Reality And Illusion In New Testament Scholarship:

Reality and Illusion in New Testament Scholarship Ben F. Meyer, 2016-07-15 Reality and Illusion in New Testament Scholarship is a basic introduction to the theory of interpretation and theory of history for New Testament readers students and scholars It offers an entry into the thought of the late great Bernard Lonergan on insight and judgment subjectivity and objectivity horizons and changes of horizon alienation and ideology It focuses on what it takes to measure up to the literature of the New Testament Book jacket *Reality and Illusion in New Testament Scholarship* Ben F. Meyer, 1994 Reality and Illusion in New Testament Scholarship is a basic introduction to the theory of interpretation and theory of history for New Testament readers students and scholars It offers an entry into the thought of the late great Bernard Lonergan on insight and judgment subjectivity and objectivity horizons and changes of horizon alienation and ideology It focuses on what it takes to measure up to the literature of the New Testament BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Bible and the Crisis of Meaning** Christopher Spinks, 2007-08-30 Many of the most pressing issues in theology and the church today depend greatly on the understanding of the bible Recent debates on the theological interpretation of scripture have emerged which consider whether the meaning of scripture should concern theologians and church leaders at all The Bible and the Crisis of Meaning is an account of these debates in examining the concept of meaning in current proposals of theological interpretation The concept of meaning is deduced either from the supposed nature of the texts and their authors or from the function of the texts in religious communities Thus approaches to theological interpretation become debates between ontological and pragmatic strategists Stephen Fowler and Kevin Vanhoozer have embraced the term theological interpretation for their separate projects but their ideas of what this means and how meaning is a part of it differ greatly Christopher Spinks describes their respective concepts of meaning and argues for a more holistic concept that allows theological interpreters to understand their craft not so much as a discovery of intentions or the creation of interests but as a conversation in which truth is mediated [Seeing the Word](#) Markus Bockmuehl, 2006-09 This important study considers the divided and contentious state of contemporary New Testament studies arguing that the interpretation of Scripture must take place within the context of the church and Christian theology *The Vehement Jesus* David J. Neville, 2017-11-13 The Vehement Jesus composes a fresh examination and interpretation of several perplexing passages in the Gospels that at face value challenge the conviction that the mission and message of Jesus were peaceful Using narrative analysis and various forms of intratextual critique in the service of a hermeneutic of shalom the author makes the case that Gospel portrayals of the vehement Jesus are compatible with perhaps even indispensable to the composite canonical portrait of Jesus as the Messiah of Peace As a result this exploration in New Testament theology and ethics makes an invaluable contribution to the crucial conversation about the role of Jesus life and teaching in Christian reflection on the morality of violence today **The Resurrection of History** David Bruce, 2014-09-08 Did Jesus really rise

from the dead And does it really matter In *The Resurrection of History* David Bruce explores what historians theologians and New Testament scholars have said about the resurrection of Jesus from a historical point of view Bruce argues that scholars don't have to dismiss the scriptural witness that he is risen as metaphor or wishful thinking Bruce examines the development of the art of history writing and explores the theological possibilities now open to scholars in the twenty first century Using contemporary examples Bruce helps his readers come to grips with the interrelationship of history and theology and think like theologically informed historians Respectful of varying points of view Bruce defends the traditional orthodox view of the resurrection and challenges his readers to consider the implications for Christian faith and witness if in fact the resurrection of Jesus was historical

Jesus the Miracle Worker Graham H. Twelftree, 1999-05-25 Graham Twelftree extensively examines the miracles of each Gospel narrative He weighs their historical reliability and considers the question of miracles and the modern mind

The Resurrection of Jesus Michael R Licona, 2020-05-21 The question of the historicity of Jesus resurrection has been repeatedly probed investigated and debated And the results have varied widely Perhaps some now regard this issue as the burned over district of New Testament scholarship Could there be any new and promising approach to this problem Yes answers Michael Licona And he convincingly points us to a significant deficiency in approaching this question our historiographical orientation and practice So he opens this study with an extensive consideration of historiography and the particular problem of investigating claims of miracles This alone is a valuable contribution But then Licona carefully applies his principles and methods to the question of Jesus resurrection In addition to determining and working from the most reliable sources and bedrock historical evidence Licona critically weighs other prominent hypotheses His own argument is a challenging and closely argued case for the historicity of the resurrection of Jesus the Christ Any future approaches to dealing with this prize puzzle of New Testament study will need to be routed through *The Resurrection of Jesus*

The Formation and Significance of the Christian Biblical Canon Tomas Bokedal, 2013-12-05 This book offers a fresh cross disciplinary approach to the current discussion on the Christian canon formation process By carefully integrating historical hermeneutical and theological aspects to account for the emergence of the canon it seeks to offer a more comprehensive picture of the canon development than has previously been achieved The formation and continuous usage of the Christian biblical canon is here viewed as an act of literary preservation and actualization of the church's apostolic normative tradition the Scriptures and the Lord addressing first of all the church but also the wider society In order to grasp the complex phenomenon of the biblical canon the study is divided into four parts focusing respectively on linguistic and effective historical textual and material performative and ideational aspects of the canon Attention is given to the scribal nomina sacra convention the codex format oral and written Gospel early Christian liturgical praxis and the Rule of Faith Bokedal argues that the canon was formed in a process with its own particular intention history and direction Throughout the study history and theology past and present are considered alongside each other By using a Gadamerian hermeneutics of

tradition the reader's attention is directed to historical dimensions of the canon and its interpretative possibilities for our time. The notion of effective history *Wirkungsgeschichte* as well as the interaction between text, community, and reader are crucial to the argument. The canonical text as text, its interpretation, and ritual contextualization are highlighted as unifying elements for the communities being addressed.

Mormon Hermeneutics Jeffrey S. Krohn, 2022-05-13

Bible readers are often preoccupied with themselves. At times they neglect the original ancient context of the biblical writings. The novelty of the modern is leveraged to trump the ancient. Mormon hermeneutics seems to say more about the modern LDS church than any ancient biblical meaning. Positively, the LDS is to be applauded for their emphasis on the living out of their faith. However, through various approaches to the Bible, the LDS Church seems to neglect the ancient horizon of the biblical text. Any interpretation of the Bible, LDS or otherwise, should be held accountable. This book is an attempt to categorize Mormon hermeneutics and utilizes numerous hermeneutical voices from the field of philosophical hermeneutics.

When somebody should go to the book stores, search commencement by shop, shelf by shelf, it is really problematic. This is why we offer the book compilations in this website. It will completely ease you to look guide **Reality And Illusion In New Testament Scholarship** as you such as.
