Augustus Hopkins Strong

Reality Of Time And The Existence Of God:

The Reality of Time and the Existence of God David Braine,1988 Basing his argument for the existence of God on the continuous nature of the temporal world Braine here posits that the philosophy of religion cannot be continued as a separate discipline the solution of its problems will be the fruit of the correct telesis of the problems of general philosophy in their complex interrelationships *The Truth of Reality: Part two* Tsunyota Kohe'T, Tsúnyöta Köhe't,2002 *An Enquiry Into the Existence of God* Santosh Chandra Sengupta,1959 **The Nature of Theology** Haight SJ, Roger ,2022-09-08 Describes the logic of Christian theology by sidestepping an abstract analysis of the discipline and offering a relatively clear structure of the discipline of theology that is responsive to our current situation The Philosophy of Kant Explained John Watson,1908

Journey to God sanjeev sareen, We all are on the Spiritual Journey called the Journey to God The journey starts from I as various ego identifications and gets completed when we realize ourselves as we truly are A stage comes in everyone s life when not getting permanent happiness after suffering in many incarnations a Spiritual Awakening is there We start looking for Spiritual Direction This book describes in detail the whole journey and how it matters to us Various Questions about life keep emerging A small voice within begins to question Who am I who is God why God made the world what is my relationship with God what is the purpose of my creation Who am I and why do I matter The Search for the meaning of life then begins In many ways it is the central struggle of every human life And whether you are 7 or 70 or someplace in between you need to know these The question of who I am is the most profound and deepest question of all time the first question in all philosophies Getting to know the Self and realizing it is the way to God realization Though it took around 60 days to complete this book it contains 60 years of my introspection on these soul searching questions I have tried to share my knowledge on these questions responsibly with several examples stories poems experiments inferred deductions and Vedic explanations The book will surely demand sufficient attention and stretch of the mind in certain places to understand the subtle subject The practice part of the knowledge gained thus essential for complete realization is covered in part 2 of this book After realization the journey is completed when we feel oneness with God and everything In that stage as Vivekananda says I has all become and all is I Oneness in all beings All beings in self and self in all beings That brings freedom from suffering and sorrow Journey with me know about you and find the purpose of life The journey through this book can transform you from a limited I to the Infinite Self And you are already that The book will try to bring up to your conscious awareness the things you already knew deep within but have forgotten now The Idea of God Clarence Augustine Beckwith,1922 *Know God. He could be You* Sanjeev Sareen,2024-03-26 We are all on a spiritual journey The journey starts with i as various ego identifications and gets completed when we realize ourselves as we truly are There is a lot to our being that we are not privy to yet and have never realized so far Know yourself your real dimension It is said that whoever doesn t know the Self doesn t know anything but whoever knows the Self has already acquired knowledge about the depth of the universe This self

realization will lead to God's realization And it has to happen one day maybe after a few hundred or thousands more incarnations riding the roller coaster of life through pains and pleasures etc Why not now The ignorance about the Self leads to the emotional roller coaster movement in life filled with pains and pleasures But a stage comes in everyone's life when after suffering in many incarnations a spiritual awakening is there and we start looking for spiritual direction We start looking for meaning and purpose in life Journey with me through the book about spirituality Book 1 to learn about the Self and find the purpose of life That will bring freedom from suffering and sorrow We will feel relieved once the confusion is removed The journey through this book can help us transform from a limited i to the infinite Self And we are already that But that is not all Knowing about Self and God is good and an evolved stage but we must realize it Book 2 will inspire us towards that goal We shall realize there that God is and can be known There is a step by step method to realize Him And for this we do not have to go anywhere but within ourselves Go within is what all Masters advocate for realizing the Truth and yet it is this message that is continuously overlooked This book will show us how through meditation we can manifest it The reading will be an aid to assist us on our spiritual journey to self realization Countless saints of all times and religions have demonstrated that And we can do it too Remember what the Bible says First seek the kingdom of God The word used is seek and not know God must be realized not just known Then it says Seek the kingdom of God It does not say to seek God directly but the kingdom Now the question is where is the kingdom of God It is everywhere and the nearest place is our own existence our body Then the question may come is there a model or path Yes Yoga Yoga means actions that bring about the union of the Soul and the Spirit from which we descend It is the yoga of the subtle body a union of mind and body control with a focus on meditation and energetics Meditation is not what we commonly assume it to be Yoga meditation helps to bring about greater peace mental control and joy leading to awakening All saints who have ever found God practiced some form of meditation to rediscover the real Self No matter our faith or belief this is the scientific highway to the infinite for anyone who practices it This spiritual guidebook will surely demand sufficient attention and stretching of the mind in certain places to understand the subtle subject Remember practice is the key Learn to know the Yog sutra Yoga philosophy and Yoga meditation science and techniques Practice it and feel the effects yourself Immediate benefits will be felt in physical mental and spiritual health Dear ones conceive of God as the highest necessity of your lives Wait no more God and immortality are not myths but something to be realized It is all science The Truth Seeker ,1928 The Monist Paul Carus,1917 Vols 2 and 5 include appendices The Expository Times ,1892 **Scripture Versus Science : Reconciling God's Ancient Wisdom with a Modern World View** Robert D. Harter, PhD,2015-07-12 With trepidation Dr Robert D Harter approached the subject of Earth origins and human development from the position of a lifelong Christian who is also a scientist He grew up in a rural Ohio Christian family and thoroughly understands the position of those who believe the Earth and everything in it was created a few thousand years ago At the same time he is a university professor who understands the basis upon which

the Earth is claimed to be millions of years old Both positions cannot be correct and it is probable that neither is completely wrong Using a scientist s analytical approach Dr Harter evaluated and compared biblical anthropological and geological records In Scripture Versus Science he proposes a resolution to the increasingly heated argument about evolution While unlikely to provide a clear and definitive answer this book begins to thin the fog that has developed around it He states There has been a lot of fog associated with whether God created the universe and everything in it or whether it just happened by chance In writing this book I attempt to show that the ideas supporting the two views are not necessarily mutually exclusive In other words I hope I have allowed a bit of sun to shine through the fog

A Search After Ultimate Truth Aaron Martin Crane,1910 Bergson for Beginners Darcy Butterworth Kitchin,1914 The Expository Times James Hastings,Ann Wilson Hastings,Edward Hastings,1892 Systematic Theology: Volume I - The Doctrine of God Augustus Hopkins Strong,2017-04-09 The opening book in this three volume set it focuses exclusively on the person of God Within the grounds of this work are the person of God the authority of scripture and the works of God in our world These topics are becoming more relevant today as people are constantly questioning the person of the Father

Truth Seeker ,1925 Anarchy and the Kingdom of God Davor Džalto,2021-06-15 Perhaps the best book on Christian anarchism since Jacques Ellul a timely and valuable addition to resurgent interest in political theology Eric Gregory Princeton University Anarchy and the Kingdom of God reclaims the concept of anarchism both as a political philosophy and a way of thinking of the sociopolitical sphere from a theological perspective Through a genuinely theological approach to the issues of power coercion and oppression Davor D alto advances human freedom one of the most prominent forces in human history as a foundational theological principle in Christianity That principle enables a fresh reexamination of the problems of democracy and justice in the age of global neoliberal capitalism

Systematic Theology Augustus Hopkins Strong,1893 The Open Court Paul Carus,1898 vols 46 47 have special title New Orient Society monograph
