Serious Money Fundraising And Contributing In Presidential Nomination Campaigns:

Serious Money Clifford W. Brown, Lynda W. Powell, Clyde Wilcox, 1995-09-29 This study explores the fundamental differences between direct mail solicitation and personal solicitation networks and the influence of candidate resources in nomination campaigns It is based on surveys and interviews with contributors and campaign fundraising professionals

Strategy, Money and Technology in the 2008 Presidential Election Costas Panagopoulos, 2014-06-11 The 2008 presidential election perhaps more so than the typical quadrennial race will undoubtedly spawn an abundance of scholarly inquiry The confluence of historic and peculiar features associated with the 2008 contest distinguishes it from modern campaign cycles in significant ways that provide researchers a rare opportunity to reflect on a plethora of topics These studies are certain to provide detailed knowledge about the 2008 election in particular and more generally to inform our understanding of contemporary electoral politics The selections in this volume probe specific facets of the 2008 contest to provide in depth analyses of key developments with respect to strategy money and technology in the election cycle The contributors are keen analysts of American elections and campaigns The insights they provide grapple with key questions about the 2008 election and help to demystify aspects of the historic race This book was published as a special issue of the Journal of Political Marketing

Who Donates in Campaigns? David B. Magleby, Jay Goodliffe, Joseph A. Olsen, 2018-10-25 While much is known about who votes in American elections much less is known about who donates In this book the authors utilize a unique and historically unprecedented data set of donors from the 2008 and 2012 presidential elections to answer longstanding questions what is the relationship between donors and candidates How do candidates attract and respond to contributors How do campaign strategies reflect changing campaign finance laws and the development of the internet With unprecedented cooperation from the Obama McCain and Romney campaigns the authors investigate presidential campaign donors at all giving levels to produce the most systematic and complete analysis of donors to presidential nominees to date As elections are decided increasingly by donors dollars Who Donates to Campaigns provides relevant research on the broader trends in partisan polarization and more generally on how campaigns can engage more citizens in political participation

Conventional Wisdom and American Elections Jody C Baumgartner, Peter L. Francia, 2019-11-12 During every election cycle political observers generate a seemingly limitless supply of theories opinions and predictions Unfortunately many of these assertions oversimplify complex subjects or overhype the latest political fads Inevitably some misinformation becomes part of the conventional wisdom about American elections The objective of Conventional Wisdom and American Elections Exploding Myths Exploring Misconceptions is to bring clarity to several of these subjects For example it is now commonplace for commentators to emphasize the negative tactics and practices of the campaigns of presidential candidates In 2016 some commentators suggested that the presidential campaign was the nastiest ever with the campaigns of President Donald Trump Hillary Clinton and their supporters going to new extremes of negativity However

these claims are not new Dating as far back as the presidential election of 1800 critics of Thomas Jefferson stated that his potential victory would bring about legal prostitution and the burning of the Bible In 1824 opponents of Andrew Jackson charged that he was a murderer and that his wife was a bigamist Perhaps most scurrilous of all Jackson s opponents even accused his dead mother of being a prostitute In total Conventional Wisdom and American Elections identifies eleven widely held myths and misconceptions about elections in the United States The conclusions drawn throughout the book are based on the most current political science research In some instances the literature is clear in debunking popular myths about American elections On other issues research findings are more mixed In either case Conventional Wisdom and American Elections clarifies the issues so that readers can discern between those in which scholars have largely resolved and those in which honest debate remains

Financing the 2012 Election David B. Magleby, 2014-09-26 The amount of money flowing through U S politics continues to astound While not all expenditures are reported writes David Magleby our best estimate is that at least 8 billion was spent in the 2012 federal elections In this essential volume the latest in a quadrennial series dating back to 1960 Magleby and his colleagues reveal where all this the money came from where it went what were the results and why it matters Anthony Corrado examines the most important changes and legal challenges to the law and regulation of campaign finance leading up to the 2012 election John Green Michael Koehler and Ian Schwarber discuss the dynamics and funding of the Republicans presidential nomination contest as well as the Obama campaign s activity including the role his Priorities USA Super PAC played in negatively defining Romney Candice Nelson examines in considerable detail how each side raised and spent its funds and the implications of their different approaches Paul Herrnson Kelly Patterson and Stephanie Perry Curtis explore the financing of congressional elections Diana Dwyre and Robin Kolodny examine the ways political parties raised and spent money through their national committees including congressional campaign committees Jay Goodliffe and Magleby examine how interest groups raised and spent money closely examining the effect of the new Super PACs How did these organizations raise more than 828 million and how did they allot the 609 million they reported spending and to what effect Thomas Mann concludes with a summary of lessons recently learned regarding the financing of federal elections What changes should be made to the system and what institutional steps would they require
