Servants Of Globalization Women Migration And Domestic Work

Claudia Rocío Rivera Kisines

Servants Of Globalization Women Migration And Domestic Work:

Servants of Globalization Rhacel Parreñas, 2015-08-26 *Servants of Globalization* offers a groundbreaking study of migrant Filipino domestic workers who leave their own families behind to do the caretaking work of the global economy. Since its initial publication, the book has informed countless students and scholars and set the research agenda on labor migration and transnational families. With this second edition, Rhacel Salazar Parreñas returns to Rome and Los Angeles to consider how the migrant communities have changed. Children have now joined their parents. Male domestic workers are present in significantly greater numbers. And perhaps most troubling, the population has aged, presenting new challenges for the increasingly elderly domestic workers. New chapters discuss these three increasingly important constituencies. The entire book has been revised and updated, and a new introduction offers a global comparative overview of the citizenship status of migrant domestic workers. *Servants of Globalization* remains the defining work on the international division of reproductive labor.

Servants of Globalization Rhacel Salazar Parreñas, 2001 A poignant often troubling study of Filipina domestic workers who leave their own families behind to do the mothering and caretaking work of the global economy in countries throughout the world.

The Force of Domesticity Rhacel Salazar Parreñas, 2008-08-10 *The Force of Domesticity* offers fresh perspectives on the complex linkages of gender and globalization that connect the world today. Through a multi-site analysis of Filipino women, Parreñas shows how domesticity, remittances, and NGO and state-imposed notions of morality conspire to create new structures of inequalities and opportunities for transnational migrant women. Pierrette Hondagneu Sotelo, author of *Domestica*, taking as her subjects migrant Filipina domestic workers in Rome and Los Angeles, transnational migrant families in the Philippines, and Filipina migrant entertainers in Tokyo, Parreñas documents the social, cultural, and political pressures that maintain women's domesticity in migration, as well as the ways migrant women and their children negotiate these adversities. Parreñas examines the underlying constructions of gender in neoliberal state regimes, export-oriented economies such as that of the Philippines, protective migration laws, and the actions and decisions of migrant Filipino women in maintaining families and communities, raising questions about gender relations, the status of women in globalization, and the meanings of greater consumptive power that migration garners for women. *The Force of Domesticity* starkly illustrates how the operation of globalization enforces notions of women's domesticity and creates contradictory messages about women's place in society, simultaneously pushing women inside and outside the home.

Critical Globalization Studies Richard P. Appelbaum, William I. Robinson, 2005 First Published in 2005, Routledge is an imprint of Taylor & Francis, an informal company. *Reseña de "Servants of Globalization. Women, Migration and Domestic Work" de Rhacel Salazar Parreñas* Claudia Rocío Rivera Kisines, 2003

Migration, Domestic Work and Affect Encarnación Gutiérrez-Rodríguez, 2010-12-22 Drawing upon several years of research in Germany, the UK, Spain, and Austria, and over 100 interviews with Peruvian, Ecuadorian, and Chilean women working as domestic and care workers, this book examines hitherto

unexplored areas of the interpersonal relationships between domestic and care workers and their employers **Domestic Workers of the World Unite!** Jennifer N. Fish, 2017-07-25 From grassroots to global activism the untold story of the world's first domestic workers movement Domestic workers exist on the margins of the world labor market Maids nannies housekeepers au pairs and other care workers are most often off the books working for long hours and low pay They are not afforded legal protections or benefits such as union membership health care vacation days and retirement plans Many women who perform these jobs are migrants and are oftentimes dependent upon their employers for room and board as well as their immigration status creating an extremely vulnerable category of workers in the growing informal global economy Drawing on over a decade's worth of research plus interviews with a number of key movement leaders and domestic workers Jennifer N. Fish presents the compelling stories of the pioneering women who while struggling to fight for rights in their own countries mobilized transnationally to enact change The book takes us to Geneva where domestic workers organized negotiated and successfully received the first ever granting of international standards for care work protections by the United Nations International Labour Organization This landmark victory not only legitimizes the importance of these household laborers demands for respect and recognition but also signals the need to consider human rights as a central component of workers rights Domestic Workers of the World Unite chronicles how a group with so few resources could organize and act within the world's most powerful international structures and give voice to the wider global plight of migrants women and informal workers For anyone with a stake in international human and workers rights this is a critical and inspiring model of civil society organizing **Service Work** Cameron MacDonald, Marek Korczynski, 2008-08-20 This is the only book available that brings together major scholars to apply different theoretical perspectives to explore the nature of service work Handbook of Feminisms in Japan Andrea Germer, Ulrike Wöhr, 2025-10-01 The Handbook of Feminisms in Japan seeks to give a broad and even without prior knowledge of Japan easily accessible introduction to a range of feminisms in this non Western context With a useful comparative framework it aims to advance transnational and international perspectives on feminisms around the world It identifies discourses theoretical positions and areas of feminist activity or intervention that readily correspond with those of feminisms in other countries presenting chapters on topics such as radical feminism maternalism anarchism literature religion and pornography but it also includes entries on specific historical and socio cultural configurations such as Japan's women's liberation movement Uman Ribu Building on a growing body of erudite scholarship in Japanese English and other languages each chapter succinctly traces historical developments of particular discourses or movements and situates them in the local political and societal context while also making reference to the wider Asian and global contexts The authors identify the central actors and discuss the theoretical implications and political dimensions of particular feminisms or aspects of feminism in Japan The discussion in each chapter is based on relevant primary and secondary sources thus introducing the reader to material for further reading and research **Everyday**

Women's and Gender Studies Ann Braithwaite, Catherine Orr, 2016-08-11 Everyday Women's and Gender Studies is a text reader that offers instructors a new way to approach an introductory course on women's and gender studies. This book highlights major concepts that organize the diverse work in this field: Knowledges, Identities, Equalities, Bodies, Places, and Representations. Its focus on the everyday speaks to the importance this book places on students understanding the taken-for-granted circumstances of their daily lives. Precisely because it is not the same for everyone, the everyday becomes the ideal location for cultivating students' intellectual capacities as well as their political investigations and interventions. In addition to exploring each concept in detail, each chapter includes up to five short, recently published readings that illuminate an aspect of that concept. Everyday Women's and Gender Studies explores the idea that people are different and the world isn't fair, and engages students in the inevitably complicated follow-up question: Now that we know how, shall we live?

If you ally need such a referred **Servants Of Globalization Women Migration And Domestic Work** books that will provide you worth, get the utterly best seller from us currently from several preferred authors.
