NBA draft and that's where most NBA stars sign million dollar contracts But Lin never gave up eventually signing with but then released by two NBA teams He was on the cusp of being released again but due to injury to a star player Lin led the Knicks to victory with over New Jersey with 25 points five rebounds and seven assists all career highs Then the very next game 28 points A few days later 23 points 10 assists And then February 10 a career high yep it was a new one for him 38 points All wins for the Knicks who needed them badly Linsanity was born Indeed no player had ever scored more points in his first five starts than Jeremy Lin In just 26 games with the New York Knicks before ending the season early with a knee injury he had captured global headlines Quite simply he was the story of the NBA Well Lin's story has another level of uniqueness to it He was the first American of Chinese or Taiwanese descent to play in the NBA and one of the few Asian Americans to ever do so But over the next nine NBA seasons and eight different teams Lin was never able to match that Linsanity level His scoring and assist numbers would pretty much be in steady decline Just this past season however he was traded to the Toronto Raptors where he would become the first Asian American to win an NBA title You'd think that winning that crown would be a boost for any player but in a candid speech recently on a tour of Asia the 30 year old who hardly had any court time with the Raptors felt like he didn't deserve a title Now he's looking for a new team but has no offers
