Soviet Union

Peter Maxwell Davies, Selected Writings Peter Maxwell Davies, 2018 A varied and wide ranging collection in which the celebrated post war composer Peter Maxwell Davies presents his work and his opinions
