Scott-Bottoms, 2009-11-10 Scrupulously researched critically acute and written with care *Playing Underground* will become a classic account of an era of hard won free expression William Coco At last a book documenting the beginnings of Off Off Broadway theater *Playing Underground* is an insightful illuminating and honest appraisal of this important period in American theater Rosalyn Drexler author of *Art Does Not Exist* and *Occupational Hazard* An epic movie of an epic movement

Playing Underground is a book the world has waited for without knowing it. How precisely it captures the evolution of our revolution I am amazed by the book's scope and scale and I bless its author especially for giving two greats Paul Foster and H. M. Koutoukas their proper polar places and for memorializing such unjustly forgotten masterpieces as Irene Fornes's *Molly's Dream* and Jeff Weiss's *A Funny Walk Home*. Stephen Bottoms's vivid evocation of the grand adventure of Off Off Broadway has woken and broken my heart. It is difficult to believe that he was not there alongside me to breathe the caffeine nicotine alkaloid steeped air. Robert Patrick, author of *Kennedy's Children* and *Temple Slave*, few books address the legendary age of 1960s off off Broadway theater. Fortunately, Stephen Bottoms fills that gap with *Playing Underground*, the first comprehensive history of the roots of off off Broadway. This is a theater whose legacy is still felt today; it was the launching pad for many leading contemporary theater artists including Sam Shepard, Maria Irene Fornes, and others, and it was a pivotal influence on improv comedy and shows like *Saturday Night Live*. Off off Broadway groups such as the Living Theatre, La Mama, and Caffe Cino captured the spirit of nontraditional theater with their edgy, unscripted, boundary-crossing subjects. Yet as Bottoms discovers, there is no one set of truths about off off Broadway; to uncover the entire scene was always more a matter of competing perceptions than a singular concrete reality. No other author has managed to illuminate this shifting tableau as Bottoms does. Through interviews with dozens of the era's leading playwrights, performers, directors, and critics, he unearths a countercultural theater movement that was both influential and transforming, yet ephemeral and quintessentially of its moment. *Playing Underground* will be a definitive work on the subject, offering a complete picture of an important but little studied period in American theater. [Making a Performance](#) Emma Govan, Helen Nicholson, Katie Normington, 2007-05-14

Making a Performance traces innovations in devised performance from early theatrical experiments in the twentieth century to the radical performances of the twenty-first century. This introduction to the theory, history, and practice of devised performance explores how performance makers have built on the experimental aesthetic traditions of the past. It looks to companies as diverse as Australia's *Legs on the Wall*, Britain's *Forced Entertainment*, and the USA-based *Goat Island* to show how contemporary practitioners challenge orthodoxies to develop new theatrical languages. Designed to be accessible to both scholars and practitioners, this study offers clear practical examples of concepts and ideas that have shaped some of the most vibrant and experimental practices in contemporary performance. **Community Performance: An Introduction** Petra Kupperts, 2007-03-12

Community Performance: An Introduction is a comprehensive and accessible practice-based primer for students and practitioners of community arts, dance, and theatre. It is both a classroom-friendly textbook and a handbook for the practitioner, perfectly answering the needs of a field where teaching is orientated around practice. Offering a toolkit for students interested in running community arts groups, this book includes international case studies and first-person stories by practitioners and participants, sample exercises, both practical and reflective, study questions, excerpts of illustrative material from theorists and practitioners. This book can be used as a standalone text or together with its companion volume *The*

Community Performance Reader to provide an excellent introduction to the field of community arts practice Petra Kuppers has drawn on her vast personal experience and a wealth of inspiring case studies to create a book that will engage and help to develop the reflective community arts practitioner *Masks in Modern Drama* Susan H. Smith, Susan Harris Smith, John Chandler, Susan V. Smith, 1984-01-01 **Taking it to the Streets** Harry Justin Elam, 1997 An original and valuable assessment of American political theater in the 1960s and 1970s **A Critical Introduction to Twentieth-Century American Drama: Volume 3, Beyond Broadway** C. W. E. Bigsby, 1985-05-02 The final volume of Christopher Bigsby's critical account of American drama in the twentieth century **Devising Performance** Jane Milling, Deirdre Heddon, 2015-10-11 What is the history of devised theatre Why have theatre makers since the 1950s chosen to devise performances What different sorts of devising practices are there What are the myths attached to devising and what are the realities First published in 2005 *Devising Performance* remains the only book to offer the reader a history of devising practice Charting the development of collaboratively created performances from the 1950s to the early 21st century it presents a range of case studies drawn from Britain America and Australia Companies discussed include The Living Theatre Open Theatre Australian Performing Group People Show Teatro Campesino Theatre de Complicité Legs on the Wall Forced Entertainment Goat Island and Graeae Providing a history of devising practice Deirdre Heddon and Jane Milling encourage us to look more carefully at the different modes of devising and to consider the implications of our use of these practices in the 21st century The Feminist Spectator as Critic Jill Dolan, 2012-10-24 This groundbreaking work in gender and performance with a new introduction and updated bibliography American Drama of the Twentieth Century Gerald M. Berkowitz, 2014-07-15 In this book Professor Berkowitz studies the diversity of American drama from the stylistic experimental plays of O'Neill through verse tragedy and community theatre to the theatre of the 1990s The discussions range through dramatists plays genres and themes with full supporting appendix material It also examines major dramatists such as Eugene O'Neill Arthur Miller Sam Shepard Tennessee Williams and August Wilson and covers not only the Broadway scene but also off-Broadway movements and fringe theatres and such subjects as women's and African American drama

Efficiencies of Slowness Rachel Anderson-Rabel, 2011 This project focuses on the process and performance of three contemporary collective creation groups Goat Island Elevator Repair Service and Nature Theater of Oklahoma I draw processual and aesthetic connections between collective creation methodologies and the consequences of those methodologies in performance claiming that processes leave footprints that are ultimately visible to audiences though their visibility requires new ways of seeing Taking into account an American genealogy of collective creation I outline the footprints of method through the images of everyday employment instances of untrained bodies enacting danced gesture and the speeds and velocities that characterize the work of these three contemporary groups Through these aesthetics we can locate evidence of methodological principles that constitute a politics In the work of Goat Island Elevator Repair Service and

Nature Theater of Oklahoma this politics does not play out through the ideological content of performance but is embedded within collaborative acts of making

Performing Ground L. Levin, 2014-07-31 *Performing Ground* explores camouflage as a performance practice arguing that the act of blending into one's environment is central to the ways we negotiate our identities through space The book offers a critically rich investigation of how the performative practice of camouflage renders the politics of space power and gender in visible

Systems of Rehearsal Shomit Mitter, 2006-07-13 The gap between theory and practice in rehearsal is wide many actors and directors apply theories without fully understanding them and most accounts of rehearsal techniques fail to put the methods in context *Systems of Rehearsal* is the first systematic appraisal of the three principal paradigms in which virtually all theatre work is conducted today those developed by Stanislavsky Brecht and Grotowski The author compares each system to the work of the contemporary director who says Mitter is the Great Imitator of each of them Peter Brook The result is the most comprehensive introduction to modern theatre available

The Cambridge Guide to American Theatre Don B. Wilmeth, Tice L. Miller, 1996-06-13 This new and updated Guide with over 2 700 cross referenced entries covers all aspects of the American theatre from its earliest history to the present Entries include people venues and companies scattered through the U S plays and musicals and theatrical phenomena Additionally there are some 100 topical entries covering theatre in major U S cities and such disparate subjects as Asian American theatre Chicano theatre censorship Filipino American theatre one person performances performance art and puppetry Highly illustrated the Guide is supplemented with a historical survey as introduction a bibliography of major sources published since the first edition and a biographical index covering over 3 200 individuals mentioned in the text

BOOK JACKET **A History of Collective Creation** Kathryn Mederos Syssoyeva, 2013-07-24 Collective creation the practice of collaboratively devising works of performance rose to prominence not simply as a performance making method but as an institutional model By examining theatre practices in Europe and North America this book explores collective creation's roots in the theatrical experiments of the early twentieth century

Plays of Impasse Carol Rosen, 2017-03-14 A study of post World War II plays set in total institutions such as hospitals psychiatric wards prisons and military bases *Plays of Impasse* probes the structure and significance of the numerous and highly visible plays set in contemporary society's dead ends the hospitals psychiatric wards prisons and military training camps so aptly described by Irving Goffman as total institutions Carol Rosen shows how the setting in these plays tends to engulf and then to exclude the audience turning an encompassing stage structure a closed controlling absolute system into a protagonist that overwhelms the characters In discussions ranging from Harold Pinter's *The Hothouse* to Samuel Beckett's *Endgame* she further maintains that the impasse of characters in reductive environments supplies a unifying image for post World War II drama in general This state of impasse pervades contemporary drama Everyday activities and attempts to endure life in a parenthesis are vacated of traditional social or moral meaning onstage The pain of this kind of survival spatially fixed is at the heart of *Endgame* for example an extreme

instance of this mode of drama at the edge of existence In plays such as Peter Nichols's *The National Health* Peter Weiss's *Marat Sade* Friedrich Dürrenmatt's *The Physicists* David Storey's *Home* Brendan Behan's *The Quare Fellow* Jean Genet's *Deathwatch* and David Rabe's *The Basic Training of Pavlo Hummel* the splintered self like the divided society strives to endure against enormous codified odds Even in plays not depicting the rigidity of institutions the contemporary dramatic mode is finally characterized by sparse introspective action in a closed system an onstage model of a world gone awry a world at an impasse Originally published in 1983 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Sixties, Center Stage James M. Harding, Cindy Rosenthal, 2017-04-06 *The Sixties Center Stage* offers rich insights into the innovative and provocative political underpinnings of mainstream and popular performances in the 1960s While much critical attention has been focused on experimental and radical theater of the period the essays confirm that mainstream performances not only merit more scholarly attention than they have received but through serious examination provide an important key to understanding the 1960s as a period The introduction provides a broad overview of the social political and cultural contexts of artistic practices in mainstream theater from the mid fifties to mid seventies Readers will find detailed examinations of the mainstream's surprising attention to craft and innovation to the rich exchange between European and American theatres to the rise of regional theaters and finally to popular cultural performances that pushed the conceptual boundaries of mainstream institutions The book looks afresh at productions of *Hair* *Cabaret* *Raisin in the Sun* and *Fiddler on the Roof* as well as German theater and performances outside the Democratic National Convention of 1968
