Free Trade and Sailors' Rights in the War of 1812 Paul A. Gilje, 2013-03-18 On 2 July 1812 Captain David Porter raised a banner on the USS *Essex* proclaiming a free trade and sailors rights thus creating a political slogan that explained the War of 1812 Free trade demanded the protection of American commerce while sailors rights insisted that the British end the impressment of seamen from American ships Repeated for decades in Congress and in taverns the slogan reminds us today that the second war with Great Britain was not a mistake It was a contest for the ideals of the American Revolution bringing together both the high culture of the Enlightenment to establish a new political economy and the low culture of the common folk to assert the equality of humankind Understanding the War of 1812 and the motto that came to explain it free trade and sailors rights allows us to better comprehend the origins of the American nation *The Bach Choir: The First Hundred Years* Basil Keen, 2017-07-05 This study of the Bach Choir provides a much needed overview of one of the major choral societies in London Dr Basil Keen examines the background that led to the formation of an ad hoc body to give the first performance in England of J S Bach's B minor Mass The musical and organizational effects of a permanent choral society drawn from one social group are traced during the first twenty years after such time the pressures of social change led to a complete review followed by a restructuring of the methods of recruitment and internal organization The rebuilding of the choir at the opening of the twentieth century the expansion of the repertoire the upheaval resulting from the First World War and the impact of these events on preparation and performance are all considered The book is essentially structured around the tenure of successive Musical Directors Otto Goldschmidt Charles Villiers Stanford Walford Davies Hugh Allen Ralph Vaughan Williams Adrian Boult Reginald Jacques and David Willcocks since their varied tastes and interests inevitably had a decisive influence on policy Keen draws upon previously unpublished material including minutes and correspondence of the Bach Choir interviews with relatives and descendants and examination of family records and correspondence To date there has been no survey of a major London choir that encompasses the full history of the organization in context In this study Dr Basil Keen provides a thorough examination of the Bach Choir including the response of the choir to social changes the influence of conductors and officials changes in musical taste relationships with composers and composition major national and international events and the effect of these matters on organization and repertoire **Clr Cumulative Title Index**
