Montana Gold Rush Diary Of Kate Dunlap:

The Montana Gold Rush Diary of Kate Dunlap Kate Dunlap, 1969 *Perilous Passage* Edwin Ruthven Purple, 1995 In 1862 Edwin Ruthven Purple seized the chance to strike it rich in the newly discovered goldfields of the northern Rocky Mountains With an introduction and thorough annotations by Kenneth N Owens *Perilous Passage* offers Purple's never before published first person narrative On hand for the crimes that led to vigilante justice Purple chronicled the story of a raucous sometimes murderous life among bonanza miners *Westering Women and the Frontier Experience, 1800-1915* Sandra L. Myres, 1982 Contains letters journals and reminiscences showing the impact of the frontier on women's lives and the role of women in the West **Journeys to the Land of Gold** Susan Badger Doyle, 2000 Collected here for the first time ever are the surviving eyewitness accounts of the Bozeman's Trail's civilian emigrants twenty four diaries written during the journey and nine reminiscences prepared afterward These accounts describe life on the West's last great emigrant trail the shortcut from the Platte River Road to the Montana goldfields from 1863 until 1866 when the route was closed by Red Cloud's War Ample introductions extensive annotation historical illustrations and detailed maps enrich this oversized two volume compendium *Montana* Michael P. Malone, Richard B. Roeder, William L. Lang, 1991 *Montana A History of Two Centuries* first appeared in 1976 and immediately became the standard work in its field In this thoroughgoing revision William L Lang has joined Michael P Malone and Richard B Roeder in carrying forward the narrative to the 1990s Fully twenty percent of the text is new or revised incorporating the results of new research and new interpretations dealing with pre history Native American studies ethnic history women's studies oral history and recent political history In addition the bibliography has been updated and greatly expanded new maps have been drawn and new photographs have been selected *The Ghost Town Preservation Society* Julie Clark Simon, 2023-08-03 Does the past really matter Fleeing a failed marriage and a failed profession a woman on the dangerous side of forty decides a Montana ghost town holds the key to the mystery of her birth Hard living AJ Armstrong is obsessed by history especially her own Abandoning her academic career she arrives in the run down mountain town of Misfire Montana armed only with her willingness to take on the world with a double shot of irony chased down with a dose of pessimism Roped into a temporary job at the town's weekly newspaper AJ finds a friend in worldly wise Rheta a former prostitute turned editor Rheta not only knows where all the bodies are buried in Misfire she has a pretty good idea where AJ should seek the scandals still haunting nearby Bannack infamous for its violent history AJ's plan is to figure out how her roots are entangled with that ghost town's past and then to hit the highway Before she can escape AJ is warned to leave the past alone advice amplified by a devastating fire and a death that may or may not be accidental But stubbornly digging through history is what AJ does best As lives intersect and specters are raised Bannack finally gives up its ghosts and AJ's life is forever altered Winner of the prestigious Utah Original Writing Competition this novel conveys a sense of small town Montana life as lived in the shadow of the mountains and reveals its story with sharp humor distinctive

characters and a satisfying ending The author is a Big Sky Country native who spent her early career as a newspaper reporter for Southwest Montana newspapers before settling down to teaching and to directing the Writing Center at Southern Utah University The Frontiers of Women's Writing Brigitte Georgi-Findlay,2022-05-10 Although the myth of the American frontier is largely the product of writings by men a substantial body of writings by women exists that casts the era of western expansion in a different light In this study of American women s writings about the West between 1830 and 1930 a European scholar provides a reconstruction and new vision of frontier narrative from a perspective that has frequently been overlooked or taken for granted in discussions of the frontier Brigitte Georgi Findlay presents a range of writings that reflects the diversity of the western experience Beginning with the narratives of Caroline Kirkland and other women of the early frontier she reviews the diaries of the overland trails letters and journals of the wives of army officers during the Indian wars professional writings focusing largely on travel by women such as Caroline Leighton from the regional publishing cultures that emerged in the Far West during the last quarter of the century and late nineteenth and early twentieth century accounts of missionaries and teachers on Indian reservations Most of the writers were white literate women who asserted their own kind of cultural authority over the lands and people they encountered Their accounts are not only set in relation to a masculine frontier myth but also investigated for clues about their own involvement with territorial expansion By exploring the various ways in which women writers actively contributed to and at times rejected the development of a national narrative of territorial expansion based on empire building and colonization the author shows how their accounts are implicated in expansionist processes at the same time that they formulate positions of innocence and detachment Georgi Findlay has drawn on American studies scholarship feminist criticism and studies of colonial discourse to examine the strategies of women s representation in writing about the West in ways that most theorists have not She critiques generally accepted stereotypes and assumptions both about women s writing and its difference of view in particular and about frontier discourse and the rhetoric of westward expansion in general as she offers a significant contribution to literary studies of the West that will challenge scholars across a wide range of disciplines **Growing Up with the Country** Elliott West,1989-09 This illustrated study shows how frontier life shaped children s character *Discovery Men* Gary R. Forney,2009-02-19 There is no available information at this time **South Pass** Will Bagley,2014-05 Wallace Stegner called South Pass one of the most deceptive and impressive places in the West Nowhere can travelers cross the Rockies so easily as through this high treeless valley in Wyoming immediately south of the Wind River Mountains South Pass has received much attention in lore and memory but attracted no serious book length study until now In this narrative award winning author Will Bagley explains the significance of South Pass to the nation s history and to the development of the American West Fur traders first saw South Pass in 1812 From the early 1840s until the completion of the Union Pacific and Central Pacific Railroads almost forty years later emigrants on the Oregon California and Mormon Trails used South Pass in transforming the American West in a

single generation Bagley traces the peopling of the region by the earliest inhabitants and adventurers including Indian peoples trappers and fur traders missionaries and government commissioned explorers Later California gold rushers Latter day Saints and families seeking new lives went through this singular gap in the Rockies Without South Pass overland wagons beginning their journey far to the east along the Missouri River could not have reached their destinations in a single season and western settlement might have been delayed for decades The story of South Pass offers a rich history The Overland Stage Pony Express and first transcontinental telegraph all came through the region Nearly a century later President Dwight D Eisenhower designated South Pass as one of America s first National Historic Landmarks An American place so rich in historical significance Bagley argues deserves the best of historical preservation efforts
