Tuppurainen, 2019-10-16 Lukan narrative takes its readers into God's story how his salvation plan in Jesus began on the slopes of Judea and at the Sea of Galilee ending on the hill of Calvary and the Mount of Olives yet moving on and telling how the Spirit descended onto the Temple Mount empowering God's people who then began to fulfill the given mandate in the presence of the Spirit Yet readers of Luke Acts throughout the centuries have had a meandering journey as they have tried to understand the narrative's persuasion and Spirit references This book seeks to bring awareness to these challenges by some of the most respected Pentecostal biblical scholars and systematicians Here their vigorous labor with the questions of hermeneutics and theology in relation to Lukan writings have come to fruition These contributions have been collected as a Festschrift in honor and celebration of the career of Roger Stronstad a Pentecostal biblical scholar whose contribution to Lukan studies have moved Pentecostal scholarship from shadows into daylight The editor of this volume invites the readers of Lukan narrative to journey together on the road to Emmaus as we continue to ponder the events in the past the present and the future      The New Testament in Antiquity, 2nd Edition Gary M. Burge, Gene L. Green, 2020-04-14 This completely revised and updated second edition of The New Testament in Antiquity skillfully develops how Jewish Hellenistic and Roman cultures formed the essential environment in which the New Testament authors wrote their books and letters Understanding of the land history and culture of the ancient world brings remarkable new insights into how we read the New Testament itself Throughout the book numerous features provide windows into the first century world Nearly 500 full color photos charts maps and drawings have been carefully selected Additional features include sidebars that integrate the book's material with issues of interpretation discussion questions and bibliographies      **Introduction to the Synoptic Gospels** Paton James Gloag, 1895

Q and the History of Early Christianity Christopher M. Tuckett, 2004-01-01 A wide ranging examination of the key issues in Q studies After seeking to establish the existence of Q Tuckett proceeds to analyze the characteristic features of the Q material He explores not only what we can learn about the possible theology of Q but also what we can learn about the social situation of the Christians who valued and preserved this material There are discussions of John the Baptist in Q the eschatology and Christology of Q along with the nature of the polemic in Q Tuckett also attempts to determine how far Q is a wisdom text and how far it reflects Cynic ideas This work will be of interest to all New Testament scholars and students interested in the Q tradition the earliest history of Jesus traditions and early Christianity in general      **Judas of Nazareth** Daniel T. Unterbrink, 2014-03-24 An investigation into the historical Jesus and the veracity of the Gospels Reveals the biblical Jesus as a composite figure a blend of the political revolutionary Judas the Galilean and Paul's divine human Christ figure Matches the events depicted in the New Testament with historically verifiable events in Josephus history pushing Jesus life back more than a decade Demonstrates how each New Testament Gospel is dependent upon Paul's mythologized Christ theology designed to promote Paul's Christianity and serve the interests of the fledgling Gentile Christian communities

Scholars have spent years questioning aspects of the historical Jesus How can we know what Jesus said and did when Jesus himself wrote nothing Can we trust the Gospels written by unknown authors 40 to 70 years after Jesus death And why do other sources from the time not speak of this messianic figure known as Christ Drawing on the histories of Josephus Tacitus Suetonius and Pliny as well as the Dead Sea Scrolls Daniel Unterbrink contends that the Jesus of the Bible was actually a composite figure a clever blend of the Jewish freedom fighter Judas the Galilean and Paul s divine human Christ figure created in the middle of the first century CE Revealing why Paul was known as a liar enemy and traitor in other Jewish literature he shows that the New Testament Gospels are not transcripts of actual history but creative works of historical fiction designed to promote Paul s Christianity and serve the interests of the fledgling Gentile Christian communities He demonstrates how each Gospel is written in light of the success of Paul s religion and dependent upon his later perspective Matching the events depicted in the New Testament with the historically verifiable events in Josephus history Unterbrink pushes the dating of Jesus life back nearly a generation to a revolutionary time in ancient Judea He shows that the real historical Jesus the physical man behind the fictional stories in Paul s Gospels was Judas the Galilean a messianic pretender and Torah observant revolutionary bent on overthrowing the Roman government and galvanizing the Jewish people behind his vision of the coming Kingdom of God In the greatest cover up of history this teacher of first century Israel was replaced by the literary creation known as Jesus of Nazareth

*The Case for Proto-Mark* Delbert Burkett, 2018-02-27 The most common explanation for the material shared by Matthew and Luke the double tradition is that Matthew and Luke both used a source now lost called Q If we adopt the Q hypothesis to account for the double tradition then what theory best accounts for the material that Matthew and Luke share with Mark Three main theories have been proposed Matthew and Luke used the Gospel of Mark as a source the standard theory of Markan priority Matthew and Luke used a revised version of Mark's gospel the Deutero Mark hypothesis or all three evangelists used a source similar to but earlier than the Gospel of Mark the Proto Mark hypothesis Delbert Burkett provides new data that calls into question the standard theory of Markan priority and the Deutero Mark hypothesis He offers the most comprehensive case to date for the Proto Mark hypothesis concluding that this theory best accounts for the Markan material

**Gospels** Eric Eve, 2021-01-14 This volume examines the synoptic problem and argues that the similarities between the gospels of Matthew and Luke outweigh the objections commonly raised against the theory that Luke used the text of Matthew in composing his gospel While agreeing with scholars who suggests that memory played a leading role in ancient source utilization Eric Eve argues for a more flexible understanding of memory which would both explain Luke's access of Matthew's double tradition material out of the sequence in which it appears in Matthew and suggest that Luke may have been more influenced by Matthew's order than appears on the surface Eve also considers the widespread ancient practice of literary imitation as another mode of source utilization the Evangelists particularly Luke could have employed and argues that Luke's Gospel should be seen in part as an emulation of Matthew's Within this enlarged understanding of how ancient authors could utilize their sources Luke's proposed use of Matthew alongside Mark becomes entirely plausible and Eve concludes that the Farrer Hypothesis of Matthew using Mark and Luke consequently using both gospels to be the most likely solution to the Synoptic Problem
