Nothing But People Arnold Gingrich, 1971 *On the Way to Myself* Charlotte Wolff, 2015-08-11 Originally published in 1969 Dr Charlotte Wolff was the author of three books of psychology *The Human Hand* *A Psychology of Gesture* and *The Hand in Psychological Diagnosis* This book though it contains much psychology is not of the same scientific kind as these It is an autobiography but not one of the normal kind It is the history of a mind not the chronicle of a life For this reason it is not arranged chronologically but it is constructed round what the author called the creative shock experiences of her life some of which belong with their consequences rather than with events adjacent in time The resulting book is one of imaginative psychology In the course of a life which began on the borders of Poland and carried her to

Germany France Russia and England Dr Wolff had met and known many of the most famous writers artists and thinkers of the time In Germany she studied under the founding Existentialists Husserl and Heidegger in France she carried out psychological research under Professor Henri Wallon and was also assisted by the Surrealists Andr Breton St Exup ry Paul Eluard in England she was aided in her work by Sir Julian Huxley Aldous Huxley and his wife Dr William Stephenson Dr Earle and others But Dr Wolff s earliest creative work was as a poet and though she turned to psychology her interest in art brought her into touch at different times with Ravel Virginia Woolf Bernard Shaw Lady Ottoline Morrell Thomas and Heinrich Mann Baladine Klossowska and many more Dr Earle wrote of her that she is an artist of psychology and it is thus that she appears in this odd and fascinating book Today it is an interesting glimpse in to the life of an early feminist psychologist Her later research focused on sexology her writing on lesbianism and bisexuality were influential early works in the field
