**Minutes of Evidence Taken Before the Royal Commission on Divorce and Matrimonial Causes** Great Britain. Royal Commission on Divorce and Matrimonial Causes,1912     Cargoes for Crusoes Grant M. Overton,2022-08-21 In Cargoes for Crusoes Grant M Overton presents a thought provoking exploration of the themes of survival and human ingenuity through the lens of travel and adventure literature Set against the backdrop of the early 20th century Overton s prose is characterized by rich descriptive passages that evoke the fantastical and often perilous journeys undertaken by seafarers and explorers The book engages with the romantic notions of adventure capturing the essence of longing and the spirit of discovery prevalent in the literature of his time all while delivering a nuanced critique of colonialism s impact on both the native people and the environment Grant M Overton an accomplished author and scholar in his own right was deeply influenced by his personal experiences and the burgeoning interest in exploration during his era His

background in literature and fascination with the cultural exchanges that accompany travel shaped his narrative style and thematic focus in *Cargoes for Crusoes*. Overton's ability to weave personal insight with historical context offers readers a compelling lens through which to understand the complexities of adventure literature. This book is highly recommended for those interested in the intersections of travel culture and literature. Overton's unique perspective provides a critical yet accessible entry point into the world of exploration narratives, making it a valuable addition to the collections of both casual readers and scholarly enthusiasts alike.

*Freedom and the Construction of Europe* Quentin Skinner, Martin van Gelderen, 2013-03-07. Freedom today perceived simply as a human right was a continually contested idea in the early modern period. In *Freedom and the Construction of Europe*, an international group of scholars explore the richness, diversity, and complexity of thinking about freedom in the shaping of modernity. Volume 1 examines debates about religious and constitutional liberties as well as exploring the tensions between free will and divine omnipotence across a continent of proliferating religious denominations. Debates about freedom have been fundamental to the construction of modern Europe but represent a part of our intellectual heritage that is rarely examined in depth. These volumes provide materials for thinking in fresh ways not merely about the concept of freedom but how it has come to be understood in our own time.
